Three Armed Burglars Caught On Market Roof

BURGLARY SUSPECTS CAPTURED IN MARKET —The Shoreline Market in Tamalpais Valley turned out to be a trap today for three San Franciscans. who were surrounded and arrested by sheriff's deputies after cutting a hole through the roof. Shown outside county jail cell are (from left) Deputy Sheriff Frederick Marcus; suspects Charles George Hendricks Jr., Evan Gibbs and Henry Keofil Kot; Sheriff's Inspector William Bradley and Deputy A. V. Menjou. (Independent-Journal photo)

Deputy Marcus Spots Thieves, Sets Trap

Three burglars, armed with two loaded automatics, were trapped on the rooftop of Shoreline Market in Tamalpais Valley early today by sheriff's deputies who slapped a cordon around the supermarket.

Deputy Sheriff Frederick L. Marcus, operating out of the Marin City substation, spotted lights and movement inside the market at 1 a.m. to set the stage for the capture of the armed trio.

Sheriff Louis P. Mountanos and Undersheriff Eugene Meyer commended Marcus for an alert and efficient job.

TRIO JAILED

The burglary suspects are Richard Evan Gibbs, 29; Charles George Hendricks Jr., 26, and Henry Koefil Kot, 29, all of San Francisco.

Hendricks is a mechanic and Gibbs an artist. No occupation was listed for Kot. All three have previous arrest records, including a San Quentin term for Gibbs.

Inspector William Bradley, who handled the investigation after the capture, and Deputy A. V. Menjou found two guns, a .25 automatic and a .38 pistol, stuffed into a drain pipe on the store roof. Both were loaded.

ROOF SAWED

Officers said the trio admitted sawing their way into the market through the roof. They had $140 in rolled coins all ready to go when Marcus spotted them.

The dial had been knocked off the store safe, but the door was still unopened.

Inspector Bradley said the men would be questioned for possible connection with other Bay Area burglaries.

Deputy Marcus, when he first noticed the lights inside the market, kept driving on so as not to tip off the burglars inside. After rounding a curve, he turned off his car lights, rolled up to Morningsun avenue overlooking the market, noticed movement inside, and radioed for help.

Deputy William Bradford responded that he was on the way. Marcus then went to the front door. He saw a man run toward the back door. He drew his pistol and rushed to the back door and waited.

THREATENS TO SHOOT

One man started out the back door. "Freeze or I'll shoot," Marcus ordered.

The man jumped back inside, slamming the door and locking it. Just about this time, Deputy Bradford rolled up to the front door.

Other reinforcements, including Inspector Bradley, Deputy Menjou, and Highway Patrol Officers John Halligan and Charles Woodward arrived.

Tamalpais Valley Fire Department was called to put up a ladder to climb to the roof. Meanwhile, officers took out their shotguns.

Hendricks then appeared at

Alternate Plan Said No Bar To Integration

James H. Scheuer's alternate plan for redevelopment of Marin City was approved unanimously by the Marin County Planning Commission shortly before 2 p.m. today.

A crowd that packed the room at today's hearing by the Marin County Planning Commission heard opponents and proponents of the proposed "alternate" plan for Marin City agree that racial integration cannot be guaranteed, regardless of which plan is accepted.

George C. Goheen, chairman of the county redevelopment agency, asked the commission to approve the alternate plan as it would upgrade the community and provide greater tax revenues. "It stands a very good chance of creating a racially integrated community," he contended.

STORY PROTESTED

Oakley Hunter, attorney for James H. Scheuer, selected to develop Marin City, complained, "I am distressed by Saturday's press reports that our plan would create segregation, . . . I am keenly aware of the possibilities of trying a case in the press prior to a hearing."

Saturday's Independent-Journal carried a resume of the staff report on the Marin City proposal prepared by planning director Mary Summers and her staff. Mrs. Summers said it was in keeping with established policy to release to the press such material at the time of its preparation.

APPROVAL GIVEN

E. Morton Schaffran, deputy executive director of the redevelopment agency, emphasized that since the plans for Marin City development were presented last October, the alternate plan has run the gauntlet of many organizations "and has received resounding approval." He named many of the groups which have approved the plan.

Conceding that the Sausalito Citizens Council and Tiburon Peninsula Coordinating Council have favored the original master plan, Schaffran asked for a decision at the hearing.

Russ Agree To Negotiate On Germany

MOSCOW (UPI) — The Soviet Union agreed conditionally today to negotiate with the West before handing over Berlin's lifelines to East German control on May 27.

New Soviet notes to the West urged an April summit conference but accepted proposals for foreign ministers' talks if the West "is not ready yet" for the summit.

Soviet Premier Nikita Khrushchev withdrew his rejection of foreign ministers' talks on the Berlin crisis after insistent pleas from British Prime Minister Harold Macmillan.

Russia offered the compromise in new notes handed to the American, British, French and German ambassadors by Soviet Foreign Minister Andrei Gromyko today.

The only condition imposed by the Russians in the notes was that Czechoslovakia and Poland must be invited to give the east numerical equality with the West at the conference table.

The notes stipulated that the conferences must be limited to "a term of not more than two or three months."

Geneva or Vienna would be the best sites for the conferences, the Russian notes said, and April would be the best time to start.

The suggestion that talks begin in April was crucial. This meant agreement in principle, at least, to negotiate before the scheduled handover of sovereign rights in Berlin to East Germany, now due May 27.

The notes were published by Russia shortly after Macmillan emerged from his final negotiating session with Khrushchev in the Kremlin.

Youth Jailed For Assault At Drive-In

A 17-year-old California Youth Authority parolee from Corte Madera was jailed last night for allegedly beating another juvenile at Zip's Drive-In San Rafael Saturday night.

Pete Valtonesi, 17, of Pt. Reyes suffered bruises about the head and face. He told San Rafael Juvenile Officer Joseph J. Brusatori the other youth hit him for no reason at all about 10 p.m. Saturday at the drive-in.

REPORT BEATING

Valtonesi and his friends drove to San Anselmo and reported the beating to Police Officer John Orr. They told Orr the attacker had knocked Valtonesi down and kicked him in the head.

Sgt. Lincoln Borba of San Rafael police went to Zip's and noticed a car answering the description of that used by the attacker.

Borba talked to the driver, William Richard Mauer, 19, of Hamilton Air Force Base, who said he had seen no disturbance. Three passengers in the car could give no information about the fight.

ALL-DAY PROBE

A youths later identified as the attacker was in the car, but gave a false name. He was picked up last night, after an all-day investigation by police.

Youths drove a bulldozer over the newly filled parking area at Stinson Beach Park yesterday afternoon, then fled before sheriff's deputies arrived. No damage was reported.

Ranger Eric Leffingwell at the state park called the sheriff at 2:45 p.m.

ASSEMBLY VOTE GIVES TIDELAND TO MILL VALLEY

SACRAMENTO (UPI)—The state Assembly voted today to give portions of state-owned tidelands to the cities of Mill Valley and San Leandro and to Sonoma County.

The measures were sent to the Senate for final action.

Assemblyman Richard McCollister (R-San Rafael) authored the measures conveying land in Richardson Bay to Mill Valley and giving Bodega Bay land to Sonoma County.

2 Candidates Seek School Board Posts

Two more candidates filed today for school board positions which will be filled in the May 19 trustees election, County Supt. Virgil S. Hollis announced. Both are incumbents.

Walter J. Doll of 279 Cobblestone drive, Marinwood, is an aspirant for re-election in the Dixie School District. Elected when the board was increased from three to five members in May 1957, Doll serves as clerk.

Dan H. Barber of 1294 Parkwood drive, Novato, seeks re-election in San Jose School District. Chief safety engineer at the Standard Oil Co. refinery in Richmond, Barber was appointed to fill a board vacancy just over a year ago.

Fire Levels Home On Fairfax Hillside

A fire of undetermined origin completely destroyed the Fairfax home of E. H. Rushton at 381 Tamalpais road on Saturday night.

The blaze was discovered by a next-door neighbor, Miss Florence Atkinson of 373 Tamalpais road. She telephoned the alarm at 9 p.m. "The fire department arrived about 25 minutes later," said Miss Atkinson.

Rushton returned home about 10:30 p.m. to find his house was leveled. Damage was estimated at $17,500 by Fire Chief Charles Thornton.

SKY AGLOW

The flames lit the densely wooded hillside and were visible in most of Fairfax and part of San Anselmo. Rushton's house was at the end of Tamalpais road.

Miss Atkinson said as late as 8:40 p.m. she had been outside her house and there had been no sign of smoke or flames.

Rushton's little Boston Bull, Judy, began barking frantically shortly before the Atkinsons' lights blinked and the fire was discovered.

CATS PERISH

The dog had been tied up outside because one of Rushton's two cats was expecting kittens. The cats perished in the fire.

The wood-frame house was engulfed in flames when two fire trucks under Capt. Frank Harrison arrived, closely followed by Chief Thornton.

"It wasn't 25 minutes before we arrived," Chief Thornton said today. "It takes about eight minutes to get over the winding road to that location, besides laying 1,200 feet of hose. We left the firehouse immediately and went directly to the fire."

The 18 firemen battled the blaze for an hour and one-half

Car Spins 110 Feet Off Tam Highway

A 29-year-old Marine master sergeant, Harold W. Shelly of San Francisco, escaped with minor injuries when his station wagon rolled 110 feet down a brush-covered embankment off Panoramic Highway at 2:55 p.m. yesterday, according to the California Highway Patrol.

The accident occurred on a tortuous portion of the road about three miles west of Mill Valley. The car left 111 feet of skid marks before leaving the roadway and rolling down the embankment, reported CHP Officer Sam Thomas.

4 More File For Election In San Rafael

Four more candidates have officially tossed in their hats for the April 13 San Rafael election by filing their petitions for nomination to City Clerk W. L. Morgan.

Police Chief Frank Kelly is running for his fifth term. Lt. Charles Chiesa, his announced opponent, is circulating his petitions.

For school board, incumbents Rex Silvernale and C. Paul Bettini have filed their petitions for nomination. Roderick P. Martinelli, the third incumbent is circulating his petitions. C. Roy Calder, newcomer, has filed to run for one of the school board posts.

Filing deadline is March 13.

Palefaces Bask In Sunshine As March Comes In Like Lamb

The warmest weather of 1959 accompanied the advent of March in Marin County yesterday, bringing thousands of pale hibernators out into the sunshine for a day of picnicking, hiking, wading and just plain loafing at Marin's many parks and playgrounds.

Temperatures soared to 84 degrees in Tiburon, 80 in Mill Valley and San Anselmo, 78 in Woodacre, 76 in San Rafael and Terra Linda and 72 in Novato.

Skies were fair Saturday and yesterday, but today a smoggy haze settled over a large portion of the county to mar an otherwise springlike day.

Muir Woods National Monument had "about as many visitors as we could handle" over the warm weekend, Supt. Frederick Martinschang reported. The two-day total was 5,703, with 1,874 visitors Saturday and 3,829 yesterday.

Stinson Beach State Park lured some 7,000 lovers of sea and sand yesterday about twice the crowd that turned out Saturday. Only limited parking facilities are available at the park because of a redevelopment project now in progress. The situation will continue for another six weeks or so, with public parking limited to one lot in the Seadowns area and a small lot in front of park headquarters.

Jack Schlotter, ranger at Samuel P. Taylor State Park, reported about 1,500 visitors there during the two days, 1,000 of them yesterday.

"If that's any indication of what's ahead, we're going to have a big season this year," Schlotter said.

More sunny skies and balmy temperatures were forecast by the weather man for today and tomorrow.

TORCH IN THE NIGHT — Like a giant torch, burning home of E. H. Rushton at 381 Tamalpais road, Fairfax, lights up the night sky. Rushton was away from home when the fire, of unlearned origin, broke out. His cats perished in the blaze. (Independent-Journal photo by Bob Hax

1-Way Route Makes Debut In San Rafael

One-way traffic came to San Rafael today.

For the first time, traffic was routed one-way over the "Big Circle" approach to Highway 101, through and around the Irwin street underpass.

Cars were closed to a crawl at the underpass, despite the one-way movement, and there were some complaints that "it's worse than it was before." But the complaints were few, and the first morning's one-way operation passed without a traffic accident, police reported.

Uncle Sam's Having Trouble Borrowing Billions He Needs

WASHINGTON (AP) — Uncle Sam is having trouble borrowing the billions he needs to stay in business.

No one doubts he'll get the money he requires, one way or another. The question is: what price will he have to pay — in terms of dollars, economic difficulty and possible inflation?

If the price gets high enough, a financial crisis could develop. Treasury officials say they are optimistic but their concern is apparent.

TACTICS FAIL

The government's plight was dramatized last month when nine billion dollars of loans supplied by private lenders came due. Like any harried debtor, Uncle Sam asked his creditors to renew the loans. As encouragement, he offered them new and more generous terms.

The lenders — banks, corporations and individuals — had a choice. They could renew their loans for one year and collect 3¾ per cent interest or renew for three years and get 4 per cent.

Historically, these interest rates are very high. In some cases, they were more than double the rate paid on the original loans.

Nevertheless, two billion dollars of loans were not renewed. The lenders wanted their money back.

NEW BORROWING

Uncle Sam had expected a sizable demand for cash — but not this much. He didn't have the funds to pay off the maturing loans and was forced to make an emergency borrowing.

This meant he was able to get all the credit he needed only on the second attempt. He had expected to get enough the first time. It was a sobering experience for the world's best credit risk.

What went wrong?

There can be no precise answer since the result represented decisions by scores of lenders who didn't put their reasons in writing.

TWO FACTORS

Treasury officials are inclined to blame "technical factors." However, they concede some of the responsibility belongs to these other — more ominous — factors:

1. Fear of rising interest rates in a period of economic recovery.

2. Fear of inflation.

If an investor believes inflation is the "wave of the future,' he doesn't want to tie up his money in a government I.O.U. — a Treasury security — that would depreciate in value. He's more apt to invest in common stocks or real estate, hoping their value will keep pace with inflation.

Bonds and similar debt securities are vulnerable to inflation. As living costs rise, the market price of a bond drops because the dollars it represents are losing value.

All interest rates tend to rise in periods of inflation. Lenders need more incentive to make a loan since they'll be paid back in dollars of diminishing value.

DEMAND FOR LOANS

You don't have to have rising prices, however, to get rising interest rates. Prices have held virtually steady since last June. Still, in that time, the interest demanded on three - month loans to the government has virtually tripled.

Such a rise in rates is due to market factors. If the supply of money available for lending decreases, or the demand for loans increases, interest rates rise.

Since last summer, the demand for loans by the Treasury — the world's biggest borrower — has mounted because of a 13-billion-dollar budget deficit.

CREDIT RESTRICTIONS

Meanwhile, the Federal Reserve Board has been restricting credit in effect, holding down the supply of money available for lending. The board has done this in hopes of preventing an inflation of credit which could inflate the whole economy.

Both these developments have put upward pressure on interest rates.

Adding to that pressure, many investors have decided inflation is coming and so have declined to lend.

It is in this environment that the Treasury is financing a record national debt of 286 billion dollars. That it is having problems is not surprising.

Serio Backers Expect To Pack Council Meet

Partisans of Sam N. Serio, assistant police chief of San Anselmo, today promised to "pack the council chamber" for a special meeting of the San Anselmo Council tomorrow at 8 p.m.

Serio's name appears no place on the agenda for the special meeting. But the second item of the agenda calls for council action to override a "gag" rule imposed by Police Chief Donald T. Wood on members of his department. The council will consider an order that the policemen answer questions by members of a three-man council committee investigating city departments. Wood has a standing order that the officers are not to discuss affairs within the department with persons outside of it.

ALLEGATIONS HEARD

The investigating committee reportedly has heard allegations concerning Serio which it wishes further to probe. They involve allegedly driving a school bus and directing traffic for a private company while on duty or on call.

Another item which had been placed on the agenda for tomorrow night's meeting was stricken today, reported City Clerk Anita M. Gannon. It was for setting a date for a special closed-door meeting of the council to which witnesses could be subpenaed to testify on "administration, practices and efficiency of the particular department to which the inquiry is directed" (i.e., the police department). It was understood the item was removed from the agenda on advice of City Atty. John G. Buresh.

BUILDING PLANS

First item for the meeting is a non-controversial one: display of preliminary plans for San Anselmo's No. 2 firehouse and library addition by Malone and Hooper, architects.

John P. O'Connell, attorney for Serio, said today he expects the council chamber to be filled to capacity for the 8 o'clock meeting.

"Ninety per cent of the people in San Anselmo believe in Sam Serio and know him to be a fine officer and a man of high integrity." declared O'Connell. We expect they'll be there to see he gets a square deal."

O'Connell said he plans to demand that the investigating committee "put its cards on the table, and bring right out into the open any allegations against Sam Serio."

Members of the committee are Councilman Jordan L. Martinelli Jr., chairman, William Franchini and Carleton G. E. Little.

Fire Meet Canceled

Tiburon Fire Protection District Commission will not hold its regular meeting tomorrow night because all business was transacted at Friday's meeting, according to Fire Chief Jack Ishmael.

The meeting will be open to the public, the P-TA announced.

Vandals Nearly Blow Up School

SAN FRANCISCO (AP)—Vandals almost blew up the Marina Junior High School before dawn today.

A motorists saw flames in a second floor window. He turned in a fire alarm. At about the same time Patrolman Gus Stremme happened by and saw the blaze.

Stremme ran inside. He smelled escaping gas and discovered that all the gas burners of 16 stoves in a downstairs home economics classroom were turned on.

He turned the gas off as firemen extinguished a fire which had been set in a second floor general science laboratory.

Marin Citian Fined For Drunken Driving

Marin City truck driver Raymond Taylor, 49, must pay a $250 fine and remain on probation for six months for his first drunken driving offense.

He was convicted by jury in Marin Municipal Court. Judge Richard M. Sims ordered Taylor to pay the fine and not drive except in connection with his work for the next six months.

Taylor, who gave his address as Post Office Box 763, was arrested on Drake avenue at Atherton Center last Dec. 28.

Stauffer System Salon Gets New Ownership

Peter and Jacqueline Gendron of Mill Valley today became the owners of the Stauffer System slenderizing salon in San Rafael.

The salon, located in Suite 103 of the Pierce Building at 1601 Second street, was purchased by Mr. and Mrs. Gendron from Mrs. Ray McHenry of San Rafael.

Mrs. Gendron, who will manage the business, has worked at the salon for more than a year as assistant manager, technician and receptionist. The new assistant manager is Mrs. Jacqueline Carew of Sausalito, who held the same position several years ago.

"What we offer women is complete posture," Mrs. Gendron said. "Age makes no difference. Length of treatment courses depends upon the individual figure problem."

The Stauffer mechanical tables, on which the salon's clients relax and listen to soft music, are the key to the Stauffer System. They provide what Mrs. Gendron termed "passive exercise, as opposed to voluntary exercise. They're for reducing, slenderizing or just plain relaxing. There is no effort. The tables do the work."

A free introductory treatment and complete figure analysis are offered at the Stauffer salon at no obligation to women interested in learning about the system, Mrs. Gendron said.

Advice to clients on dietary matters also is given by the salon's day and night technicians.

Hours are 8:30 a.m. to 9 p.m. on weekdays and 9 a.m. to noon on Saturdays.

Mr. and Mrs. Gendron came to Marin County six years ago. They live at 29 Plaza drive, Mill Valley.

Lt. Governor To Address Labor Council

Lt. Gov. Glenn M. Anderson will be principal speaker at the Marin County Labor Council's installation dinner Wednesday at 7 p. m. at Rickey's Rancho Rafael in Ignacio, president Leonard H. Wessell announced today.

Anderson will discuss Gov. Edmund G. Brown's legislative program and the progress made on it to date. His discussion is also expected to include various bills in Senate and Assembly which affect labor, said Wessell. These include AB419, covering jurisdictional matters, and SB209, the governor's bill to increase the security of union members.

Albert DeMello of Corte Madera heads the list of new officers to be installed. He will succeed Wessell, a resident of neighboring Larkspur, in the presidency.

Ex-S.F. Mayor Joins Boosters Of Bay Authority

Elmer E. Robinson, former mayor of San Francisco, has been named to the Citizens for the Golden Gate Authority, a group seeking establishment of an over-all authority to manage and coordinate the operations of Bay Area bridges, major airports and seaports.

Legislation for such an authority has been introduced by Sen. John F. McCarthy (R-San Rafael) and four other state senators from the Bay Area.

In accepting membership on the citizens' committee, Robinson said an authority "offers us the opportunity to combine our efforts, eliminate waste and duplication and meet the needs of our expanding population."

The Golden Gate Authority proposal also has received the unanimous endorsement of the directors of the Richmond Chamber of Commerce.

Doll City To Open Doors In New Store On Fire Site

Doll City, a San Rafael store which boasts "everything for a little girl's play needs," will reopen tomorrow at 1414 Fourth street in a new building erected on the site of the disastrous downtown fire of 1957.

For its grand opening at the new location, the store will offer Vogue dolls and doll clothes at one-third off regular prices.

Formerly located at 2066 Fourth street, Doll City closed temporarily Jan. 17 when the owner, Mrs. Hubert F. Cooper, went to the hospital to give birth to her third child.

"We combined a move and a new baby all in one," she said with a laugh.

In its larger quarters, Doll City will continue to feature dolls of every description, from antique to modern, plus a complete line of doll furnishings and accessories.

The store also will maintain its well-known museum, doll hospital and library of books about dolls. Antique and foreign dolls, all collectors' items, are exhibited in the museum. The hospital accepts dolls of all types for repair.

Store hours at the new Fourth street location will be 10 a.m. to 5:30 p.m. except Fridays, when the doors will remain open until 9 p.m. for the convenience of late shoppers.

San Rafael Man Coaxed From Bridge Parapet

A 29-year-old San Rafael man, out of work and unable to purchase insulin for treatment of his diabetes, was stopped from leaping off the Golden Gate Bridge late Saturday by a passing motorist.

Cecil Weldon Matthews of 79 Woodland avenue was being held for observation today in San Francisco Hospital, where he was taken after being pulled back from a bridge parapet.

He told a California Highway Patrolman who arrested him that he had tried to take his life by slashing his wrists with a razor Friday night, but only bled. There were razor blades—but no money—in his wallet, the Highway Patrol reported.

Matthews said he suffered from diabetes and been able to get no insulin for more than a month.

He was coaxed back from the bridge railing at midspan by Harrol Baechler, 48-year-old San Francisco tree surgeon.

Baechler, returning home from Marin County, braked to a stop when he saw Matthews vault the railing to a parapet just below.

He grabbed the sleeve of Matthews' coat and coaxed him back, then drove him to the Highway Patrol office at the toll plaza.

In Heart Conference

Three Marin County men are serving this year in the American Heart Assn. staff conference. They are J. Keith Thwaites of Mill Valley, executive director of the California Heart Assn.; Lawrence I. Kramer Jr. of San Rafael, member of the San Francisco Heart Assn., and Frederic S. Weisenheimer of Mill Valley, member of the California Heart Assn.

Novato Girl, 16, Champion Dog Win In Oakland

A 16-year-old Novato girl won top honors in junior showmanship competition last weekend at the Oakland Kennel Club's all-breed dog show and obedience trials.

The winner, Jenny Lee Wedel, competed against nearly 100 other youngsters in putting her dog through the paces of handling, obedience and other events comprising the junior showmanship division.

The dog, a champion Shorthair Pointer named Erdenreich's Beau V Gardsburg, also was judged best of opposite sex at the Oakland show.

Jenny, a junior at Novato High School, is a daughter of Mr. and Mrs. Richard Strassner of 201 Channel drive, Novato.

A number of other dogs entered by Marin County residents also were awarded blue ribbons, including the following.

Irish Water Spaniels: Seventh Heaven Sobersides, best of breed, and Seventh Heaven Shalalah Tam, best of opposite sex, both owned by Mr. and Mrs. Robert Murgatroyd of San Anselmo.

Welsh Corgi Pembrokes: Rover Run Red Rufus, best of breed, and Rover Run Red Rose, best of opposite sex, both owned by Walter L. Simonds of San Rafael.

Basset Hounds: Newton's Calypso, best of breed, owned by Mr. and Mrs. Donald W. McLeod of Mill Valley.

Chihuahuas: Tejano Queen Jezebel, best of smooth coat variety, owned by Col. L. F. Zimmerman of Hamilton Air Force Base; Romeo and Juliet, best smooth coat brace, owned by Mrs. Israel Whitaker of San Geronimo.

Dobermans: Teeny Weeny Stardust, best of breed and best working dog, owned by Mrs. Israel Whitaker of San Geronimo.

Light Bull Terriers: Woody's Tar Baby, best of opposite sex, owned by Alfred James Smith of San Rafael.

Longhaired Dachshunds: Naughty Marietta of Marin, best of opposite sex, owned Mr. and Mrs. Virgilio Cheda of San Rafael.

Pugs: Ch. Picnic Toi's Laeng Fah, best of opposite sex, owned by Picnic Valley Kennels, Novato.

200 Join 4-H Club Parade Down Novato Thoroughfare

More than 200 paraders marched and rolled down Novato's Grant avenue under balmy skies Saturday to mark the beginning of national 4-H Club Week in Marin County.

The Novato Aggie Club walked off with two of the five awards sought by the participants. The group received awards for the best club float and best livestock unit.

The Miwok Club was judged best marching unit. Valley Riders were named best mounted group, and Novato Valley took first place for its novelty entry.

The parade, starting at Marion School and ending at the foot of Grant avenue, included farm animals on foot and in cages, colorful floats depicting 4-H Club projects, and three high school marchings bands—those of Novato, Tomales and Marin Catholic.

The Nicasio and San Rafael Community 4-H Clubs also marched.

Judges, who reviewed the parade from in front of the First National Bank, were county supervisor William Gnoss; Peter J. Ferrarese, manager of the First National Bank of San Rafael's Novato Branch, and Hugh Turner, manager of radio station KTIM.

Certificates of merit will be presented to the winners, according to Mrs. Frederick Lear, one of the parade's organizers.

Woman Charges Attempted Rape

A 22-year-old hospital worker from El Verano, Sonoma County, told sheriff's deputies today that a stranger forced her into his car around 3 a.m. today and attempted to rape her in the construction area of Marin City.

Edna C. Schumann, 22, said she had been riding with her boyfriend and that she left after an argument. As she was making her way along the highway, she said, the stranger arrived to force her into his car and struck her as he attempted to rape her.

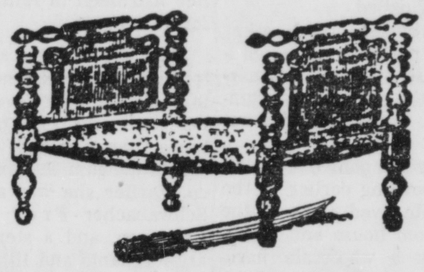

She made her way to the Fireside Motel where Deputy Fred Marcus from the Marin City sheriff's substation found her.

Tam Valley Girl's Bike Collides With Auto

A 10-year-old Tamalpais Valley girl, Pamela Kay Henrich of 307 Robin road, escaped with only a bump on her head late Saturday when her bicycle collided with a car at Northern avenue and Browning street, reported California Highway Patrol Officer V. C. Weimer.

Driver of the car, Peter Dolan, 31, of 606 Eastwood way, Tam Valley, was not cited.

"Uncertainty is unhealthy," he asserted.

NAACP APPROVAL

Nathaniel Coley, attorney on Scheuer's staff and chairman of the West Coast legal section of the National Assn. for the Advancement of Colored People, declared: "National NAACP heads have approved the alternate plan as being most likely to achieve racial and cultural integration." He said that had the master plan been approved, it would have been satisfactory, but "the major increase in the number of Negroes in recent months has changed the picture."

Coley, who owns a better class home in a predominantly white neighborhood in Sacramento, declared: "Negroes who would buy these homes do not believe in segregation and would see to it that new families moving in would not all be Negroes. They would practice self-discipline."

Also speaking in favor of the plan were architect Vernon De Mars and landscape architect Lawrence C. Halperin.

GIVES REBUTTAL

In rebuttal, planning director Summers argued that the purchase-rental ratio of 50-50 had been changed to about 30-70 under the Scheuer alternate plan.

"If the residents of Marin City want to run their community, then home-owners must predominate," she declared. She cited statistics from the two plans as to probable population, school children expected and land use.

She differed sharply with Scheuer's estimate of the number of school children which might be expected, as well as tax return.

Rev. Howard Swartz of Novato, a member of the redevelopment agency, differed. "We are not necessarily second class citizens because we don't own our own property," he declared. "It is pure fantasy that we are going to attract white families because we have left pockets for them. This is not integration."

He declared that "integration assumes a permissive atmosphere to race, color, creed or economic level. If this permissive attitude prevails in Marin City, it is integrated."

Others who spoke included Scheuer, Max Beagarie and Mrs. Margaret Stone of Marin City, Arthur K. Smart, Sausalito City Manager Donald A. Duerr and Carl Spring of Sausalito.

Bay Authority Would Build S.F. Bay Tube

SACRAMENTO (UPI) — State Sen. John F. McCarthy (R-San Rafael) feels that the proposed Golden Gate Authority, if approved by the Legislature, would be "legally obligated" to build a trans-bay rapid transit tube.

McCarthy said yesterday he could see no conflict between the authority, designed to bring Bay Area bridges, airports and seaports under single management, and the rapid transit proposal.

He said the tube "presumably would be financed through surplus bay bridge revenues" and tube passenger fares.

"The authority merely proposes to do for Bay Area bridges what the rapid transit district is doing for the movement of people—meet regional problems on a regional basis," McCarthy said.

The Senator's Interim Committee on Bay Area Problems will hold a hearing here March 24 on the proposed Golden Gate Authority legislation.

Dr. Willis, Wife Win Continuance On Pleas

Dr. Jack E. Willis, 41-year-old Mill Valley physician, and his wife Josephine, won another week's continuance today before they enter their pleas to charges they performed an illegal operation last October.

The obstetrician and his wife did not appear, but attorney Berwyn Rice asked Judge Thomas F. Keating for some time. The judge set the case over to 10 a.m. next Monday.

Mundo Says He's Eligible For Judgeship

John H. Mundo, 59, Inverness, who failed in his bid for the post of judge of the Northwest Judicial District, has passed an examination that qualifies him for judgeship, he disclosed today.

David Baty, young San Rafael attorney, was appointed by the county board of supervisors in January to serve as judge for the next six years.

William I. Sullivan, secretary of the state Judicial Council, confirmed that Mundo took the examination at Redding on Feb. 12 and passed the examination. "His name should be added to the list of eligible candidates for office of judge of the justice court," says Sullivan's letter to County Clerk George S. Jones. The examination is necessary to qualify for judgeships persons who are not attorneys.

Mundo, who has been with Radio Corp. of America for 36 years, is senior receiving technician at Inverness. He is scheduled to retire next January.

"I'm not trying to push Baty out of the judgeship," explained Mundo today. However, he said, he intends to ask the county supervisors for an opinion on whether they can legally appoint an individual for a full six-year term, or whether the appointment should be until the next general election, which would be 1960.

Mundo said he went to the state Judicial Council last December to be given the chance to take the examination for justice court judge. He said the examination could have been held in Marin if the Marin supervisors had asked for it. But since they did not, Mundo said, he traveled 600 miles round trip to Redding to take and pass the examination.

3 San Quentin Inmates Hurt In 3 Attacks

Three San Quentin inmates were wounded by unidentified fellow prisoners in three separate incidents over the weekend.

Joseph R. O'Brien, prison official in charge over the weekend, insisted there was no connection between the three attacks.

Most seriously injured was Will Q. Nuzum, 29-year-old convict from Los Angeles County. A sharpened knife with taped handle was plunged into Nazum's back in two places, in one penetrating two and a half inches.

SURGERY PERFORMED

Nazum underwent immediate surgery at the prison hospital. He is expected to recover.

He was stabbed, apparently while running from his assailant, between the main prison yard and the guards' office. He managed to make it to the guards' office.

Nazum told prison officials he had no idea who stabbed him. The incident occurred at 9:45 a.m. yesterday. The knife was found lying where the stabbing took place.

A broken double-edged razor blade ripped across the back of David W. Fowler, 26, Solano County burglar and bad check artist, as he left the north dining hall at 8:30 p.m Saturday after seeing the movie, "Farewell to Arms."

13 STITCHES

Thirteen stitches were required to close the wound, just above the belt line. The blade was found near the spot where the attack took place but Fowler's assailant could not be identified by prison officials.

The third unexplained attack involved George R. McCullough, 35, from Los Angeles County, serving a one year to life sentence for a 1956 escape from Chino State Prison.

McCullough reported to the prison hospital about 11:30 a.m. yesterday with a black eye and a lump on his head. He said he had fallen down. On further questioning, he admitted that someone had hit him with an 18-inch piece of pipe and that he had been threatened with a knife by two inmates. He gave no reason for the attack nor would be name his assailants.

the edge of the roof with his hands up and said, "We give up."

Inspector Bradley yelled "Anyone with you?"

"No just us," came the reply. "Us" turned out to be Hendricks and Gibbs, who came down the hole which they had sawed in the roof.

Deputy Marcus and Highway Patrolman Woodward then climbed through the hole onto the roof and found Kot lying on his back in the roof gutter.

The car used by the trio, a 1949 four-door sedan, was parked about a block away.

This was the third time that Alfred Santos' Shoreline Market at Highway 1 and Flamingo drive had been hit by thieves. The previous time, a few weeks ago, the burglars got away with more than $400 in coins.

Cars Parade In Protest To Cemetery

A group of Loma Verde Residents, with automobiles, bicycles and trailer-drawn outboard motor boats bearing signs protesting a proposed cemetery planned for location in the hills south of their subdivision, paraded throughout the residential area yesterday.

William Vandergriff, vice chairman of the Loma Verde Homeowners Assn., said today the caravan was not organized by the association, "but it is evidence of the opposition to the cemetery felt by residents here."

The procession moved through Loma Verde with the apparent purpose of warning newcomers that the cemetery is being considered, Vandergriff said.

The cemetery will be discussed further tonight during a meeting of the association, in Loma Verde School at 8 o'clock, he added.

before it was brought under control. The gutted walls of the house collapsed before the fire was extinguished.

The Atkinsons and other neighbors played water from a garden hose on Rushton's garage, directly above the Atkinson house. The garage did not burn.

Rushton had gone out to dinner and bowling earlier in the evening. He lived alone in the two-bedroom house and is employed by a wholesale hardware firm in San Francisco. He was taken in Saturday night by a San Francisco friend.

Funeral Rites Held For Elizabeth Rose

Funeral services for Mrs. Elizabeth Mary Rose, 79-year-old widow of a San Francisco attorney, were to be held at 2:30 p.m. today at Keaton's Mortuary in San Rafael.

Mrs. Rose was found dead Friday at her home at 280 Corte Madera avenue, Corte Madera. She apparently suffered a heart attack.

Her late husband was William S. Rose, specialist in mining law. She is survived by a nephew and two cousins.

Frank Henry, Engineer, Dies In Hub City

Funeral services for Frank Bartlett Henry of San Anselmo will be held at 10 a.m. tomorrow at Chapel of the Hills in San Anselmo.

Henry, 56, died Saturday noon after suffering an unexpected heart attack in the garden of his home at 29 Grove lane.

He was assistant chief of the state Division of Industrial Safety in San Francisco and a veteran of 21 years with the division.

Henry served as Marin County's engineer on the Golden Gate Bridge from its start in 1932 to its completion in 1937.

He was a booster of the San Anselmo master plan now being prepared, and had drawn up some preliminary plans before the study began.

Henry was a native of Amesville, Ohio. He was a graduate of Whitworth College in Spokane, Wash., and did graduate work at Carnegie Institute of Technology in Pittsburgh, Pa., and at the University of California. He had been a Marin resident for 27 years.

He was a member of the National Society of Professional Engineers and a charter member of its newly formed Marin branch. He also belonged to the National Society of Safety Engineers.

Henry is survived by his wife, Eleanor; two sons, Frank B. Henry Jr. of Novato and Howard N. Henry of Santa Rosa; a sister and two brothers, Mrs. Eleanor Van Leeuwen and Harold Henry of San Francisco, and Donald Henry of Hayward; and four granddaughters.

Eulalia M. Jacobs Of San Rafael Dies

Eulalia M. Jacobs, 65, who lived with her sister, Madeline Jacobs, at 918 Mission avenue, San Rafael, died yesterday after two months' hospitalization. She had been in failing health for 18 months.

Miss Jacobs was a milliner for Albert's Department Store in San Rafael for several years before it was sold to Macy's. Since then, she had worked at the Emporium in San Francisco. Earlier she was a clerk at Schwabacher-Frey Co. San Francisco, and a stenographer at Merchants and Illinois Bank in her native Peoria, Ill.

She had been a Bay Area resident 13 years. She resided in Marin while working at Albert's, and since her retirement from the Emporium two years ago.

She is survived by two sisters and a brother, Miss Jacobs, Mrs. Walter Peplow of Peoria, Ill., and D. F. Jacobs of Riverside.

A Requiem High Mass will be offered at St. Raphael's Church, San Rafael on Wednesday at 9:30 a.m., with the funeral procession leaving Keaton's Mortuary at 9:15 a.m. Burial will be in Mt. Olivet Cemetery. The Rosary will be recited at Keaton's tomorrow at 8 p.m.

Harold T. Tracey, Novato Rancher, Dies At Age 63

Harold T. Tracey, Novato rancher and a Marin County sheriff's special deputy for eight years, died Saturday in a local hospital after an illness. He was 63.

Tracey had lived alone at his ranch at 350 Olive avenue since the death of his wife, Josephine, in 1952. He is survived by a son, Donald J. Tracey, and three grandchildren of San Francisco.

Tracey moved to Novato upon his retirement as part owner of the Edy Machinery Co. of San Francisco, where he had been employed for 30 years. During the past eight years as a special deputy sheriff, he had escorted prisoners to and from the county.

He was a member of the Novato Lions Club.

A Requiem High Mass will be offered at 9:45 a.m. Wednesday at St. Gabriel's Catholic Church in San Francisco, with the funeral cortege forming at 9 a.m. at Carew and English Mortuary, 350 Masonic avenue, San Francisco. The Rosary will be recited at 8 p.m. tomorrow at the mortuary. Interment will be in Holy Cross Cemetery, Colma.

Behrens Twin Dies In Hospital

Private funeral services will be held Wednesday for Daniel Dee Behrens, twin son of Mr. and Mrs. Jerry Behrens of Kentfield. The infant died in a local hospital yesterday, three days after birth.

Behrens, who works in the display advertising department of the Independent-Journal, and his wife reside at 145 Kent avenue in Kentfield. Their other twin son, James Edward, survives.

The Chapel of the Hills, San Anselmo, is handling funeral arrangements.

Final Rites Held For Martin Schmidt

Funeral services for Martin Schmidt, 78, resident of the Aldersly Danish Home in San Rafael, were held today in Modesto.

Schmidt died Saturday after suffering a heart attack on Friday. He had been a victim of cardiac trouble for several years.

He was a retired tool and die maker, having last worked for Hall-Scott Inc. of Berkeley. He came to California 45 years ago, but spent only three months in Marin County.

A widower, he leaves five daughters and two sons, Mrs. Mary Gregoritch of Ignacio; Mrs. Grace Cox, Mrs. Matilda Rolls, Mrs. Christian Sorensen, Dr. Ruth Schmidt, Martin C. Schmidt Jr. and Paul H. Schmidt, and a brother, Harold Schmidt of Menlo Park.

Spinal Defects Noted in Many Ulcer Patients

by Dr. Robert W. Pearce

You can't enjoy life when you are suffering from stomach ulcers. Some of the first signs of ulcers are gas pains, indigestion and a swelling or bloated feeling.

Operations or diets sometimes bring temporary relief. But after a while that old ulcer acts up again unless you correct the real cause of the trouble.

German medical doctors have reported that they noticed spinal defects in 86 of 100 ulcer patients. Using Chiropractic methods, these German medical men restored their patients to health by eliminating the cause of the ulcers.

Research has disclosed that pinched nerves of the spine often interfere with the nerves controlling the digestive juices and cause a body imbalance. Ulcers then result when foods are unable to get their normal supply of these digestive juices.

Chiropractors use X-ray and other scientific methods to check for spinal defects. They are spine specialists and are able to correct such defects without hospitalization. Ulcer trouble generally goes away once the spine is corrected and the body is able to function normally.

For additional information on Chiropractic care (Palmer Method) write Dr. Robert W. Pearce at 1628 Fifth avenue in San Rafael, or address a card or letter to Dr. R. W. Pearce in care of Independent-Journal Box 725, or call GL 3-6201. Advertisement

AF Satellite Believed To Be In Polar Orbit

INGLEWOOD (UPI)—The Air Force in a cautiously worded statement has announced that the "lost" 1,300-pound satellite Discoverer I is apparently circling the earth today every 96 minutes in a polar orbit.

Preliminary studies indicated the 19-foot-long satellite's life would be in excess of one month, the Air Force said.

The satellite was blasted into the heavens Saturday afternoon at Vandenberg Air Force Base to become the first satellite launched on the West Coast.

FATE IN DOUBT

Its fate remained in doubt for nearly 32 hours because of an apparent radio failure before the Air Force's Ballistic Missile Division here broke the suspense by releasing a guarded statement last night reporting the reception of "random" radio signals.

A spokesman explained the difficulty the Air Force was having in determining whether the Discoverer I actually achieved orbit.

"We are not saying that it definitely is in orbit, neither can we say that it is not, at this point," the spokesman said. "We don't feel that we will definitely know an orbit has been achieved until we have tracked it by radar, obtained a visual sighting or received more definite radio signals."

INITIAL SHOT

The Discoverer shot was the initial launching in "Project Discoverer," a program designed to lead eventually the way into space for man. Another shot in the project already was being readied for 30 days hence.

The Air Force announcement said preliminary plotting of Discoverer I indicated it came within 146 miles at its closest to the earth and looped out as far as 558 miles into the sky.

No other satellite has ever been fired so that it would achieve an orbit across the poles. All other satellites circle roughly around the Equator.

State Leaders Study Compromise On Water

SACRAMENTO (UPI)—A four-point compromise plan to settle North-South water differences was under study today by Senate and Assembly leaders and Gov. Edmund G. Brown.

Brown, after a conference with a southern delegation last weekend, said he is optimistic the compromise will be acceptable to all sides. Southern conferees said they believed the governor will embrace the program.

The suggested compromise is expected to take shape in legislation to be introduced soon by Assemblyman Carley V. Porter.

Main points of the program:

1. Submission to the voters of a constitutional amendment guaranteeing that contracts made by the state for delivery of water cannot be abridged except by a two-thirds vote of both houses of the Legislature.

2. Submission to the voters in 1960 of a bond issue only a shade under one billion dollars to finance a statewide construction program.

3. Earmarking the entire investment fund of 160 million dollars for water development.

4. Start of construction of the Feather River Project at both ends of the state at once.

One of the southerners who met with Brown last weekend said the governor had agreed to accept a constitutional amendment on water contracts. Earlier in the current session of the Legislature, Brown said he did not think such an amendment was necessary but he was not "shutting the door" to one if it were acceptable to both sides.

Eric Blore, Film Butler, Dead At 71

HOLLYWOOD (UPI) — Eric Blore, 71, a "gentleman's gentleman" on the stage and in films for half a century, died of a heart attack last night at the Motion Picture Country Hospital.

Blore was taken to the hospital from his home. He had been ill since suffering a stroke in 1956. He is survived by his widow, Clara, and a son, Eric Jr.

Blore had top movie roles in such films as "Top Hat," "Flying Down to Rio," "Fancy Pants," "Winter Wonderland," "Abies Irish Rose" and "Love Happy." In most, he played a butler.

Born in London, Blore came to Hollywood in 1934.

The Cuban Telephone Co. plans to install more than 100,000 new telephones during the next four years at a cost of more than 100 million dollars.

Atlantic Cables Back In Service

NEW YORK (AP)—The transatlantic telephone system of the American Telephone & Telegraph Co. was back in normal operation today, after the repair of a cable break that created an international incident.

The company announced completion of the repair yesterday.

The cable system links the telephone networks of the United States and Canada with those of Britain and eight European countries.

The cable was broken Feb. 21. A boarding party from the United States Navy radar picket ship Roy O. Hale searched the Soviet trawler Novorossisk for 70 minutes Thursday in an effort to find if the ship had cut the cable.

Lt. Donald Sheely said he found no firm evidence of any intention to cut the cable, and believed the most probable explanation is that the trawler cut it accidentally.

The Soviet Union called the boarding "premeditated provocation."

FBI Reports 8 Per Cent Jump In Big City Crime

WASHINGTON (UPI) — FBI Director J. Edgar Hoover reported that crime jumped an "appalling" 8 per cent in U.S. cities last year. Smaller and medium-sized communities showed sharp rises.

Hoover, who has been taking an active part in a drive against juvenile delinquency, also said preliminary figures showed a 6.5 per cent rise in arrests of youths younger than 18.

Over-all 1958 arrests were practically unchanged from the previous year, however. The FBI gave no explanation as to why arrests remained about constant while crime rates were rising except to note that some persons were arrested for more than one offense.

The report covered known crimes in U.S. cities of 25,000 or more population. The figures showed the greatest overall increases—11 and 10 per cent, respectively—in cities of 50,000 to 100,000 and 25,000 to 50,000.

Bob Hope's Vision Worse, Help Sought

HOLLYWOOD (AP) — "From now on," says Bob Hope, "I'm doing whatever the doctor tells me. I've got too many places to see."

Eye trouble threatens to come between Hope and the places he wants to see. He will fly to New York by jet liner today to see a Columbia University specialist about the ailment.

The comedian suffered a blood clot in his left eye during a Christmas holiday trip to Europe to entertain U.S. servicemen. He says vision in the eye is now going fuzzy.

Hope said physicians have told his wife he may lose full vision in the eye unless he gets help.

In New York Hope will see Dr. Algernon Reese, an internationally known specialist on the ailment. He may also visit a Boston eye clinic.

Liner Constitution, Tanker Collide In Fog Outside N.Y.

NEW YORK (AP)—Coast Guard investigators today were trying to find the cause of a collision between the American Export luxury liner Constitution and the Norwegian oil tanker Jalanta.

The bow of the tanker was sheared off but remained afloat.

The liner received a gash in her bow about 8 feet above the water line, 40 feet long and 15 feet wide.

Both ships made port without help after the collision yesterday outside New York harbor.

The accident occurred in a dense fog, shortly before 11 a.m., at a crossing of the sea lanes five miles southeast of Ambrose Light.

Each ship had just completed an overhaul. The tanker which carried no cargo, had a crew of 42. The 30,000-ton liner carried a crew of 112 and 20 technicians, and had no passengers.

The Constitution was built in Quincy, Mass., in 1951 at a cost of 25 million dollars. She was returning from a multimillion-dollar conversion job at Newport News, Va.

The Jalanta, owned by the Anders Jahres Co., was built in 1952 by a German firm at Kiel. She was on her way to Venezuela to pick up a cargo of oil.

RECORD SMASHER — Finland's Juhani Jarvinen (No. 3) goes down final stretch to a new world record of 2:06.3 for the 1,500-meter speed skating event at Squaw Valley over the weekend. Former record of 2:08.2 was set at Cortina Winter Olympics in 1956 by Grishin and Maikolov of Russia. (UPI photo)

HIGH FLYER—Kalevin Karkinen of Finland sails gracefully through the air on his second of two jumps to win the North American 80-meter ski jumping championship yesterday at Squaw Valley. He jumped 290.35 and 278.8 feet, both jumps were longer than the Olympic record of 275.9 feet. (AP Wirephoto)

WORLD SKATE RECORD

Finns Dominate North Am. Games

By LEIF ERICKSON

SQUAW VALLEY (AP) — Finland's small but potent team of skating, ski jumping and cross-country stars was favored today to build its already heavy domination in North American championships testing the 1960 winter Olympics site.

Juhani Jarvinen won a world record 1500-meter skating victory yesterday in 2 minutes 6.3 seconds and quickly followed that with a second place in the 10,000-meter grind and a combined skating title.

Kalevin Karkinen next triumphed in the 80-meter special ski jumping with crowd-awing grace in the Finnish-developed flying-V jumping style. His longest leap was 290.3 feet.

Veikko Hakulinen and Kalevi Hamalainen rated today as top contenders in the 15-kilometer cross country ski race. They were second and third after Sweden's Sixten Jernberg in the 30-kilometer durability test Saturday.

Gene Kotlarek, 18-year-old Duluth, Minn., college freshman and called by the Finns the first American to master their jumping style, finished a close second to Karkinen in the 80-meter jumps.

Norway's Knut Johannesen won his second skating crown with a 16:42.7 time in the 10,000 meters, the fastest ever in America for the event. Johannesen won the 5,000-meter race Saturday and finished second to Finland's Jarvinen in the combined skating championship.

A REAL THREAT

Kotlarek, a product of Duluth Park, training since he was 7 years old, has blossomed spectacularly since seeing a Duluth exhibition a year ago by Antii Hyvarinen, 1956 Olympic winner, and Juhani Jarvinin, 1958 world champion, and brother of Kalevi.

In Kotlarek, America finally has a real threat for next year's Olympic ski jumping, declared Olav Ulland, the U.S. Olympic committee's jumping adviser.

In the style first perfected by the Finnour years ago and followed now by the Russians, the jumper floats with arms close to his side and head leaning forward toward the ski points. The picture is a clean-lined flying V.

Karkinen, one of Finland's six man team, scored 223.7 points on jumps of 85 meters (278.8 feet) and 88.5 meters (290.3 feet). Kotlarek matched the first jump distance and made 87.5 meters (287 feet) on his second for 220.4 points.

Rumor Warne New Fish-Game Boss

SACRAMENTO (UPI)—Rumors circulated here today that William E. Warne, of Altadena, Calif., now United Nations representative to Korea, would be named director of the State Department of Fish and Game.

A onetime assistant Secretary if the Interior, Warne was considered a surprise candidate. He was not included in the California Wildlife Federation's list of 11 "professionally qualified" replacements for Director Seth Gordon.

Gov. Edmund G. Brown told a news conferensce Friday that he had chosen his man.

GIANTS' INTRA-SQUAD GAME

Brandt Thrills Fans With Sparkling Batting, Fielding

Combined AP & UPI

PHOENIX, Ariz. (UPI)—Looks like Jackie Brandt has locked up the first-string left field spot for the San Francisco Giants.

The team is loaded with good-looking outfield prospects, but the diminutive fair-haired Brandt was singled out for praise by Manager Bill Rigney after a sparkling performance in the Giants' first intra-squad game of the year yesterday.

The Posedels, made up of probable first-stringers, walloped the Westrums 14-4 in a five inning intra-squad game.

Brandt bashed three hits, and impressed fans even more with some daring base running and flashy fielding. He robbed Bill White of a hit by hauling down his long liner.

"I don't know of any other left fielder in the league who could have caught it," Rigney said in a club-house conference later.

"He comes to play. He's a ball player," the skipper added.

MAYS HOMERS

But Brandt was not the only Giant who impressed yesterday.

Willie Mays, Ray Jablonski and catcher Roger McCardle rapped homers for the winners while Daryl Spencer drove in three tallies.

Willie Kirkland, who is battling speedster Filipe Alou for the right field post, belted a gargantuan four-master for the losers with two men aboard.

Except for pitchers, the Posedels composed the lineup that as of now will start the season.

In batting order, they were third baseman Jimmy Davenport, left fielder Brandt, center fielder Mays, first baseman Orlando Cepeda, right fielder Felipe Alou, second baseman Daryl Spencer, shortstop Andre Rodgers and catcher Bob Schmidt.

The only mistake came when Alou broke stride and was nailed at the plate. He thought the ball was going over the fence.

Rigney said he took note of the incident and will "talk to Felipe about it."

"We don't want to get into careless base-running habits," he intoned. "They cost us too may games last year."

Champ May Sign For 'Tuneup' Go In April

NEW YORK (UPI)—Heavyweight Champion Floyd Patterson may be matched this week for a title defense against a British contender at Buffalo, N. Y., on April 22 or 24.

Burly Brian London of England appears the likely challenger although Henry Cooper of England and Joe Erskine of Wales also are being given consideration.

Patterson and Manager Cus D'Amato want a spring fight in order to sharpen the champion for his million-dollar defense against Ingebar Johansson of Sweden somewhere in the United States in late June or early July.

Although 24-year-old Floyd would be risking his crown against the April challenger at Buffalo, he an D'Amato nevertheless regard that fight as a sort of "tune-up" since they do not rate either of the three Britishers nearly as dangerous as Sweden's unbeated Johansson, champion of Europe.

Promotoer Pedro Martinez of Buffalo and an associate have offered a flat guarantee of $300,000 for the privilege of staging the Anglo-American fight at the Buffalo Memorial Auditorium, it was learned today.

Patterson would receive a flat $200,000; the British challenger, a flat $100,000. And neither the champion nor challenger would cut in on anything; for Martinez and his associate would have rights to the gate, television—home or theater, radio and movies.

Meanwhile, Edwin Ahlqvist —Johansson's adviser—arrived from Sweden last night for a pre-trial examination regarding an agreement he admittedly signed last Sept. 13, assuring California's Eddie Machen a return bout with Johansson, in case Johansson beat Eddie on Sept. 14. Ingemar knocked out Machen in the first round at Goteborg, and now Machen and Manager Syd Flaherty are suing Johansscn in federal court in an attempt to prevent his fighting Patterson before granting him the return bout. The pre-trial examination was scheduled for today in the offices of Machen's New York attorneys. Johansson claims Ahlqvist had no authority to sign the agreement since he is not Ingemar's manager.

Johnson Wins Baton Rouge Open With Strong Finish

BATON ROUGE, La. (AP) — Husky Howie Johnson's philosophy of taking golf one hole at a time paid off in the $15,000 Baton Rouge Open Tournament.

He was five strokes off the pace yesterday when he began the tough 36-hole grind, made necessary when rain delayed the start of the tournament one day.

After 18 holes, Jay Hebert of Sanford, Fla., who shot a 68, still held a four-stroke edge on the 33-year-old San Marcos, Calif., professional, who marked up a two-under-par 70.

But on the final round, while the top men ran into trouble, Johnson calmly added his second 70 for 283 and a one-stroke victory over Hebert, who soared to 75.

The 823 total was the highest winning score in the eight-year history of the tournament, but not surprising since three days of rain preceded the tournament, soaking the 6,467-yard Baton Rouge Country Club course with three inches of water.

It was only Johnson's second PGA victory in almost three years as a professional. He finished out of the money in the last two tourneys, the Tucson, Ariz. Open and the Texas Open.

Playing almost mechanically, the 6-2, 210-pound former University of Minnesota golfer took only 27 putts on each round.

John McMullin, Fair Oaks, Calif., who led the first two days, finished with rounds of 75 and 72 for 285 and third money.

Paul Harney, Worcester, Mass., and Doug Ford, Paradise, Fla., tied for fourth at 286. Harney recorded 72 and 74 while Ford was even par 72 both times.

Defending champion Ken Venturi of San Francisco, who won last year by a record four strokes with 276, finished in a tie for 26th place at 292.

Sievers, Cerv, Albie Head Holdout List

By ASSOCIATED PRESS

Roy Sievers, Bob Cerv, Albie Pearson and five members of the National League champion Milwaukee Braves headed a list of 21 major league holdouts today.

Eight of the 16 teams reported all present or accounted for as the clubs continued their spring drills under a full head of steam.

The Washington Senators, with six, and Braves, with five, topped the holdout list among the other eight clubs. In the American League, Kansas City has three and Baltimore two. San Francisco has two, and St. Louis, Philadelphia and Los Angeles one each in the National League.

Sievers, who received an estimated $38,000 last year—highest in Washington history —and Pearson, the American League Rookie of the Year, are the two big ones Senators' President Calvin Griffith is trying to land.

Cerv poses a similar headache to Kansas City General Manager Park Carroll. Reports from both sides admit that there is a wide difference in salary disputes.

First baseman Joe Adcock and relief pitcher Don McMahon head the Braves' list. Del Rice, the reserve catcher, and infielder Casey Wise, also refuse to sign.

Pitcher Gene Conley is the fifth Brave unsigned.

Pitchers Al Worthington, 11-7 in 1958, and Ray Monzant, 8-11, are the two San Francisco holdouts. Monzant has asked for his release. Los Angeles has pitcher Rene Valdes, who spent 1958 with the Montreal Royals of the International League, on the holdout list. Valdes posted a 15-14 record with the Royals.

Cal Needs 1 More Win For PCC Pennant

By U.P. INTERNATIONAL

California zeroed in on another Pacific Coast Conference basketball championship today with only Oregon State's ack-ack guns between the Bears and their third straight title.

Coach Pete Newell's forces assured themselves of at least a tie for the crown last Saturday by defeating water-logged Washington State, 65-45, as Denny Fitzpatrick exploded with 28 points for the winners.

Cal meets Oregon State at Berkeley next Saturday and a victory over the trratic Beavers would guarantee the Golden Bears the championship and a spot in the NCAA Tournament.

Washington, a game and a half off the pace, has two contests left to play next weekend while the Bears have one. The Huskies' only hope of staying alive would be realized if they swept a pair from UCLA and Southern California while the Beavers were upsetting Cal. That would end the race in a tie and Washington and California then would square off in a playoff game.

Washington, which defeated Idaho 74-51 on Friday to win its 10th straight, was idle Saturday as the Bears notched number 10 in a row at the expense of last place Washington State.

The Cougars made California strain considerably in the early going but then the Bears moved away to a 26-18 halftime lead. Fitzpatrick hit for Six out of Cal's eight points during a splurge which broke the game open after intermission.

UCLA and Stanford remained tied for third place in the PCC by posting Saturday victories. The Bruins' Walt Torrence scored 29 points to spark a 69-62 triumph over Oregon while Paul Neumann meshed 26 for Stanford's 85-74 win against the Trojans. The game was marred by 54 fouls.

Oregon State defeated Idaho in another PCC tilt, 46-42.

Hot-shooting Pepperdine blasted the University of San Francisco, 83-63, in a West Coast Conference game while clicking on 55 per cent of its shots from the floor. The victory moved the Waves to within a half-game of Santa Clara in the battle for second place in the WCAC. St. Mary's, which already has cinched the crown and is unbeaten in 11 league games, had the night off.

Marin Catholic '5' Stuns St. Mary's

The upset of the year in the Catholic Athletic League basketball schedule took place in Greenbrae Saturday where the Marin Catholic Wildcats stunned the second place St. Mary's High Gaels, 44-41.

With Art Quinn and Ron Blum each scoring nine points, the Wildcats of Coach Vic Miloslavich took an early lead and maintained it throughout the tilt by quarter scores of 14-9, 23-18 and 36-28. Marin had a 12-point margin with six minutes to play and managed to stave off a hot rally by the invaders. Blum scored 7 of his points in the final stanza to help the cause.

Blum and Quinn also did good work under the boards as Marin outrebounded the Gaels.

Only last Thursday the same St. Mary's team smashed the same Marin quint, 70-49.

It was Marin's first basketball victory over the Berkeley school since their rivalry started in 1950.

Marin, which winds up its schedule tomorrow against St. Francis at Mountain View, now has a 6-9 won-lost record in CAL. Only other team to beat St. Mary's this year was mighty O'Dowd, the league champion.

Rams Give Cardinals Nine Players For Ollie Matson

CHICAGO (UPI)—A halfback for virtually a new ball club today was the way gridiron observers sized up the giant player deal announced by the Chicago Cardinals and the Los Angeles Rams.

The Cardinals traded their star halfback, Ollie Matson, to the Rams Saturday for eight players to be delivered this year and a high draft choice in 1960.

Tagged one of the biggest deals in National Football League history, the trade was second only in size to the Rams' 1952 swap of 11 men to the now defunct Dallas Texans for linebacker Les Richter.

For Matson, the Cardinals received tackles Frank Fuller, Art Hauser and Ken Panfil and defensive end and offensive tackle Glen Holtzman—all veteran first string linemen. In addition, the Rams gave up their second, third and fourth draft choices—halfback Don Brown of Houston, fullback Larry Hickman of Baylor, John Tracey of Texas A&M, and another player to be selected at the start of the 1959 season.

Matson, stunned by the trade, flew to Los Angeles yesterday to confer with Rams' officials.

Matson, who starred at the University of San Francisco in his college days, said he felt he had "several good years left." But he also said he had just finished repairs on his home and had wanted to "finish" his career with the Cards.

Although officials of both clubs hailed the deal, the trade was expected to solve some of the defense problems that have plagued the Cardinals. It was believed the addition of the big, proven linemen should the Cardinals stronger all the way down the line.

Matson, sparkplug of the Cardinals for the past six seasons, also was expected to plug a weak spot in the power-packed Rams' offensive as a replacement for fullback Tank Younger, who was traded to Pittsburgh prior to 1956 season.

Bev Hanson Wins Florida Tourney

DUNEDIN, Fla. (AP)—Beverly Hanson of Indio, Calif., headed for the Jacksonville Women's Open Golf Tournament today with the Golden Triangle championship trophy.

Miss Hanseon battled wind and rain at the PGA national course here yesterday to card a one-under-par 71 which gave her a 36-hole total of 146 and the Golden Triangle title.

I-J SCRIBE AND RIGNEY—John J. Connolly (left), whose column, "The Bullpen" is a regular Independent-Journal sports feature, is pictured chatting with Manager Bill Rigney of the San Francisco Giants as they prepared to fly to training camp in Phoenix Friday. The BULLPEN

With JOHN J. CONNOLLY

Cepeda Most Colorful Performer In Baseball Since The Great Babe

CONNOLLY

PHOENIX, Ariz. — The hardest thing to find in the world of sports is color.

Organized baseball has been searching for someone to replace the most colorful ball player of all time—Babe Ruth.

The Yankees thought they hit the jackpot when Joe DeMaggio rose to great heights, but despite his greatness and all around talent he lacked the color of Ruth.

Ted Williams of Boston; Stan Musial of the St. Louis Cards; Mickey Mantle of the Yankees and Willie Mays of the S.F. Giants all have tried, unsuccessfully, to take the place of Babe in the hearts of fandom.

I'm one guy who finds it pretty hard to take any one of them as a replacement for the Babe, without a chaser.

Ruth had that indefinable thing called color in his walk, in his talk, in his strut, and when he doffed his cap or when he waded into a pitch. He was that kind of a guy . . . he had every color in the rainbow except yellow.

BABE RUTH brought hordes of people to baseball parks, not only in America, but in far off Japan. No other player to this day comes close to packing them in like the King of Swat.

Now it seems real tough to pass up fellows like Mays, Musial, Williams and Jackie Jensen and pick Orlando Cepeda as the one most likely to succeed Ruth.

But Cepeda has so many of the attributes of the late Bambino and so much of the aggressiveness of Ty Cobb that I'm just silly enough to think he is the man to take over as the new Babe Ruth, if not in hitting home runs, at least in producing crowds at the gate.

Cepeda is that sort of a guy. He puts on a show every time he goes to the plate; every time he gallops down to first base; even when he lowers his head and tears around the bases like a raving bull, you get the feeling that he is going to make it.

I'VE NEVER seen a guy suffer more than Cepeda when he makes a mistake. He fights himself continually. Last year when he was thrown out of a ball game because of a setto with Umpire Conlan I found him in the Giant clubhouse crying like a baby. He wept, not because he was thrown out of the ball game and fined, but because he felt he had committed the cardinal sin of baseball . . . losing his temper.

Like Tyrus Raymond Cobb, the competitive spirit of Cepeda is white hot all the time he is in the ball game.

"You never know what to expect from Orlando," explains Bill Rigney, disabled Giant skipper. "He is always doing the unexpected.

"He seems to rise to greatness as the occasion warrants.

"One minute he is screaming for a teammate to get a hit, next he is fidgeting on the bench because he imagines the umps are agin' us. You just can't figure the guy out. But, if it's color you want in a player, Cepeda will supply more than anyone. I've come across in recent years. I can't say he has more color than Cobb because I never saw Ty in his heyday.

"But Cepeda has the same confidence in himself as Ty Cobb had. The fellow has the stamp of greatness written all over him. He should become one of baseball's finest performers.

"EVERYTHING Cepeda does or says is connected with baseball. If he discusses humor, drama or just an everyday event, he'll couple it up with a baseball expression. That is the manner in which his every thought is directed."

According to Rigney, his star outfielder Mays, has the mark of greatness, but it is in a different sort of way. Willie does everything gracefully, naturally, easily and without any apparent effort.

"Mays is so great his admirers expect him to do the unusual as a matter of fact. And Willie does the impossible without any outward sign of emotion," Rigney claims.

"But it is not that way with Cepeda. He does everything in a showy, spectacular way that, for want of a better explanation, I just attribute it to color."

I understand what Rigney means. I can recall a lot of athletes who had color and didn't know it.

Andy Smith's replacement as a football coach at the University of California has never been filled.

Red Grange, the Galloping Ghost of Illinois, brought color to pro football; Pop Warner as Stanford football boss; Jack Dempsey, the Ole Manassa Mauler of fight fame; Jim Jeffries, former heavyweight champion of the world and oh, so many, many others in sports were classed as colorful performers.

But that hot enchilada, the rookie of the year in 1958, all the way from Puerto Rico, embarks on a career in baseball that with just a little restraint in temper, will carry him, perhaps sweep him, to the heights that only Babe Ruth, the King of Swat, ever enjoyed.

CAMPY BACK TO WORK FOR BUMS

TERRANG WINS HANDICAP

Derby Next $100,000 Feature At S. Anita

ARCADIA (AP) — The 1959 Santa Anita Handicap is past history and the decks were cleared today for the 22nd running of the $100,000 added Santa Anita Derby.

The Saturday scramble for the 3-year-olds could be a whiz between the leading sophomores campaigning in California.

It could also add further confusion to the Kentucky Derby picture, already blurred by defeats of First Landing and Tomy Lee, the one-two ranked 2-year-olds in the nation last year.

Trainer Frank Childs disclosed that Tomy Lee, who injured his right front foot and lost to Finnegan 10 days ago, won't run in the derby here. Childs said he will be pointed for the Kentucky Derby in May.

Finnegan, Linmold and a bouncy filly named Silver Spoon dominate the outlook for this race. Silver Spoon, from the C. V. Whitney stable, has won three stakes at Santa Anita's meeting.

A daughter of Citation, Silver Spoon could emulate the feat of the King's Ranch's Ciencia, who is the only filly to win the Santa Anita Derby. That was in 1939.

As for Saturday's handicap: Experts say 6-year-old Terrang made his 57th trip to the post his greatest when he won the $145,000 event.

It took a powerful drive to get past the game Indiana-bred, 4-year-old Hillsdale in a thrilling stretch battle.

The margin was half a length, with Llangollen Farm's Royal Living third in the mile and one-quarter fixture.

Terrang, a former stablemate of Swaps in the Rex C. Ellsworth Stable, was bought two years ago for $75,000 by Laurence Pollock and Roland Bond, wealthy businessmen from Dallas, Tex.

He has won $340,735 for his new owners, including the $97,900 he picked this time.

C. W. Smith, the Detroit owner of Hillsdale, praised his battling Hoosier horse and had no alibis. Hillsdale had raced the distance only once before, winning in an all-out effort over Royal Living.

"I knew I had him turning for home," said Bill Boland, another Texan, who rode Terrang. "But when I heard Joe Hernandez, the track announcer, say 'Here comes Hillsdale again,' I got a little shook up."

Tommy Barrow, Hillsdale's rider, said his horse started to loaf a little when he took the lead. But Barrow concluded:

"I was the most surprised person in the world when we didn't win it."

Olmedo Wins At Palm Desert In Tough Battle

PALM DESERT, Calif. (UPI)—Davis Cup hero Alex Olmedo won the men's singles championship of the eighth annual Palm Desert Invitational Tennis Tournament yesterday by beating Clifford Mayne of San Francisco, 6-3, 3-6, 6-4.

The No. 1 ranked Olmedo, who finished second in the event last year, had a tough time with the nationally-ranked Mayne up until the last set when he broke Mayne's serve four times.

Beverly Fleitz of Long Beach, Calif., retained the women's singles crown by defeating Sally Moore of Bakersfield, 6-2, 6-4. The two fought each other in the finals last year, that contest also ending with Miss Moore's defeat. Miss Moore is a freshman at Occidental.

Cypriots Cheer Makarios Return

NICOSIA, Cyprus (AP)—Archbishop Makarios got a triumphal welcome home from more than 150,000 Greek Cypriots yesterday after three years in exile. He called on them to cooperate with the island's Turkish minority in the days of freedom that lie ahead.

The political and spiritual leader of the Cypriot majority flew in from London, where British, Greek and Turkish officials worked out an agreement to give independence to the British colony.

In a 30-minute address Makarios told his cheering, shouting followers: "We have triumphed. Today Cyprus is free. Let us celebrate, my brethren."

He urged Greek Cypriots to forget the political differences and bitterness which only last summer erupted into fighting between the Greek and Turkish communities.

"Let us not forget," he said, "that freedom is not just a privilege and right. It is also a heavy responsibility and supreme duty.

"Let us allow no passions or prejudices to intervene. Let us hold out an honest hand of friendship and cooperation to all.

"Especially let us cooperate wholeheartedly and sincerely with our friends the Turkish community. Only through harmonious cooperation with them will our strength be reinforced."

Turkish Cypriots and British troops remained discreetly away during the welcoming celebration.

Makarios paid high tribute to the Greek Cypriot underground organization EOKA.

"Our struggle for liberation is graced by the numberless heroes led by Gen. George Grivas, the lengendary Dighenis, whose name is written on the most glorious pages of the history of Cyprus. To this man and to the gallant fighters of EOKA we pay, at this solemn hour, our tribute of supreme gratitude and honor," he said.

Grivas, a former Greek army officer, and other EOKA leaders have been offered safe conduct to Greece. They have not yet appeared openly but there was speculation they were in the crowd welcoming Makarios.

The welcome was far different from Makarios' secret departure aboard a British military plane March 9, 1956, when he was exiled in an effort to stifle the campaign for union with Greece. The 45-year-old Greek Orthodox prelate is considered certain to be elected the first president of the island republic.

French African Chiefs May Challenge DeGaulle

PARIS (UPI)—The shadow of violent tribal warfare and mushrooming Negro nationalism spread across Elysee Palace where President Charles de Gaulle met today with premiers of the 12 French African republics.

It was the second meeting of the new French overseas community council, but observers said the African premiers might use it as a springboard for their demands for greater home rule and less "interference" from Paris.

Informed sources said the Negro leaders, spurred on by the recent bloody riots in Brazzaville, capital of the French Congo republic, and last week's nationalist upsurge in Southern Rhodesia, might demand a looser, British-type commonwealth arrangement with France.

They said de Gaulle could have trouble repeating last month's performance, in which he convinced the premiers that the African republics' interests would best be served if the community's brain center remained in Paris.

The community, which de Gaulle heads as president of the Fifth French Republic, links the mainland with the new semi-independent Negro republics, which include the French Sudan, Senegal, Mauritania, Dahomey, Ivory Coast, Upper Valta, Niger, Gabon, Congo, Chad and the Central African Republic.

Each of the former colonies gained a measure of local autonomy under the French consitition, but the Paris government retains control over such overriding factors as defense, foreign policy and financial policy.

Liz At Mike's Grave For Family Rite

CHICAGO (AP)—A solemn, pale Elizabeth Taylor, and a close circle of relatives and friends, today attended ceremonies dedicating a modest headstone marking the grave of her husband, showman Michael Todd.

Miss Taylor, in mink coat and hat, heard Rabbi Philip L. Lipis tell the 11-member party at the cemetery that Todd served God through the laughter he brought into the hearts of men.

In chill, but sunny, weather, Miss Taylor sat without change of expression through the 20-minutes service.

Extra police on hand to maintain order weren't necessary. Other than family and Todd associates, only newsmen and the police watched.

Todd was killed in the crash of his private plane in New Mexico in 1958.

The unpretentious stone on the grave of Todd, noted for his colorful productions on the stage and screen, was engraved "Avrom Hirsch Goldbogen-Michael Todd — June 22, 1908 — March 22, 1958."

Persian Gulf Storm Leaves Many Dead

BAHRAIN (AP)—A windstorm howled across the Persian Gulf Saturday night, leaving many dead and hundreds homeless. Estimates of the dead today ranged as high as 500.

The storm, of hurricane force, blew up without warning from the mainland of Saudi Arabia. Dust shrouded the Gulf as havoc was wrought on both land and sea.

Houses were smashed. Power lines were cut.

Many fishing boats were pounded to pieces.

McElroy Says U.S. Ready To Stand Up To Russ On Berlin

WASHINGTON (AP) — Secretary of Defense Neil H. McElroy said today the United States is prepared to make good on President Eisenhower's pledge to "not yield one inch on our rights in Berlin."

The Berlin issue came up at a House Space Committee meeting during a discussion of whether the United States might some day change its policy and become the first attacker.

Rep. James Fulton (R-Pa.) wanted to know whether in view of the tough-appearing Soviet attitude on Berlin the United States is adequately protected, in a firm position and "if not, should we mobilize in whole or in part."

McElroy said the matter had been under "specific consideration" by the Joint Chiefs of Staff and the State Department.

"We are prepared to meet various stages of the Berlin situation as it develops," he declared.

Rep. John W. McCormack (Mass.), the House Democratic leader, drew from McElroy the comment that "our policy is that we will not attack first."

'TRIAL' TERMS IN ASSEMBLY RECOMMENDED

SACRAMENTO (AP)—A trial term for freshmen assemblymen was proposed today by a freshman assemblyman.

Charles B. Garrigus (D-Reedley) introduced a bill which would continue the term of new assemblymen at two years but would stretch it to four for incumbents.

"The electorate should be given an opportunity to examine a man for two years and reject him if it desires," Garrigus said.

Witness Says Son Accused Mrs. Duncan

VENTURA (UPI)—Aged Emma Short testified today that Frank Duncan once told his mother Elizabeth, "you're guilty. You're guilty as you can be."

The testimony came at the opening of the third week of Mrs. Duncan's trial on charges of hiring Luis Moya, 22, and Augustine Baldonado, 25, last November to kill her son's pregnant wife, 30-year-old Olga Duncan.

Defense Counsel S. Ward Sullivan was to have started cross-examination of Mrs. Short as the first witness this morning but he agreed to let the prosecution ask the 84-year-old witness a few more questions.

Dist. Atty. Roy Gustafson asked Mrs. Short what Frank Duncan had told his mother when he returned from a visit to a police station where he investigated charges that his mother was being blackmailed by figures in the case.

It was then, Mrs. Short said, that Duncan accused his mother of being "guilty."

Sullivan said he had studied the testimony of Mrs. Short closely and expected the cross-examination to take perhaps half or three-quarters of the day in court.

Three Marinites On Honor Roll

Three Marin County students, all honor graduates of Marin Catholic High School, have earned places on the first semester honor roll at St. Mary's College.

They are Robert L. Hass, freshman, son of Mr. and Mrs. Fred J. Hass of 523 D street, San Rafael; Jack C. Quintero, sophomore, son of Mr. and Mrs. Robert E. Williams of 10 Ridgewood avenue, San Rafael, and Gary T. Giacomini, freshman, son of Mr. and Mrs. Noel T. Giamomini of 82 Lagoon road, Belvedere.

Golfers Find Bruised Body Of Man In S.F.

SAN FRANCISCO (AP) — The body of a man, covered with bruises which indicated he had been kept prisoner and tortured, was found today by a foursome at Sharp Park golf course.

The unidentified man was clad only in a shirt. A one-inch strip had been shaved in his scalp from his forehead to the back of his neck. The body was on a road bordering the municipal golf course.

Sheriff's Inspector Milton Minehan said welts on the body led him to believe the man had been whipped. Some of the bruises appeared to be two to three days old. The man was believed to be in his 30s.

Claire Sadjadi, who operates a beauty parlor near the roadside spot where the body was found, said her barking dogs awakened her at 2 a.m. Minehan reasoned the body probably was dumped at that time.

Kenneth Richardson, nationally known real estate consultant and founder of K/R Homes, Inc., large Bay Area brokerage firm, will address the Marin County Real Estate Board tomorrow at an 8 a.m. breakfast meeting in King Cotton restaurant, San Rafael.

His topic will be, "How to Make More Sales."

Piedmont Man Elected To Head GOP Assembly

CORONADO (UPI)—Gardiner Johnson of Piedmont, past president of the San Francisco Bar Assn., was elected president of the California Republican Assembly at its convention here over the weekend.

William T. Bagley, San Rafael attorney, was named one of the 11 regional vice presidents.

MARIN ABSENT

(Neither Bagley nor any other of Marin's delegation attended the CRA's 26th annual convention. Bagley was first told that he had been elected secretary, but press reports today indicate the vice presidency, with Tom Niccoloff of Santa Monica re-elected secretary.)

Johnson, who succeeds John Phillips of Moorpark as president, told some 300 delegates that to regain control of California, the Republicans "must bring in new people and new ideas and must attempt to conform to changing conditions."

NO 'SCRAMBLE'

"In addition, there must be no scramble for position among Republican organizations," he said. "If we all work together in an organized day-to-day effort and select our projects with care, the future will indeed be bright."

A dozen resolutions were adopted yesterday by the Assembly. Among them were:

Resolutions praising President Eisenhower, Vice President Richard Nixon and ailing Secretary of State John Foster Dulles.

Other resolutions urged the state Legislature to "exercise every proved economy so as to assure increased growth of business and jobs;" and requested the CRA Labor Committee to establish a program to "combat the propaganda" identifying the GOP as the "big business" party.

HAWAII STATEHOOD

Resolutions also supported statehood for Hawaii; continuation of the House un-American activities committee; loyalty oaths for state employees; the state property tax exemption for veterans, and the use of state funds for veterans' rehabilitation.

The Assembly tabled a controversial resolution opposing proposed increases of entrance and incidental fees at the University of California and state colleges.

In other action, the Assembly adopted a statement of fundamental principles to guide the party in policy matters during the coming election campaigns.

Prowler Delivered To Police, Neatly Tied By 'Victim'

SAN FRANCISCO (UPI)—A 43-year-old father of three wrestled a prowler down a flight of stairs here today, then trussed him neatly with rope for police.

Lawrence Schoenstein, of 130 Nueva avenue, a pipe-organ designer, told police he was awakened about 3:30 a.m. and saw a figure in the hallway.

With a flying tackle he downed Louis Williams, 43, Oakland, an ex-convict.

The furiously struggling pair fell down a flight of stairs into the garage where the battle continued. Schoenstein's wife, Mary, rushed in with a clothesline and together they bound Williams.

Schoenstein's three teen-age children called police.

'PLEASE, PLEASE BRING HIM BACK . . .' — "Please, please bring him back to me," sobs Mrs. Ruth Flores, referring to her missing 8-week-old son, Eric Leon Flores. The grieving mother is shown sobbing beside Eric's twin brother, Aaron. Police said the child apparently was taken from his home by a babysitter who volunteered to care for widowed Mrs. Flores' six children while the mother was out with friends. (AP Wirephoto)

PLAYWRIGHT DIES — Funeral services will be held in New York tomorrow for Pulitzer Prize winning playwright Maxwell Anderson (above), who died Saturday in a Stamford, Conn., hospital after suffering a stroke. The last rites will be held for the 70-year-old author at St. Paul's Chapel of Columbia University. Eulogies will be delivered by author Mark Van Doren and critic Robert Anderson.

9 Drake Seniors Semifinalists For State Scholarship

Nine Sir Francis Drake High School seniors have been named as semifinalist candidates in the State Scholarship Commission competition for scholarships to California universities and colleges, Principal Harold Allison announced today.

They are Mary Ruth Cummings, Lawrence Charles Andrews, Barry Brooks McGough, John Edward Rechtfertig Jr., Sandra Jo Headley, Earll Morton Murman, Kenneth John Wagstaff, Marilyn Lee Myers and Anthony Michael Scardaci.

Scores made on scholastic aptitude tests given by the state college entrance examination board are used as basis for selection.

"Babysitter" Who Stole Child Hunted

LOS ANGELES (AP) — Police said today they hoped for some clue that would lead them to an ailing kidnaped baby and a babysitted who wanted a child of her own.

The baby boy is one of twins born just eight weeks ago to a widowed mother of six children. The infant has been missing since early Saturday from his home in suburban Ontario.

TWIN MISSING

The mother, Ruth Flores, 35, went out Friday evening and when she returned shortly after midnight the twin, Eric, and the babysitter were gone but her other five children were still there.

Mrs. Flores told police the babysitter, a woman about 25 to 30 years of age, had identified herself as "Ann Williams." Police say they believe this was not her real name.

Mrs. Flores said the woman had offered to babysit for her, had told her she was unmarried and said: "Isn't it too bad a single woman who wants a baby and can support one can't adopt one?"

BOY SAFE

But for another Southern California woman fears had turned to joy. Her kidnaped boy was rescued by officers from a former mental patient. Wayne Murray Jr., 7, was taken from the vicinity of his home in suburban Venice Saturday afternoon.

Police in Bishop, acting on a tip from a Los Angeles bus ticket seller, found Wayne in a cheap hotel room with William Harris Elwell, 28, who had been sought by Venice police on a kidnaping charge.

The mother, Mrs. Wayne Murray, is expecting another child.

The Order of Odd Fellows originated in England in the 18th century.

REFUND OF TAXES MASS MEETING

Another mass meeting of all taxpayers in Marin County, sponsored by Marin County Taxpayers Association, has been set for Tuesday evening, March 3rd at 8 P.M. in the San Rafael High School Auditorium, San Rafael, Calif. If you had property assessed on the secured roll in 1955-56-57, this will be your LAST and FINAL opportunity to join with all other taxpayers in the county, trying for a refund of illegally collected taxes during those years because of the 26% raise, amounting to approximately $50 per $1,000 assessed valuation or roughly $200 refund on a property assessed during those years at $4000. It costs you taxpayers not one penny cash outlay (except a membership fee of $2 per person, $4 for man and wife) to join in. If you are at all interested in getting refunds of taxes that have been illegally collected, come to this meeting and learn all about it. To get this refund YOU MUST ACT IMMEDIATELY TO JOIN WITH US — ACTION HAS TO BE TAKEN PRIOR TO JULY 1ST OF 1959.

If it is absolutely impossible for you to attend this MOST IMPORTANT MEETING, then immediately get in touch with our President, P. J. Rowland, 869 San Anselmo Ave., San Anselmo, Calif., GL 3-1231, and get full information.

This is not a political issue; it's not a recrimination against any county official. It's purely a case of an illegal tax issue refund.

MARCH COMES IN LIKE A LION . . .

. . . And goes out like a lamb.

. . . Mr. March, you mean? Yes, he roared into Sabella's like a hungry lion, all right—but after one of those special weekday luncheons of soup, salad, meat or seafood entree, coffee, and dessert, all for $1 to $1.50, he went out like a lamb. Wouldn't ewe?

Five Women Given Recognition By Council Of Camp Fire Girls

Five women who have been active in various phases of the Marin County Council of Camp Fire Girls have been awarded recognition by the National Council of Camp Fire Girls.

Miss Millie Dunshee and Mrs. Robert Eschen have been presented with the Gulick Award, the highest national symbol of recognition for outstanding service to a local Camp Fire Girls program. The Luther Halsey Gulick Awards (Gulick founded the Camp Fire Girls in 1910), is given for continued active outstanding service as a member of a local council for a period of at least five years.

Miss Dunshee, who has served as a member of the local council Board of Directors, was presented the Gulick Award in appreciation for the time, money and energy she has given to the girls of Marin County. She has been available as a photographer of delightful pictures to leaders and girls, and has given Camp Fire in Marin a pictorial history of all important events.

IN ALL MEDIA

Mrs. Eschen, who served as President of the Board of Directors in 1956 and 1957, and has been Training, Group Organization, Program Chairman was presented with the Gulick Award in appreciation of her active participation in all media of the Camp Fire Program. Her personal enthusiasm has been instrumental in keeping Camp Fire on a high level in the community and has instilled interest and enthusiasm in all persons with whom she has worked.

Mrs. William Zavosky, Mrs. Alfred Kraeger and Mrs. Robert Houston are the recipients of the Wakan Service Award. This award is given to group leaders who are deserving of special recognition because of outstanding leadership with their group and outstanding service in addition to work with their own group.

Mrs. Zavosky has been active in the Camp Fire program since 1947. She has lead two Blue Bird and two Camp Fire Groups for her daughters and presently is leading a Horizon Club. During the past two years Mrs. Zavosky's Horizon Club have been serving as a team for the Group Organization Committee in order to organize new Horizon Clubs. Mrs. Zavosky has been San Anselmo Town Chairman for the Camp Fire Girls annual sale for the past three years.

BLUE BIRD LEADER

Mrs. Alfred Kraeger started in 1951 as a Blue Bird leader and has continued leadership until the present. Mrs. Kraeger has served as a resource person to the training committee for nature study. She has been Advisor to the Horizon Club cabinet and is presently preparing a nature program to be used at Camp Kilowana, the Camp Fire Girls summer camp.

Mrs. Robert Houston has been a leader since 1952. She has been a member of the Day Camp Committee for three yars, and last year served as assistant Director of the Camp Fire Day Camp. Mrs. Houston has been a school organizor for four years, and served a one year term on the Board of Directors.

Larcs Committee Meet Tomorrow

Reorganization of the Larcs (ladies auxiliary to the Recreation Center) is now being planned, according to Mrs. Stanley Peterson, newly-elected member of the Southern Marin Center's Board of Directors.

A steering committee has been appointed by Mrs. Peterson which will meet tomorrow at 10 a.m. at the Center. Among the items to be discussed will be a sherry luncheon and orientation on Friday, April 3. It is planned that a slate of permanent officers for the group will be presented at that time. Serving on the committee are Mesdames Peterson, chairman; Milton Levitan, secretary; John Del Mar, publicity and John Hoffmire, Holbrook Bradley, Robert Bilger, Howard McGill, Thomas Stanton and Elmer Boyden, advisor.

Also being appointed is a nominating committee. The Peninsula has been divided into six geographical areas and one member will be asked to serve on the committee from each district according to Mrs. Peterson. The areas are: District 1, Strawberry; District 2, Bel Aire, Reedlands and Greenwood Beach; District 3, Belveron Gardens, Hacienda Terrace, Marin Estates, Paradise Drive, north; District 4, Tiburon boulevard, Little Reed Heights, Del Mar Estates, Hawthorne Terrace and Little Reed Park; District 5, Old Tiburon, Tiburon Heights, Rolling Hills and Hill Haven and District 6, Belvedere, the Lagoon and Corinthian Island.

Tam High Girls Hear Talk By State Engineer

Mrs. Anne H. Jackson of San Rafael, an engineer with the state Division of Highways, told more than 100 girls at Tamalpais High School recently that a girl who becomes an engineer or a "draftswoman" will make an extraordinary salary compared with those in secretarial work.

But, she warned the girls, "don't try to be one of the boys. Always be a lady."

The attractive, blonde Mrs. Jackson outlined some of the steps a girl would take leading to an engineering degree, advocating that shorthand and typing should be included.

She pleaded also that the girls include the humanities in their schooling in order to better discuss daily phases of life. "It is a pretty dull person," she declared, "who can talk only about the subject he was trained in."

Adren Aitken, engineering drawing instructor at the high school, conducted the meeting.

Leola Sewing Club

Leola Sewing Club is meeting Wednesday at the Masonic Temple in San Rafael. Luncheon will be served at 12:30 p.m.

Sausalito Club Will Observe Anniversary

On Thursday, March 19, the forty-sixth anniversary of the founding of the Sausalito Woman's Club will be commemorated by the annual Founders' Day Luncheon and Hi-Jinks honoring the original founders of the Club with special honor to the only surviving member, Miss Fannie Shoobert of Sausalito.

For members only, the luncheon will be held at the Woman's Clubhouse starting at 1 o'clock and will be followed by the traditional Hi-Jinks which will be presented by those who have become members of the Club during the past year.

The theme of the Hi-Jinks is always kept a secret and is presented a second time as the Lo-Jinks on the ensuing Saturday evening for club members and husbands or escorts followed by dancing and refreshments.

Mrs. Richard Phillips is general chairman of arrangements and Mrs. Fred Tetzlaff is chairman and director of the Jinks.

Mrs. John Koenig Jr. is taking reservations which must be made by March 16.

Members are asked to send reservations to Mrs. Koenig at 48 Woodward avenue, Sausalito.

Ever stuff tomatoes with chopped ham salad? Good! And so is egg salad used the same way.

DESIGNER TO BE GUEST AT LUNCHEON

The Cinderella of the fashion world, Eleanor Green, will be in Marin tomorrow as a special guest at the "Fashion Focus" luncheon at Rickey's, and is looking forward to meeting the guests who come to view her 1959 Spring Collection.

The internationally known San Francisco designer whose rise to fame didn't depend on a glass slipper but on her creative flair for styling fashionable afternoon and cocktail dresses at a price women can afford will lunch with Doris Carr of television fame.

During "An Afternoon in Spring" they will enjoy the modeling of nine attractive members of the Marin Chapter of the Dominican College Alumnae, the "Fashion Focus" honored group, and one of the most active alumnae organizations in the entire Bay Area.

To compliment the Eleanor Green silhouettes which star in a wardrobe for many years, Mrs. Harry Pearce of Macy's of San Rafael will introduce smartly tailored sailors, engaging bretons, and flowered confections and as a special "hattraction" the cover hats from the new issues of Charm and Mademoiselle.

The popular luncheon is open to the public and last-minute reservations may be made by calling Rickey's. Luncheon begins at 12:30

Gamma Omicron Plans Beatnik Party, Mar. 14

Plans are underway for the Gamma Omicron's Fondue Wine Tasting Party.

This event, which will be held March 14, will be the chapter's only mixed social of the spring calendar.

The residence of Mr. and Mrs. Philip Fairlie will be converted to a "Beatnik Pad" for the evening. Wine posters, drip candles, newspaper table cloths and a bongo combo will lend atmosphere. Guests will arrive in appropriate attire at 9 o'clock.

Social chairman, Mrs. Fred Hoffmann has announced prizes will be awarded for the most authentic costume as well as for the "Champion Wine Taster." The "Beat" committee includes the Mesdames Fairlie, Len Teasley, Charles Barr, Edward Harbrow, James C. Molica and Miss Val Estrada and Miss Trudy Hall.

Smith College Alums Hold Luncheon Meet

Miss Teresa Kirby, national representative for the Smith College Alumnae Fund, was guest at an informal gathering of the local Smith Club at the Alta Mira Hotel in Sausalito recently. Miss Kirby is the house guest of Mr. and Mrs. Robert Blakeslee of Kentfield while she is in this area.

Members at the luncheon and discussion were Mesdames George Lindahl, Harrison Diblee Jr., John Prescott, Blakeslee, Edgar Chiswell, Walter Benson and M. K. Burlin.

Reception And Buffet Honor Artist Raskob

The recent private preview of Joseph Raskob's one-man exhibit opened with a gala affair of splash and glamor. Distinguished men and women in formal wear mingled in the spacious and elegant salon at 1200 Fifth avenue, San Rafael, that was transformed into one of the largest art galleries of Marin County.

Many dignitaries, diplomats, art lovers and collectors from Berkeley, Oakland, Richmond, and San Francisco came to San Rafael to do honor to Joseph Raskob, the famous American artist whose exhibit is travelling from museum to museum. The E. B. Crocker Art Museum of Sacramento has delivered the entire show, consisting of 27 oil paintings and as many watercolors, gouaches, drawings and lithographs to San Rafael.

The women were a complement to the bright paintings with their beautiful gowns and coiffures, creating a harmony of color and design. Mrs. Lawrence Cowen, president of the San Rafael Improvement Club, who is responsible for arranging the special showing, wore a silver-gray satin of French design. Her husband is a friend of the Raskobs. The Consul-General of Mexico, Adolfo G. Dominguez, came from San Francisco, accompanied by his wife, whose elegant black gown reflected the brilliance of her dark eyes. Mrs. Raskob, wife of the artist, a writer in her own right, wearing a white orchid on her French velvet gown, draped in a sable wrap, welcomed the guests. Mrs. Esther M. Dearth, vice president of the Northwestern Savings and Loan Assn., in soft beige, hosted the evening together with her husband, R. Keith Dearth.

Roy Newgard put up five telephoto partitions of mahogany, separating the paintings in groups of three so that the paintings stood out clearly and were viewed individually. His wife Virginia seemed very favorably impressed with the show. Mrs. William Ballard of Sausalito was enchanted by some of the paintings which she studied closely, as were Mr. and Mrs. George Metcalfe, the latter county chairman of the Marin Music Chest.

Mrs. Kitty Oppenheimer, moderator on KTIM, was enthusiastically perusing more drawings and studies in the large folder at one end of the foyer. Moving about, the Chapin Days, editor of the Independent-Journal, as were Marianne R. Rauschnaubel, art instructor at the College of Marin. The originator of Artists' Embassy, Althya Youngman of Oakland, was pointing out her favorite painting to Ben Harris of Berkeley, while Mrs. Frank Lorigan of San Francisco admired the museum piece "Alone in the World" with R. P. Easton, also of that city Dr. and Mrs. Emmet L. Rixford of Sausalito were visiting with their friends, Dr. and Mrs. Rodney R. Hartman and Dr. and Mrs. William H. Pemberton. Mr. and Mrs. J. K. Solomonson Jr. conversing with Mrs. Sam Nelkin and Mrs. Charles Reindollar, while Mrs. Carlos Freitas chatted with Mr. and Mrs. Henri Gelsi-Medeot and others.

Raskob was constantly surrounded by the guests who plied him with many questions about his work in particular and art in general.

The show will remain open at 1200 Fifth avenue through March 6 from 10 a.m. to 4:30 p.m. daily.

Scout Leaders Complete 'Fly-Up' Training Course

A six-hour "Fly-up" training course for Marin County Girl Scout leaders was held recently at the Hamilton Air Force Base Youth Center.

The group, divided into patrols, learned skills which are listed as Tenderfoot requirements such as laying a trail, using a compass, learning how to display and use the flag, learning the history of Girl Scouting and the story of the World Assn. of Girl Guides.

Completing the six hour course to receive certificates were Mesdames Samuel Bardelson and Philip Canney of Terra Linda; Bert Frazzini and Roy Hersom of Marinwood; Robert Krohn, C. C. Perolini and Rodney Wagner, San Rafael; John Laufer Jr., Santa Venetia; Clark Holmes and J. E. Christian, Bel Aire and Mrs. D. R. Yankle of Hamilton Air Force Base. Training committee chairman is Mrs. Clarence Leisure.

POPULAR for spring is the new design shown in the lovely undulating portrait brim in hot pink balibuntal circled with colorful silk poppies.

FOR A CHANGE of pace Modern Miss likes the fresh look of ribbon trimming on crisp straw suiters ... a good example is the high-hatted straw cloche.

THE SMALL crisp sailor of navy straw is especially planned for the new spring suits. A dainty carnation is placed just over the brim with white collar circling its crown.

Miss Seibert To Be Bride On April 4

Mr. and Mrs. Ellis Seibert of Tiburon are announcing the engagement of their daughter, Sandra, to Creighton Darryl Hughes, son of Mr. and Mrs. Gordon G. Hughes of San Anselmo.

The bride-elect was graduated from Tamalpais High School and attended College of Marin. She has one brother, Richard Seibert, who is with the U.S. Army at Fort Ord. The future bride is employed at Fiberboard in San Francisco.

The future benedict was graduated from Sir Francis Drake High School and attended College of Marin. He is employed with McAlister Buick in San Francisco. A brother, Christopher, is a student at Sir Francis Drake.

The wedding will be an event of Apr. 4 at St. Hilary's Church in Tiburon.

ST. HILARY'S Church in Tiburon will be the setting for the April 4 wedding of Sandra Seibert, daughter of Mr. and Mrs. Ellis L. Seibert of Tiburon, and Creighton Darryl Hughes of San Anselmo.

JUDY BILLINGS WILL BECOME MRS. CAMPBELL ON JUNE 27

At a family supper party in the home of Mr. and Mrs. Haskell C. Billings, Jr., of Kentfield, the engagement of their daughter, Judy Billings, to James P. Campbell was announced Saturday night. The young man is the son of Mrs. Elizabeth R. Campbell, of Los Angeles, and the late John Campbell. June 27 has been chosen as the wedding day.

The bride-elect has one sister, Linda, a sophomore at Redwood High School.

Judy was graduated from Sir Francis Drake High School and is now a sophomore at the University of California. She is a member of the Alpha Chi Omega sorority.

The future benedict is the brother of the Rev. John Campbell, Mrs. Robert K. Fiedler of Los Angeles and Harry Campbell, a student at Loyola University.

The young man was graduated from St. Monica's and the University of California at Los Angeles, where he was affiliated with the Phi Kappa Sigma fraternity. He is now employed at North American Aviation Company as a design engineer.

Dr. Logan Miles Is To Address Strawberry P-TA

The multi-purpose room of the Strawberry Point School will take on a "new look" for the next meeting of the Parent Teacher Assn. to be held Wednesday at 8 p.m.

Tables and chairs will be set up to allow for small groups instead of the usual formal meeting arrangement. This will allow for an informal presentation on the "Three R's Plus" program by Dr. Logan Miles, assistant superintendent of the Mill Valley School District, as well as a freer question and answer period which will follow.

A brief business meeting conducted by P-TA chairman H. T. Tomlinson will precede the program. Primary business on the agenda will be the nomination and election of officers for the 1959-60 school year.

Boy Scouts under the leadership of Commander Frank Helmer will conduct the opening flag ceremony.

Spring Is Welcomed By Sausalito Women

The weatherman cooperated with the three hostesses who gave a progressive luncheon recently in Sausalito which they had called "Spring Is Just Around the Corner."

Instead of "around the corner," Mrs. Leonard Blakely, Mrs. Robert Peterzon and Mrs. Jackson Perry should have called it "Spring Is Here!" because the day was a typical spring day in Marin with blossoms bursting into bloom on the trees and the guests looking like a fashion show in new spring finery.

Cocktails were served at the home of Mrs. Peterzon on San Carlos avenue, then to the Sausalito boulevard home of Mrs. Blakely for a delicious lunch after which most of the guests walked the short distance to Mrs. Perry's on Miller avenue for dessert and coffee and stayed to visit.

Spring flowers decorated the three homes with Mrs. Perry's coming in for a tour as they have just finished remodeling.

Seen among the guests were Mrs. Richard Phillips in a flowered chapeau of the new shade of geranium pink chatting with Mrs. Mervyn Cowen; Mrs. William Hayes Ballard, formerly of Sausalito and now of Tiburon greeting old friends; Mrs. Frank Williams dressed in a blue print blouson dress with matching blue hat; Mrs. William Erskine in one of the new blue-green silk prints; Mrs. George Quinn and Mrs. Emmet Rixford chatting together; Mrs. William McAfee, a former Sausalitan up from Los Altos for the novel luncheon; Mrs. George Chapman in red suit talking with Mrs. Justin Day; Mrs. Edwin Long's wide brimmed hat so becoming; Mrs. Wilbur McGowan arriving in time for dessert, late because she had been modeling at the Canterbury Hotel; Mrs. Henry Barg and Mrs. Wally Brown discussing their respective daughters.

Others seen among the guests were Mrs. Robert Frost, mother of Mrs. Blakely; Mrs. Edward Many in a plaid suit; Mrs. Robert Anderson telling of her daughter, Patsy's return from Europe where she has been since November with the Virgil Scatenas of Sacramento; Mrs. Frederic Palmer III; Mrs. Robert Walt; Mrs. Manuel Santos in a blue silk print complementing her white hair; Mrs. John Alexander in blue tweed; Mrs. Carl Spring and Mrs. Victor Wollman; Mrs. Willard Hall, Mrs. Guy Ryerson on her first outing since the birth of her new daughter; Mrs. Juan Hayes in beige; Mrs. Frederic Waiss; and Mrs. Richard Cruikshank in her Girl Scout director's uniform because it was "Brownie Day" and she had to be ready for her group at 3 o'clock.

Plant And Flower Show Set Apr. 30 By Sausalito Club

Echeveria, sempervivum, graptopetalum, and sedum may be just unpronouncable names to many, but to the garden enthusiast they mean plants for an easy to care for garden, for rock gardens, or container gardens.

A variety of species of these generae of succulents, along with many other plants, herbs and ferns will be available to the home gardener in flats as well as in individual planters at the Sausalito Woman's Club's "Flower Show for Fun and Plant Sale for Funds" event on Thursday, April 30.

Open to the public, it will be an opportunity for amateur gardeners to avail themselves of plants for new gardens and to renew plants in old gardens at very reasonable prices.

The "For Fun" part of the show is open to members of the club only and will feature arrangements of fresh blossoms and dried varieties or a combination of both. An award will be given to the entry judged the most outstanding by the vote of the people who attend the show.

The floral pieces will be on display from one until 8 p.m.

No admission will be charged

Mrs. Emmet Rixford is chairman of the "For Fun" part of the show. Assisting her will be Mesdames Eric Barnett, John Alexander, Richard Cruikshank, Edwin S. Long, Robert Miller, Jackson Perry, Richard Phillips, Alan Scurfield, Arnold Seymour, Fay Sparks and Thomas Wiper.

Mrs. Merrell Sisson and Mrs. John Churchill are co-chairmen of the plant sales.

Missionary Society Showing Baptists' Work In America

Homes missions will be re-emphasized at the First Baptist Church of San Anselmo when the film "North American Neighbors" is shown at the regular mid-week meeting, Wednesday night at 7:30.

The sound film, sponsored by the Women's Missionary Society, will show mission work in progress in Canada, Alaska, Mexico and the United States. A fellowship hour, to welcome members and friends of the church, will follow in the social hall.

Square Dance Club Has Graduation Party

A graduation party was held recently for those completing their intermediate square dance class. New members welcomed into the Charm 'N Farmers were Messrs. and Mesdames Charles Owen, Jack Olsen, Bill Taylor, Romeo Bonnett and Jack Richards.

A surprise birthday cake and gift were presented to the club caller, Larry Twist. The occasion was heightened by a visit from the Stump Jumpers of Novato. Seventy-five dancers were present to enjoy the calling of Larry Twist and Skip Graham, caller for the Stump Jumpers.

GIRL SCOUT COOKIE SALE SLATED APR. 3

Neighborhood cookie chairmen, cookie committee members, district co-ordinators and other members of the Marin County Girl Scout Board of Directors were present for a recent tea at the home of Dr. Gwen Campion in Fairhills.

Guests were briefed on the forthcoming Girl Scout Cookie Sales which will take place April 3-17 with proceeds going to further Girl Scouting in Marin County and to aid construction at the new Sierraville Girl Scout Camp.

Cookie committee chairman is Mrs. Thomas J. Mellon who heads a committee of Mrs. Howard Perry, Cookie Sale chairman and Mesdames Arthur Collbran, Harold Green, Robert Ketenbach and Charles Stuart. Neighborhood Cookie Chairmen are as follows: Sausalito, Mesdames Howard Kiehn; Mill Valley, Warren Jacobs; Corte Madera, Philip Kearney; San Anselmo, Conrad Olsen; Novato, Coleman McDonough; Hamilton Air Force Base, J. L. Coddington; Terra Linda, George Reimer; Marinwood, L. L. Hersom; San Rafael, Gerhard Jessen; Fairfax, Lloyd Ward; Tiburon, Philip Wolfe; Kentfield, Ross, Greenbrae, Clarence Amonette; and Marion, Olive, Lynwood, Ray Patterson.

Pretty and good: heat canned pears in their syrup and drain. Arrange the pears around broiled lamb chops and fill each pear cavity with canned whole cranberry sauce mixed lightly with a lot of grated lemon rind.

Astrologist Explains The Zodiac At Outdoor Art Club Guest Day

"You and I and The Stars," Mrs. Fritzi Armstrong's lecture at the Outdoor Art Club's guest day meeting Thursday, drew one of the largest audiences of the year.

"Astrology is astronomy brought down to the level of men," said the noted astrologist who heads the Metaphysical Library in San Francisco—the only one of its kind in the world, according to Mrs. Stanley Brooks, program chairman, who introduced the speaker.

"Today scientists are discovering that the planets are not material at all, but mind," Mrs. Armstrong declared, and went on to predict that "Within the next 30 to 50 years scientists will be on their knees to astrologists."

This, she believes, will be true because "We are just emerging from the Piscean Age of imprisonment into the Aquarian Age of freedom and air, when astrologists' study of the heavens and outer space will be invaluable."

In an entertaining style Mrs. Armstrong explained the 12 signs of the Zodiac, which are symbols representing the position of the sun during the 12 months of the year.

BASIC TRAITS

These sun signs govern the inner soul and determine basic traits according to which one you are born under, she went one, but the moon and planets have their influence, too. And many people do not live to the true tune of their signs until they are from 35 to 50 years of age.

Continuing her explanation, the astrologist said that the 12 signs are divided into trinities of fire, earth, air and water, each having its good and bad aspects, an animal or other object as a symbol, and a part of the human body which it governs.

A good way to examine your innate characteristics, she recommended, is to go to the zoo and study your animal symbol.

Dealing with the Zodiac signs, not as they occur consecutively on the calendar but in their trinities, the speaker gave highlights of their good and bad aspects—too numerous to describe here other than in the trinity groups.

As she did so, it was easy to tell whose birthdates came under the sign she was discussing.

In the fire trinity, she said, Aries (March 20-April 21), Leo July 20-Aug. 21), and Sagittarius (Nov. 20-Dec. 21) — all characterized by warmth and leadership.

ACUMEN TRINITY

The Earth or wealth and business acumen trinity is composed of Taurus (April 20-May 21), Virgo (Aug. 20-Sept. 21) and Capricon (Dec. 20-Jan. 21).

In the water or the essentially physical and sympathetic trinity are Cancer (June 20-July 21), Scorpio (Oct. 20-Nov. 21) and Pisces (Feb. 20-March 21).

And the intellectual or air trinity consists of Gemini (May 20-June 21), Libra (Sept. 20-Oct. 21) and Aquarius (Jan. 20-Feb. 21).

As for the importance of one's birthdate in selecting a mate, the astrologist advised that it be within one's trinity to insure a basic affinity.

"There may be quarrels and even episodes with other people," she said, "but everything can be worked out if there is this fundamental affinity."

Day Of Recollection Set By Church Women

Saturday, March 14, as been selected by the women of St. Hilary's parish for their annual Day of Recollection according to an announcement by Mrs. Frank Brooks, spiritual activities chairman. Guest speaker will be the Rev. Cheston Butler, O.P.

The day will begin with Mass at 8 a.m. followed by a light breakfast served in the rectory. During the day there will be a series of three conferences alternating with time for prayer and meditation and concluding with the benediction of the Blessed Sacrament at 3 p.m.

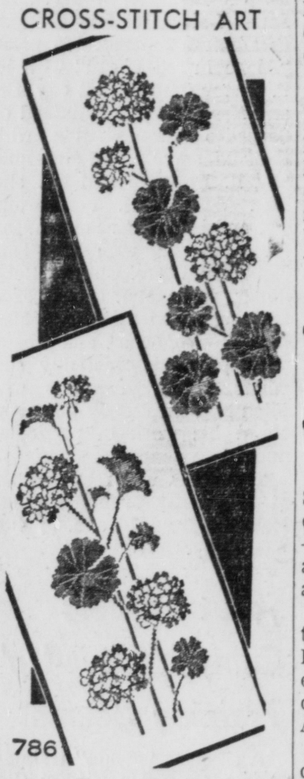

It is suggested that, due to lack of facilities, those attending plan to lunch at home as time will be allowed between 12 and 1 p.m. However, those who wish to remain may bring a lunch.

All of the women and their friends are invited to participate.

Set Off Jackets

Frosty-white blouses set off cardinal-type suit jackets for spring. Designer Rhonda Lee shows a variety of blouse silhouettes, such as the "Empirette," which falls with a faint flair from a natural shoulder line and has bands and bows at the bosom. Other blouses have sissy ruffles and front buttons, shirtwaist tailoring, and collars ranging from tiny Peter Pan to wide, flat choir boy types. Bands are contoured to fit snugly just below the waist.

Sleepy Hollow Guild Sets 'Date To Tango'

The Sleepy Hollow Guild of Sunny Hills has plans well underway for a "Date to Tango" —an "Arthur Murphy Party," as a variation of the Guild's annual international brunch.

A dinner dance, this event is to be held at Trader Horn's on Francisco boulevard on the evening of March 21, the proceeds to be used for the 60th Annual Grape Festival.

Cleverly devised decorations, consisting of dancing couples, as well as the beautiful silk screened invitations for the gala affair, were designed and executed by Pat Ballachey Skelley, daughter of Guild member Mrs. Robert Ballachey.

In addition to hors d'oeuvres, created and served by Guild members, the guests will enjoy a buffet dinner and dancing as well as entertainment featuring stars from "Hollowood," including such notables as Mesdames Robert Ballachey, Ernest Winkler, Charles Hardeman and William Worth and Mr. Howard Hetzner. Professional dancers from Arthur Murray's Studio will be a highlight on the program.

Chairmen for the evening will be Mesdames Worth and Darren McGavren assisted by Mesdames Frank Spicer, decorations, Edward Boero and Robert Grant, reservations and door, Harrol Laster and Peter Helms, hors d'oeuvres, Ballachey, entertainment, and John Gaylord, publicity.

Reservations are limited, but if still available they may be obtained by calling either Mrs. Boero or Mrs. Grant.

Odds 'N Ends Club Has Chapeau Contest

Wives of officers of Western Air Defense Force at Hamilton Air Force Base seemed out to demonstrate that women will wear anything for a hat. The women, whose club is known as "Odds and Ends," surrendered their February luncheon at the Officers' Club to the crazy hat season.

The male point of view was gained from the judges who shared a corner of their lunch hour and dared to choose three chapeaux for prizes. Maj. Gen. Hugh A. Parker, Brig. Gen. Curtis R. Low, and Col. William M. Banks selected hats worn by Mesdames David Alford, Kenneth Goodall, and Parke Tamplin. Their creations had obvious masculine appeal, for they were, respectively, an inverted fishing basket hung with gaudy lures; an archer's arrow seemingly piercing the head; and a satellite (an Air Force Vanguard, of course.)

Mrs. Harl L. Ahl had to keep a level head as she served the champagne punch for she wore a silver bowl of jello complete with serving spoon. Mrs. Herbert Sears aspired to be "Mrs. Cabbagehead of '59" with her vegetable turban. Mesdames Edward E. Beaty and Edward F. Hoover were salad twins, with radish earrings, and the motto "lettuce be friends."

A perky beret of sour bread adorned Mrs. Charles Wood's head. It was decorated with sharply slanting knife and two pert cloves of garlic. Inverted flower pots looked to be a sure thing for spring, and so did Mrs. James F. Sullivan's upsidedown handbag with dangling contents for trim.

The luncheon tables were decorated with hat trees—branches tipped with chic miniature hats made by the committee and which were given as favors. The head table centerpiece was a large picture hat of pale yellow tissue rosettes and trimmed with deeper yellow velvet ribbon and daffodils.

Hostesses were wives of officers of the Inspector General's section. Mrs. Alford was chairman and her assistants were Mesdames Charles Bradley, Harl Ahl, Clifton Eccles, Jack V. Greenfield, Harvid Sager, Kerney Sigler, Charles Wood and Albert Wood.

New president and vice president elected by the club are Mrs. W. C. Dorn and Mrs. Bradley.

Delta Zeta Bridge Luncheon To Benefit Hearing Society

Highlight of the Marin County Delta Zeta alumnae chapter's year of assistance to the Hearing Society of Marin is the annual Spring bridge luncheon on Saturday, March 21, at noon in the Frontier Room of Rickey's Rancho Rafael in Ignacio.

Proceeds from the affair, now in its fifth year, will facilitate the work of the Hearing Society, a non-profit group organized in 1956 to help the local hard-of-hearing child and adult adjust to life in a hearing world. The Society sponsors the lip-reading class taught at the College of Marin and is currently studying the needs of the deaf and hard-of-hearing child in the school system.

Delta Zeta alumnae work closely with the Society throughout the year, weekly serving as volunteers in the Marindale School deaf children's class and participating for two years in the Society's local National Hearing Week May program. Delta Zetas serve on the organization's board of directors in committee capacities and two alumnae, Slavka Cibilich of Corte Madera and Mrs. Victor Abrahams of Sausalito, are starting their second year as vice president and secretary, respectively.

The local alumnae also participate in the sorority's national philanthropy, which since 1944 has been aid to the hard-of-hearing. The chapter financially assisted in the recent furnishing of the Edward Miner Gallaudet Library reading room at Gallaudet College in Washington, D.C., for which the national social sorority was solely financially responsible. This college, the only college for the deaf in the world, has been adopted by Delta Zeta to benefit from the sorority's national philanthropic program.

In addition, the chapter has financially assisted in the fund-raising campaign for a chapter house on the San Jose State College campus; contributed to the Mu chapter at the University of California and is now sponsoring the newly installed college chapter at Humboldt State College. Members also hold state and national directorships in the sorority's alumnae organization.

The chapter has participated for three years in the Sunny Hills Grape Festival and is collecting used and new books for the Delta Zeta-staffed book booth for the forthcoming festival.

After washing winter woolens such as sweaters and gloves, seal them in plastic bags and place in a deep freeze for 48 hours before storing. The free treatment helps destroy any moth eggs which may be left in the clothing.

If sour cream is available at food markets in your community, you can make a delicious dressing by mixing one-half cup of it with two tablespoons of lemon juice, a half teaspoon of salt, a teaspoon of sugar and a teaspoon of grated onion.

Allow at least ½ pound of meat for each person when buying bony cuts like spareribs.

Next time you make split pea soup substitute stewed tomatoes for ½ of the required water.

County Loses A Man Who Was Here Before San Rafael

When Russ Warden died last week, San Rafael lost another of its few remaining links with the past.

Rus Warden's mother, the late Florence Butterfield Warden, came to California in 1850, the year that our state made the transition from Hispanic colony to membership in the United States.

Russ Warden's father, the late Robert T. Warden, came out from Vermont in 1863, when Lincoln was president and the war between the states was raging.

Russ Warden was born here in 1871, before there was a single incorporated city in all of Marin County.

He was grown before sidewalks and paved streets replaced summer dust and winter mud on even our main streets.

Russ Warden was a mature adult before an automobile frightened a horse the first time in Marin County, half a century ago.

He was past middle age before the first flying machine made its appearance in these parts.

As the I-J reported on the day of his death, his "career in the grocery business spanned the history of San Rafael from the days of dirt streets and horse-drawn delivery carts to freeways and supermarkets."

He lived to see supersonic jet planes based here, anti-aircraft rocket launchers constructed here and a Pacific Coast radar outpost established here.

Russ Warden "retired" about seven years ago. But he didn't really retire. He just closed his grocery store and devoted his energy and interests to other fields.

Until the day his final illness put him on his back, he retained a working interest in the savings and loan association he served as president.

Even to the end of his 87 years he remained active, maintaining lively, varied interests. In this sense he didn't grow old. He just grew 87 years young.

The loss of Russ Warden, link with the past, is a loss to our whole community.

Marin's Feathered Caruso

Almost everyone knows the joyous song of the western meadowlark. It comes out loud and clear, sung with verve by this feathered Caruso.

Marin's broad, grassy meadows and hills provide a good home for the meadowlark. He's a rather handsome fellow, yellow with back and wings the color of a good brownish tweed. It is easy to identify him by the black "V" on his yellow chest.

Meadowlarks are permanent residents in the Bay Area, although they are migratory in most parts of the country. They nest on the ground in a nest of grass and weeds which is often arched over the top. Their diet consists largely of grain and seeds, but they vary it somewhat with fruits and insects.

We feel a small thrill of pleasure when ever the happy song of the meadowlark catches us by surprise. He sounds so wholeheartedly joyful!

WHY YOU ARE IMPORTANT

"Who am I?" was the strange question asked by a 16-year-old girl when she walked into police headquarters in Springfield, Mass., recently.

The teen-ager, suffering from a mental lapse, was unable to recall anything about her name, occupation, where she had come from or her destination.

Few people, thank God, find themselves in such an unfortunate predicament. But many, in full possession of their faculties, are confused and bewildered in a similar way regarding the very reason for their existence.

Even a momentary reflection, from time to time, on the profound questions: "What am I?," "Why am I here?," and "Where am I going?" would do much to deepen the meaning and purpose of our lives.

Recall frequently that you personally have been (a) made in God's image; (b) redeemed by Christ; (c) entrusted by Him with a special job to do in life assigned to no one else and (d) are destined to be eternally happy with Him in paradise if you play your part well on the stage of life.

"What is your life? It is a vapor which appeareth for a little while, and afterwards shall vanish away. (James 4:15)

Keep me ever conscious, O my Redeemer, that this life is but a brief preparation for eternity.

HAL BOYLE'S COLUMN

At Age 70, Average American Has Spent 20 Years In Sleeping

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

By the time he is 70, the average American has spent 20 years in sleeping, 20 years at work, and 5½ years in eating, smoking and chewing gum.

Babies should be born with pocketbooks. It now costs about $18 worth of soaps and powders to keep an infant sweet and clean the first year of its life.

Quick quip: Dan Frohman, the veteran producer, once consented to listen to a young stage-struck girl sing. After she had finished she asked Frohman: "What do you think I should do now?" Frohman replied: "Get married!"

Do you ever wonder how your wife spends her time? A survey by the Bon Ami Institute disclosed wives devote 23 per cent of their working day to preparing meals, 13 per cent to dishwashing.

The ordinary U.S. family now uses 888 cans of food a year. What is home without a can opener?

Nature note: A wild elk lives to be about 10 years old, a zoo elk to 25. And a lodge Elk, if he does not graze too long at the bar, to 70 or more.

The United States, growing ever more crowded, is already worried about a water shortage. But more than half of all the fresh water in the world lies in neighboring Canada.

PARENTAL ADVICE: We like this observation by Homer Phillips: "The time to start correcting the children is before they start correcting you!"

King Henry VII, one of the sternest of British monarchs, was generous in some ways. The ale allowance of the maids of honor at his court was fixed at eight gallons a day. But if the gals were still thirsty, they could draw an extra gallon.

THE MOBILE family: A million or more trailers now serve as year-round homes for some three million Americans.

Household hint: Paint a ring of luminous paint around your flashlight, and it will be easy for you to locate it in the dark.

Benjamin Franklin was ahead of his time in a hundred ways. Did you know that in Philadelphia he organized America's first real street cleaning service?

Young Haydens Learn Sailing

EDITOR,
Independent-Journal:

Last summer a Marin resident was one of an expert crew aboard a yacht seeking to represent the U.S.A. for the America's cup. He had learned sailing during the years when he and his sister had started around the Horn and the globe in the family schooner at ages approximating those of the youngest Haydens.

The soundness and seaworthiness of a sailing craft are attested to by a qualified Marin surveyor for a modest fee.

Why No Minister In Mental Health?

EDITOR,
Independent-Journal:

With the greatest amazement one read in your Friday report of the mental health study unit — that the group selected still follows the official Short-Doyle pattern!

Why on earth, after much controversy, much conversation, much acknowledgement on the part of The Board of Supervisors that this Committee was to be an unbiased one, independently considering pros and cons — was this pattern adhered to? Only one answer can there be: it's to "save time" — as Mrs. Schultz frequently declares.

In other words, let's be all ready and set to go into full Short-Doyle implementation WHEN, not IF the "unbiased board" decides to give the green light . . .! That's hardly a neutral view—by the broadest stretch of anyone's imagination . . . It is, in fact, a typical pressure-play promotion-tactic, employed all over the country. . . . The reports are available to any one taking time to read 'em . . . It's a matter of history.

Any just issue, any honest issue is worthy of careful, lengthy consideration by either a group of persons both for and against it — or by persons altogether neutral. Not only is the present group comprised of members named on the original list published in the I.J. on Jan. 28, with one exception — but, while four persons have not publicly, to my knowledge, expressed a stand on the matter, three have been most eloquent and vocal about supporting and urging The Mental Health Program: Dr. Gudstadt, Dr. O'Rourke and Mrs. Freeman, who is listed as a psychiatric social worker. That adds up to four neutrals and three proponents . . . ! Is this in any wise fair — or does it even make good sense?

What makes the least sense of all, however — and is certainly unfair to the point of being downright wicked is this: Why doesn't the original Short-Doyle pattern of two laymen, one judge, the chairman of the Board of Supervisors, one psychiatrist and two physicians — include a clergyman? In fact, why doesn't it include one rabbi, one priest and one minister?

Certainly all over the world, including Marin County, people turn to their spiritual leaders for guidance — sometimes even before they turn to physicians . . . So how and why was such an astounding gap left in this pattern? . . .

Federal Aid Is Never 'Free'

EDITOR,
Independent-Journal:

After reading Mr. Bertram's letter urging support of the Murray-Metcalf Bill which would by his calculations grant approximately $400,000,000 in federal school aid to the State of California during the 1962-63 fiscal year, I would ask who but the tax paying consumer, wage earner, or property owner is going to supply the funds for these grants?

No such government action can be carried out without increasing tax revenues by direct taxes, such as income, property, and sales tax, or indirect taxes such as corporation, liquor, or franchise taxes. Since the indirect taxes are paid by the consumer through rising prices, the tax burden falls back onto the individual.

By maintaining control at local levels of tax rates and government expenditures, the local residents can keep a watchful eye on government operations. The Murray-Metcalf Bill would create more jobs for federal workers to watch over the funds granted to the states for school aid. Since every five productive wage earners are required to support one government employee, we not need any more burden created by additional federal agencies. . . .

The United States was founded on the principals of local control and state's rights. Federal aid programs like the proposed Murray-Metcalf Bill or the Hill-Burton Act (hospital support) are rapidly abridging state's rights and making complete federal domination of our society inevitable.

If the federal government is going to solve all our local problems, let's eliminate county and state governmental bodies which are being duplicated by federal agencies and complete the move towards the welfare state and a socialistic society, supported, dominated, and controlled by Uncle Sam.

Do not sacrifice our rights and prerogatives by subscribing to the doctrines of "free" federal aid!

Scouts Knew Ike Was Their National Chief; Had Harder Time With Bechtel

Kenneth K. Bechtel of Ross, long an active Boy Scouter, was on the speakers stand recently when Rick Sims of Tiburon, son of Judge Richard M. Sims received his Eagle Scout award.

When the master of ceremonies asked the assembled Scouts for the name of the Scouts' national president, a shrill voice from the audience piped, "President Eisenhower!"

Slightly embarrassed, the M. C. conceded that the chief executive was, indeed, the national honorary president. It took considerable diplomatic maneuvering to get the lad to ultimately identify the "working" national president of the Boy Scouts.

His name — Kenneth K. Bechtel, who thoroughly enjoyed the proceedings.

A NEW KIND of rock hound is in the local news. If you journey through the military tunnel between Ft. Baker and Ft. Barry and follow the road all the way to the ocean beach at Ft. Cronkite, you will find men, women and children busily engaged in lugging buckets, baskets, sacks and boxes from the beach to nearby parked cars.

Seems that the characteristic Marin red rock of the nearby hills has been washed down various creeks and streams over a period of years and carefully deposited on a flat area near the sandy beach The washing process has worn off sharp, ragged edges of the rock to produce beautifully colored rounded gravel ideal for garden walks and patios.

Those who are collecting gravel are gathering armloads of well-soaked driftwood for open fireplaces.

THE CURRENT issue of "Life" carries an attractive full-page color ad for Studebaker's new model called "The Lark." The ad shows the car parked in front of a store with a flock of teen-agers giving the new car envious looks.

The store, with its attractive red and white candy-striped awnings is actually Berry's ice cream parlor on Tiburon's Main Street, but the youngsters are professional models.

We understand that the ad is the first in a series using Tiburon backgrounds. Too bad the chamber of commerce didn't get a line somewhere about Berry's being in Tiburon, especially when the headline on the ad reads, "Parks with pride in the poshest places!"

FOUR PUBLIC hearings on Sausalito's proposed general plan before the planning commission have attracted a near record turnout of interested citizens; some to offer bouquets, some brickbats.

As in any local public meeting, there have been critics who can find nothing good about it and others who would "buy" it as is. Still others would scuttle the entire plan since one segment of it displeases them.

But the entire process thus far has been highly democratic in its operation with Chairman Victor Hecht unwavering in his insistence that all have an opportunity to be heard. We trust that when the city council holds its public hearing on the plan, it will not founder on the shoals of some selfish interest which can see no good in it because of one or two objectionable recommendations.

It is noteworthy that the proposal carries the description of "general" plan — not "master" plan.

TAMALPAIS HIGH School football players, in an effort to keep in physical trim during the off season were hard put during the recent rains. But their bright minds came up with a solution.

Strange sounds emanating from little used rooms showed the boys working hard at their exercise. They were seriously engaged in a game of jacks!

Mountain Of National Debt Can Be Cut To Pebble; It'll Take Long Time

WASHINGTON (AP) — Many a man has looked at the national debt — big as a mountain in dollar bills — and asked himself: "How can we cut it down to pebble size?"

The latest to look and be appalled is Rep. James C. Wright Jr., 36, a Texas Democrat. He has an idea which might take 100 years to work out. But he thinks it's better than just sitting and looking.

Although Wright stuck a needle in the national conscience, and one House member after another arose to applaud him, nothing is likely to come of the idea except that it may be enshrined in a place set aside for noble thoughts.

THE NATIONAL debt now is 285 billion dollars. This year the government will have to pay $8,100,000,000 in interest on it, without knocking off a dime on the principal.

Wright, like others, hates to think of that going on indefinitely. He told the House that with interest rates going up, the government soon will probably be paying $9,800,000,000 a year in interest.

So Wright said:

"This means that if things go along exactly as they have been going, without any more increases in the national debt and without still another jump in the interest rates, in 29 years we shall have paid the total amount of the debt and still owe every penny of it."

WRIGHT SUGGESTS Congress tell the Treasury Department to set aside each year one per cent of the present national debt of 285 billion — or $2,850,000,000 a year — to pay off the principal.

This, Wright figures, would be cutting down not only on the size of the debt each year but on the interest, too.

Using a 283 billion dollar debt figure, which is now the permanent debt ceiling — the temporary ceiling until July 1 is higher than that — Wright told the House:

"In 100 years we could completely retire the debt by paying 495 billion in interest and 283 billion in principal, or a total of 778 billion.

"But if we pay nothing on the debt itself, the interest alone for 100 years will be 980 billion, and we will still owe the debt of 283 billion, or a total of 1.263 trillion."

THE ONLY trouble with the idea — if it was going to work on schedule — is that for 100 years the government would have to balance its budget and not go further into debt.

But it hasn't been doing that. The budget, or cost of running the government, has been going up. While this year President Eisenhower is making a try at budget-balancing, the chances are he won't make it.

His budget this year called for spending 77 billion and he estimated the government would take in through taxes and other revenue $77,100,000,000, or $100,000,000 more coming in than going out.

BUT EVEN THOSE estimates included higher postal rates and gasoline taxes, and some other changes Congress isn't likely to make.

For Wright's idea to work—that is, for the government to spend every year around $2,850,000,000 on paying off on the debt — the government would have to be taking in more than it spent.

How could it do that?

In only one of two ways: either by reducing spending or getting more income or revenue, which would mean raising taxes.

But government spending seems pretty sure to be going up, not down. And new taxes aren't popular.

All Bobby Ordered Was Stamps; Now He's On Nasty Sucker List

My friend Bobby, who is 13, has been getting some nude photos in the mail. He's a nice boy. He didn't order the pictures. Here's a nasty racket.

Many moths ago Bobby ordered some stamps by mail which were advertised in a good children's magazine. His name was put on a sucker list sold to men who peddle nude photos to teen-agers. Every boy on that list has been sent sample pictures of undressed girls and spicy letters telling how to order whole packets of nude, exciting poses. Nice business, isn't it?

Bobby's mother found him poring over the samples. She was horrified and came to me about it. I found the racket extends everywhere the U.S. mail is delivered.

Do you have a son? Don't let him order anything from the small mail order houses specializing in children's hobby and play items. Not until they take steps to protect their young customers. If your son has ordered anything recently, be careful. Censor his mail.

Do you want to kill this racket? We now have laws which make it possible for our local authorities to prosecute the senders. If your boy receives the sort of mail Bobby has been getting, save it. Take it to the postmaster's office and leave it there. The postal authorities want to help. You may make it possible for them to prosecute.

Removal Of Fire Truck Worries Bolinas Residents

The planned removal from Bolinas of a county fire truck with its radio communication system has Bolinas residents worried, Chief Warden Charles Reilley of the County Fire Department learned last night.

The truck's radio communication system has been the seaside community's only means of communication when its telephone service has been disrupted during storms.

Chief Reilley suggested to the 50 members of Bolinas Community, Inc, that a radio transmitter be installed in one of the Bolinas Fire District's two trucks, said Mrs. Thomas J. Barfield, wife of the group's president.

The truck of County Fire Warden Sherman R. Smith will be assigned to the county's new Throckmorton Ridge substation when it is completed about May.

Young Piluso is a son of Mr. and Mrs. Carlo Piluso of 978 Meadowsweet drive.

Circus Worker Threatens Boy

Charles Wayne Henderson, 24-year-old Oklahoman, was booked at the county jail Saturday night on charges of threatening a 14-year-old Novato boy with a knife and of being drunk.

The boy said Henderson had held a yellow-handled knife at his throat and at his stomach. The boy escaped and told his story to Inspectors Carl Sears and William Bradley and Deputy Sheriff Gerald Fries.

Henderson said he hitchhiked from Oklahoma to California. He joined the Ring Brothers Circus three weeks ago, working as a manure scooper at a wage of $10 for two days work a week. The circus was at the Nave Shopping Center this weekend.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

San Rafael Art Pupils Win Honors In S.F.

Budding artists of San Rafael won a large share of honors at the Scholastic magazine regional art awards exhibition Saturday at the Emporium auditorium in San Francisco.

San Rafael Military Academy pupils captured 18 awards, including two Hallmark awards which send the entries to New York for national judging. St. Raphael's School pupils won seven awards, including a Hallmark award and a Scholastic selection for national judging.

ACADEMY WINNERS

Winners of the Hallmark awards from the military academy were Frank Merrill, son of Mr. and Mrs. Karlin Merrill of San Jose, for a sterling silver jewel box with cloisonne enameled top, and Jeffrey Eals, son of Mr. and Mrs. Luther Eals of Stockton, for a silver bracelet.

St. Raphael's Hallmark winner was Nancy North, daughter of Mrs. Margaret B. North of 218 Lovell avenue, Mill Valley, for a painting. Another of Nancy's pictures was selected for final judging in the Scholastic magazine's own national competition in New York.

OTHER WINNERS

Gold key winners from the military academy were James Garrett, son of Dr. and Mrs. L. G. Garrett of 150 Valley View drive, San Rafael, for his casein painting, "Morning"; Barry Schrumpf, son of Mr. and Mrs. Henry Schrumpf of 930 Butterfield road, Sleepy Hollow, for his painting, "Skyline Sunset," and William Walker, son of Mr. and Mrs. James W. Walker of 35 Loma Linda road, San Rafael, for his enameled plate. Young Merrill and young Eals also received keys for their work.

Military academy pupils receiving merit awards were:

Kim Layton, son of Mr. and Mrs. W. B. Layton Jr. of 30 Tarry road, San Anselmo, who received two awards for paintings; Douglas McVicker, son of Mr. and Mrs. M. W. McVicker of Berkeley, for a painting; David Blaine, son of Mr. and Mrs. Jack Blaine of 43 St. Francis lane, San Rafael, for enameling; Julio Jimenez, son of Mr. and Mrs. Juan Jimenez of Guatemala City, for a silver pin; Anthony Monteverdi, son of Mrs. M. Monteverdi of 116 Kensington road, San Anselmo, for silver cuff links; James Sulger, son of Mrs. Dorothy Sulger of Burlingame, for a silver pin; Roger Scheinbaum, son of Mr. and Mrs. Nathan Scheinbaum of 218 Bretano way, Greenbrae, for silver earrings; Rickey Uldall, son of Dr. and Mrs. J. J. Uldall of 7 Manor drive, Kentfield, who received two awards for enameling, and William Walker, for enameling.

ST. RAPHAEL'S PRIZES

Artists from St. Raphael's School winning ceritificates of merit were:

Gregory Friese, son of Mr. and Mrs. W. V. Friese of 1654 Grand avenue, San Rafael; Marilyn Hayes, daughter of Col. and Mrs. Thomas Hayes of Quarters 292, Hamilton Air Force Base; Thomas Krebsack, son of Mr. and Mrs. R. Krebsack of 113 Ash way, Santa Venetia; Pamela Peterson of Santa Rosa, and Nancy North.

Airman Sues Over Sheriff Sale Of Car

Former Sheriff David Menary and two civil deputies are being sued for $665 damages by a Hamilton Air Force Base sergeant who charges his attached car was sold by the sheriff in an improper manner.

S/Sgt. Earl C. Claude, represented by attorney Gerald N. Hill, alleges the public sale was scheduled at 11 a.m. last Oct. 23 at Garatti's Garage in Novato. But actually, Undersheriff Floyd R. Middagh and Civil Deputy Charles A. Braam completed the sale before 11 a.m. so that those who arrived at the scheduled hour were unable to bid, the complaint alleges.

The suit was filed in Marin Municipal Court.

Middagh said he always goes by his wristwatch, which is set each morning by radio and the sheriff's clock. As he recalls, the sale was made to Mel H. Binning, Inc., one of Claude's creditors, exactly at 11 a.m. About a minute later, someone entered and offered a higher price.

Claude's 1955 Ford station wagon went for $935.31. Claude contends the actual value was $1,600, and he lost $665 on the deal because the sale was conducted in an improper manner.

Rehearsals Start For Rhubarb Revue

Casting and spot rehearsals are under way for Tamalpais Valley's fifth annual Rhubarb Revue, director-producer Laurie Tusup announced today.

To accommodate the increasing crowds at the valley's three-act extravaganza, this year's production is scheduled for two weekends instead of one—April 10-11 and April 17-18—at the Tamalpais Valley Improvement Club Hall on Maple street.

Theme of this year's show is the Madri Gras, with what Mrs. Tusup describes as "unpredictable embellishments."

Proceeds of the Rhubarb Revue go to the Tam Valley Improvement Club's building fund.

Insurance Explained To Marin Fire Chiefs

Firemen fighting a fire outside their own city or fire district are covered by state compensation insurance when they are acting under orders of their city council or fire commission, state compensation representative Donald Rice told the Marin County Assn. of Fire Chiefs Friday night.

The dinner meeting at the Belvedere Fire Station was to honor Sandy McLain, who recently retired as fire chief of the Northwestern Pacific Railroad after 40 years service, said Chief John R. McLeran of Kentfield, association president.

U.S. Asked To Assure Indians Of Protection

WASHINGTON (AP) — Congress was asked today to reassure American Indians they may stay under Uncle Sam's wing until they're ready to leave.

Resolutions restating the federal government's duty to protect the Indians were prepared for introduction in the Senate and House. Co-sponsors are Sens. James E. Murray (D-Mont.) and Richard L. Neuberger (D-Ore.) and Reps. Lee Metcalf and Leroy Anderson, Montana Democrats.

MISINTERPRETATION

Murray is chairman of the Senate Interior Committee which handles Indian legislation. He said in a prepared statement that Indians had misinterpreted a 1953 resolution under which the government began freeing them from federal controls.

Many Indians fear they will be cast out, turned out in the world before they are ready to compete with whites without the protection they get as wards of the government, Murray said.

IT'S THEIR CHOICE

"Eventually federal responsibility toward Indians will be terminated," Murray said. "However, as this resolution states, 'No Indian tribe or group should end its relationship with the federal government unless it has clearly demonstrated . . . that it understands the plan . . . and it concurs in and supports the plan.'"

The resolution also "points up the primary importance of Indian attainment of equality in health and education with appropriate federal aid, before federal responsibility is ended," Murray said.

He expressed belief the legislation "could be a milestone of progress in the unhappy history of this government's relations with the first Americans."

HEARINGS HELD

Murray said the need for such legislation was voiced by many Indians at hearings conducted by Neuberger during the past session of Congress. The Oregon senator is chairman of the Interior Indian Affairs subcommittee.

Support from Republican senators and the Eisenhower administration was requested by Murray, who said his resolution "frankly is based upon a speech made by the secretary of interior in Flagstaff, Ariz., Sept. 18, 1958.

"I am willing to accept the words of the administration's spokesman on Indian policy and give them the force of congressional approval," Murray said.

Apartment Units Ready For Tenants

Riviera Apartments, luxury living quarters with individual recessed balconies or garden patios and completely electric kitchens, is ready for occupancy in San Rafael next to Lowrie's Yacht Harbor, 4 San Pedro road.

Owner Herman Cohn of San Rafael said he has put in nothing but the best in his apartment building, which has eight units. Each unit has 1,250 square feet.

Cohn hired Rolland Hammond as architect, Paul and Katy Steinmetz as landscape architects, and Florence Huber as color consultant. General contractor was Crown Development Co.

Cohn said he believes there is a need for luxury apartments close to downtown San Rafael.

Realty Forger Wins Parole

SACRAMENTO (AP)—Edward J. Levin, San Francisco theater operator convicted of grand theft, will leave San Quentin Prison on Sept. 5 under a parole granted by the Adult Authority.

The authority fixed Levin's term at six years, three and one-half of it on parole. He entered San Quentin on March 5, 1957.

Levin, 37, was convicted as the outgrowth of a real estate transaction involved a forged agreement. His parole program calls for his employment in the television industry in Los Angeles.

Want To Run For City Office? It's Not As Hard As You'd Think

By WAT TAKESHITA

If you want to run for any of the San Rafael city offices that come up for election in April, the procedure may be simpler than you think.

It does not cost you anything to get your name on the ballot. Winning an election may be another thing, but running is relatively simple. You still have time to start from scratch and run for the April election, but you had better start right away. Here is how:

Walk into the city hall and ask City Clerk W. L. (Lynn) Morgan for forms for "verification deputies."

FRIENDS SIGN

Have five or more of your friends sign the form for "verification deputies." If you are running for a city post, the five or more signers must be qualified voters living within the city limits.

If you are running for the school board, the five or more signers may live outside the city but must live within the San Rafael High School District.

Take the signed form back to the city clerk, who will check the names to see that they are qualified voters. The five then become your "verification deputies."

Then ask the city clerk for 50 to 100 "petitions of nomination." Apportion these sheets to each of your verification deputies and ask them to get each signed by a qualified voter, supporting you as a candidate for the job you seek.

50 NEEDED

When you get these petitions of nomination signed, take them in to the city clerk. You must have at least 50 and not more than 100 petitions of nomination. Make sure you have more than 50, because when the clerk checks the names to see if they are qualified voters, he usually finds several that do not qualify.

This entire process—starting with getting your "verification deputies" and ending with submitting the 50 to 100 nomination petitions to the city clerk—must be accomplished between now and March 13.

You may wait until March 13 and do the entire thing in one day if you can, or you may start immediately and take your time about circulating petitions.

When you have filed between 50 and 100 qualified petitions of nomination, your name will go on the ballot for the April 13 election.

What is there to run for?

HIGHEST PAYING

The highest paying elective job is that of police chief. The man who takes over as police chief for the new term will get $800 per month plus a car allowance of about $75 per month. The car allowance has not been set yet, but the city council indicated it would give $75.

The new city clerk will draw $750 per month plus a car allowance of about $50 per month. (The car allowance is still to be voted by the council during the budget hearings.)

The new city treasurer will draw $650 per month.

The city attorney will get $550 per month.

The mayor draws $100 per month, and each councilman $50 per month.

Board of education members serve without pay.

EXPIRING TERMS

Terms will expire for Mayor John F. McInnis; Councilmen Charles W. Aby and Fred Jensen; City Clerk and Assessor W. L. Morgan; Tax Collector-Treasurer Angelina Soldavini; Police Chief Frank Kelly; City Atty. Albert E. Bagshaw, and members of the board of education, Rex Silvernale, C. Paul Bettini and Roderick P. Martinelli.

Every incumbent is expected to run for re-election. Newcomers trying to oust the incumbents include attorney Thomas P. Boyd for city attorney; Michael McLean, construction foreman and general contractor, for city councilman, and C. Roy Calder, bank analyst, for the board of education.

New names are being mentioned almost daily as possible aspirants, but they are not yet definite.

Quentin School Board Asks To Keep Tax Rate

Voters of the San Quentin School District will be asked to continue this year's general purpose tax rate limit of $1.30 for an indefinite period, announced Joseph R. O'Brien, clerk of the district's board of trustees.

This year's total tax rate of the district was $1.46 per $100 assessed valuation.

The tax rate proposal was placed on the ballot of the May 19 trustees' election at the San Quentin trustees' February meeting. The district's voters will be balloting at the same time for a successor to Mrs. Evelyn Johnston on the three-member school board.

Mrs. Johnston, whose term would expire June 30, submitted her resignation by letter to the board. The board will take official action on the resignation at its March 10 meeting, scheduled for 7 p.m. at the San Quentin School.

Mrs. Johnston left Friday for Salinas. Her husband, prison correctional counselor George Johnston, has been assigned to Soledad State Prison.

O'Brien said the San Quentin District found its revenue dropping in the 1956-57 school year when it lost taxes from the privately operated ferries which were replaced by a publicly-owned bridge.

With a higher tax rate, the district has been able to pay back a $500 loan from the county.

"We think we should try to build up our reserve," explained O'Brien, arguing in favor of continuing the $1.30 general purpose tax limit.

WIRE NEWS BRIEFS From Everywhere

Police In Race Row

DETROIT (AP) — Police Commissioner Herbert W. Hart today blamed discontent for a slowdown by police.

One factor, he said, was objection to integration orders planning to put white and Negro officers in the same car.

Police issued only 60 tickets yesterday to motorists who failed to have new car plates after the Saturday midnight deadline. The normal number of tickets for the first day after expiration is 800.

The commissioner said any policeman neglecting his duty will be suspended.

The Detroit News quoted one patrolman as saying, "integration is the big beef."

Other patrolmen complained of low pay.

U.S. Seeks Death Ray

WASHINGTON (UPI)—The Defense Department has begun studies that could lead to development of a "death ray" and other revolutionary weapons for defense against ballistic missiles.

Several exploratory research contracts will be awarded with the aim of coming up with an entirely new defense system against missiles in the 1970's.

An official of the Defense Department's Advanced Research Projects Agency said the contracts basically will be "hunting licenses" for industrial and university laboratories to try to devise an almost fool-proof defense against ballistic missiles.

He conceded, however, that "no one now can see a clear way to a total defense."

Comic In Hospital

PASADENA (AP)—Film comedian Mischa Auer, 53, was reported in "improved condition" today at a Pasadena hospital. He was hospitalized after suffering a mild heart attack Friday.

House Explodes

CHICAGO (AP)—An explosion literally blew a house to pieces yesterday.

First there was a jarring blast. Then, as a neighbor related, "bricks and glass and cement were flying all over." Finally, there was an oblong hole in the ground—the basement—filled with debris.

The 1½-story brick house on the Northwest Side was the home of the Gaimari family. Doris Gaimari, 34, estranged from her husband, Alfred, 36, was at work in a candy shop.

Her two children, John, 13, and Therese, 11, were at movies. Her husband was restrained from going to the home.

A search of the rubble yielded no bodies or any clues to the cause of the blast.

Solar Satellite Delayed

CAPE CANAVERAL, Fla. (AP) —Army missilemen went back to work on their lunar probe rocket today after failing last night to launch a satellite, intended to shoot past the moon and into a solar orbit.

The 76-foot rocket, Juno II, stood poised in floodlights for a half hour and the firing crew had progressed to within minutes of target time when the shoot was postponed. No reason was given officially, but it was learned that a power failure caused the decision to scrub.

Another effort could be made tonight, tomorrow or Wednesday while the moon is in favorable proximity to earth, 221,000 miles away.

U.N. Patrol Fired Upon

GAZA (UPI) — A United Nations Emergency Force spokesman said Israelis opened fire on a U.N. patrol across the Arab-Israeli demarcation line south of Gaza last night.

He said members of the U.N. force did not return the fire and there were no injuries.

Contruction Booming

WASHINGTON (UPI) — The government reports that spending on new construction last month hit an all-time high for February of $3,500,000,000 dollars.

Construction outlays for the first two months of this year totalled more than $7,100,000,000, also setting a new record high for the January-February period, the Commerce and Labor Departments said.

Burglar Steals Penny

HERMOSA BEACH (AP) — A burglar kicked in a $500 plate glass window here last night to steal a penny—a rare 1909 Lincoln head value by collectors at $50.

3 Still In Spandau

BERLIN (UPI)—Russian troops in fur caps and heavy winter coats took over guard duty from the French at the four-power Spandau Prison yesterday.

Spandau originally held seven top Nazi war criminals, but four have been released. The remaining three are Hitler's deputy, Rudolph Hess, who is serving a life term, and Nazi munitions minister Albert Speer and Nazi youth leader Baldur Von Schirach, who are serving 20-year sentences.

Insurance Honor

Richard H. Finn of 255 Cecelia way, Mill Valley, recently was awarded a certificate of proficiency for his work in insurance programming. Finn is employed in the San Francisco office of Mutual of Omaha and United of Omaha.

Youngsters Search Rubbish For Old Hypos

Four 13-year-old San Rafael youngsters found rummaging in garbage cans behind the Keiser Foundation clinic at 1930 Fourth street said, "we come down to pick up the old hypos," when asked what they were doing.

Jeannette Fowler of 10 Stone court, San Anselmo, reported the incident to San Rafael police on Saturday afternoon. Officer A. M. Newman turned up eight needles and syringes from the cans.

LAW IN ACTION

Courts Can Decide If You're A Nuisance

(This column, prepared by California lawyers, appears regularly in the Independent-Journal.)

A "nuisance" refers to what a person does on his own place that interferes with others' enjoyment of life and home.

A private nuisance such as a spite fence, noises, or smells may affect only a few people. Other things like polluting water may hurt the public as a whole. The law defines most such public nuisances as misdemeanors or minor criminal offenses.

WHAT IS IT?

What is offensive? What interferes with the comfortable enjoyment of life or property? It depends; for an annoyance to become a "private" nuisance, interference must be quite substantial and unreasonable like dumping dust and waste on one's land, blasting dynamite and shaking nearby property, or causing smoke or fumes to enter one's property.

Things which disturb one's peace of mind can cause a private nuisance such as fear of injury from stored explosives or a fire trap building near by. All these things interfere with one's "personal enjoyment."

An annoyance must be quite substantial, not trivial or due to one's peculiar sensibility.

In life today one must expect some disturbances in some places depending upon whether you find them in a residential, urban or rural area.

A person whose comfortable enjoyment of life or property has been invaded can sue the offender for damages. He can also have a court prohibit further nuisances under pain of contempt of court penalties.

BALANCING JOB

Before declaring something a nuisance, the court may "balance the equities." After all, the person causing the annoyance has some rights on his own land. In one California case a big smelter which hired many people, smoked up a neighborhood. Yet the court thought the hardship of stopping the smoke and soot would outweigh the annoyance of the persons who had complained.

If the smoke and soot could have been stopped with ease, or if the neighbors had suffered greatly, the court might have called upon the factory to "abate" the nuisance, or even close up shop.

SAFE DRIVING TIP

Rush hour driving requires extra patience as well as skill.

Rush hour crowds, boarding and unloading, force bus drivers to use leapfrog tactics in many cities. Resulting turnouts, says the Chicago Motor Club, cause jams among passenger car traffic moving in the center lanes.

The motorist faced with a quick decision either may yield gracefully to the bus or crowd into the next lane and attempt to maintain his pace. This crowding could cause an accident. Good drivers avoid taking advantage of other motorists.

San Rafael High Pool Rates Rise

You'll be able to swim seven days a week again this summer in the San Rafael High School pool. But it will cost you five cents more for admission.

That decision was reached by the San Rafael Recreation and Park Commission last week. Because of increased cost of pool operation, admission prices will go up five cents in each category. Those under 12 will pay 15 cents instead of 10; those 13 to 18 will pay 25 cents instead of 20; adults must pay 40 cents instead of 35.

Recreation Director Joseph Rodota said that the free family nights twice a week will continue as in the past. On Tuesday and Thursday evenings, families will be allowed into the plunge free. Rodota said he also hopes to have more instructional swim classes, including a new class for adults this summer.

Alcoholic Beverage Sales Up In 1958

SACRAMENTO (CNS)—Consumption of alcoholic beverages during 1958 amounted to 200 shots of distilled spirits, 225 glasses of beer and 60 glasses of wine for each of California's 15 million residents.

The state Board of Equalization said excise tax revenues on wholesale distributions of alcoholic beverages during 1958 totaled $40,534,503, up 3.6 per cent from the previous year.

INCOME TAX FACTS

Sickness Benefits Are Not Taxable

By PETER J. WIKEL, CPA

Did you receive benefits for accident or sickness, or were your wages continued for the period that you were off work because of sickness or accident?.

Peter J. Wikel

If so, the amount you received because of accident or sickness, if received from an insurance company where you paid the premiums either directly or through payroll deductions, is not taxable income.

The amount you received because of accident or sickness where your employer paid the premiums to the insurance company, or where your employer himself paid your wages while you were off sick, is not taxable income up to the first $100 per week you received after the first seven days you were off. If you were in a hospital for any day while you were off sick, then no part of the amount you received, under $100 per week, is taxable. If you were off because of personal injuries, then the seven-day waiting period does not apply.

If you have received more than $100 per week, the excess over $100 per week is taxable income to you, but only if you did not pay the premiums to the insurance company, or if your employer is simply continuing your wages. If you paid the premiums on the insurance yourself directly, or by having them withheld from your pay checks, then no part of any amounts that you receive as sickness or accident benefits are taxable income.

If you receive medical expense reimbursement, then you cannot deduct as medical expenses the bills that were reimbursed.

If you deducted medical bills in a prior year, and this year receive reimbursement for them, then you should include the reimbursement in your income, but only if the deduction in a prior year gave you a tax benefit.

Where your W-2 slip includes payments to you which are not taxable because they are benefits for sickness or accident, or are wages paid while you were off work due to sickness or accident, as above, you enter the total amount of your wages on line 5 of the tax return and then deduct the tax free amount on line 6.

Be sure to attach a detailed statement to your tax return showing how you figured this. When you were off — what happened, if you were in the hospital, etc.

Better still, get a form 2440 from the Internal Revenue Service and use it.

Fairfax Youth Council Planning Thrift Shop

The Fairfax Youth Activities Council has ended a seven-month hibernation with plans to open a "thrift shap" of discarded articles and to operate a clearing-house of summer jobs for Fairfax youngsters between the ages of 12 and 16.

The eight members who attended a meeting last Thursday decided not to disband the council. They scheduled their next meeting for March 31 at 8:15 p.m. at Fairfax Central School, when action will be taken on the proposed thrift shop which the council hopes to set up in a Fairfax store and staff with teen-agers.

Proceeds would be funneled into the Fairfax recreation program. The group plans to use a $311 treasury to get it going.

Also scheduled for the March 31 meeting is election of officers. Albert Lourdeau was nominated for president; Mrs. Shirley Glasser, vice president; Don Maloney, recording secretary; Mrs. Jean Secchitano, corresponding secretary, and Mrs. Dorothy McGlothlin, treasurer. Nominations will be accepted from the floor at the next meeting.

Membership is open to anyone aged 12 or over living or having a business in Fairfax.

Mrs. Secchitano said the Youth Council hoped to find a merchant who would offer space for the thrift shop. It would probably be open one day a week. She said it would make a good headquarters for the 12 to 16-year-olds' employment bureau.

Signups In Bridge Class Tomorrow

Final registration for a spring class in beginners' bridge offered by Ernest W. Rovere will be taken tomorrow at 8 p.m. at the Marin Jewish Community Center in San Rafael.

Rovere is now entering his sixth year of teaching bridge at the center.

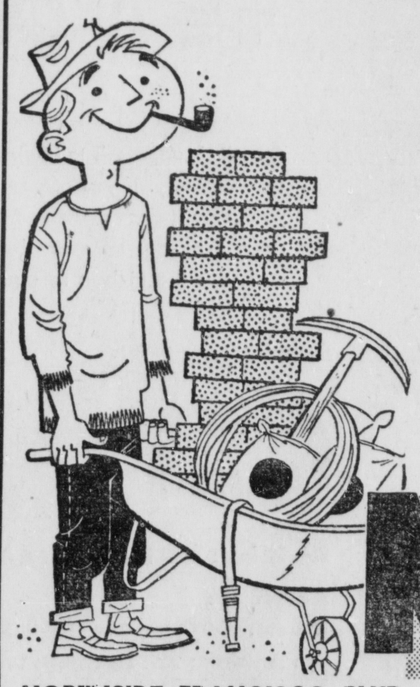

Reservations may be made by telephoning Marin Jewish Community Center.

Vie For Scholarships

Three students of Domincan Convent Upper School in San Rafael have been declared semi-finalist candidates for 1958-59 state scholarships, the state Scholarship Commission announced today. They are Kathleen Anne Kindt, Maureen Hartmann and Margaret Fae Woods.

IN EVERY ENVELOPE, A HOPE

Tim Cain of San Anselmo, Marin's 1959 Easter Seal child, and Pamela Schmidt of San Rafael, Easter Seal child of last year who now can walk without crutches, know what the contents of the many bunches of envelopes can mean. The envelopes contain Easter Seals, which went in the mail Friday to residents throughout Marin County. The 1959 seal sale campaign was "kicked off" with a luncheon at Bob's in Marin this noon hosted by the Toyon unit of Friends of Arequipa.

Organ Music Concert Set In San Rafael

A concert of organ music will be played by G. Franklin Morris at 8 p.m. tomorrow at St. Paul's Episcopal Church, Mission avenue at Court street, San Rafael.

The concert will be in connection with a meeting of the American Guild of Organists at the church. Morris, who is St. Paul's organist, will play Bach's "Prelude and Fugue in E Minor" and the first movement of Rheinberger's "Sonata in A Minor."

The St. Paul's Junior Choir, composed of boys and girls 9 to 14 years old, will participate in a service of choral evensong preceding the recital, and following the service will sing selections appropriate to the seasons of Advent, Christmas, Lent and Easter.

Rev. Henry B. Getz, rector of St. Paul's, will be officient.

The business meeting of the Redwood chapter of American Guild of Organists will be held after the recital.

Some Americans Visit Red China Despite Ban

TOKYO (UPI) — Some Americans are visiting Communist China despite the strict U.S. State Department order against such visits.

These visits are being made almost unnoticed outside of the "Bamboo Curtain" but with much fanfare on the China mainland.

And these visits come in spite of the fact that there are Americans still held prisoner by the Communist government in Peiping.

The latest Americans receiving red carpet treatment by the Chinese are prominent American Negro scholar and educator Dr. William F. B. DuBois and his wife, Shirley Graham.

Du Bois and his wife, both of whom are members of the World Peace Council, have been meeting the top Communist Chinese leaders since they arrived in Communist China earlier this month.

Another American believed to be in China is Frank Coe, who was one time prominent as secretary of the International Monetary Fund and an official of the U.S. Treasury Department.

A third one-time prominent American is writer and journalist Anna Louise Strong, who now calls Peiping her home.

In contrast to the wide publicity and newspaper headlines given when other Americans visited Red China in defiance to the State Department ban, these people have gone behind the Bamboo Curtain so quietly that few knew they were there until their presence was reported by the Communist press or radio.

Garage Won't Close—Which Adds To Woes

Fred John Landa of 303 Ross drive, Tamalpais Valley, can't close his garage door because his car is too long. This fact apparently made things very simple for someone who took a $45 electric sander and a $60 case of gin from his garage sometime last week, the 40-year-old bartender reported to the sheriff's office on Saturday.

SEASON STARTING

Persuasion Keynotes Polio Drive

NEW YORK (UPI) — The 1959 polio season is beginning and public health authorities are resolved to do their very best to take millions of Americans by the hand and lead them, as gently as possible, up to needles containing the Salk vaccine.

This year personal persuasion is going to be used on the indifferent or unknowing ones who are spoiling science's dream of wiping out paralytic polio. Last year the authorities depended on routine information-dispensing and self-interest to send people to the needles on their own.

FIVE EPIDEMICS

That didn't work, and polio staged a comeback for the one reason that not enough people had been vaccinated against it. There were epidemics in five states.

This summer, the authorities are determined, there will be no epidemics. But to assure that, millions must be vaccinated. To bring that about, emissaries of the U.S. Public Health Service and of the National Foundation, the March of Dimes organization which produced the vaccine, are now busily organizing local and state public health and civic groups into a fused national campaign.

OVER-ALL PLAN

The over-all campaign plan was worked out at a conference sponsored by the Public Health Service during the winter. The reasons why the 1958 vaccination campaign had fallen so far short of its goal were scientifically analyzed. It was apparent that large segments of the population had not been reached.

These were the segments which had somehow remained unaware of the polio-vaccine score or who felt polio was a disease only of children and so couldn't affect them, or who simply were not interested. The question was, how to get to these segments?

THE ANSWER

The answer, the experts felt, was to apply social pressure—to take them by the hand and lead them.

This can be done through churches and social and business organizations. The idea is both to educate and to make it uncomfortable for individuals to be indifferent about the polio menace.

What disturbs public health authorities is that out of a total population of 175 million, only about 77 million have had one or more shots of the Salk vaccine. Even more disturbing is the fact that of children younger than 6, about one-third have not had even one shot.

Electric Shavers Stolen

Three electric shavers worth $58 retail were taken from the Montgomery Ward and Co. store in San Rafael, reported Allen Ray Trusdell, assistant manager, on Saturday afternoon. He told San Rafael police the theft from an appliance showcase must have occurred between 11 a.m. and 3 p.m.

BURGLARY SUSPECTS CAPTURED IN MARKET —The Shoreline Market in Tamalpais Valley turned out to be a trap today for three San Franciscans. who were surrounded and arrested by sheriff's deputies after cutting a hole through the roof. V. Menjou. (Independent-Journal photo)

Three Armed Burglars Caught On Market Roof

Deputy Marcus Spots Thieves, Sets Trap

Three burglars, armed with two loaded automatics, were trapped on the rooftop of Shoreline Market in Tamalpais Valley early today by sheriff's deputies who slapped a cordon around the supermarket.

Deputy Sheriff Frederick L. Marcus, operating out of the Marin City substation, spotted lights and movement inside the market at 1 a.m. to set the stage for the capture of the armed trio.

Sheriff Louis P. Mountanos and Undersheriff Eugene Meyer commended Marcus for an alert and efficient job.

TRIO JAILED

The burglary suspects are Richard Evan Gibbs, 29; Charles George Hendricks Jr., 26, and Henry Koefil Kot, 29, all of San Francisco.

Hendricks is a mechanic and Gibbs an artist. No occupation was listed for Kot. All three have previous arrest records, including a San Quentin term for Gibbs.

Inspector William Bradley, who handled the investigation after the capture, and Deputy A. V. Menjou found two guns, a .25 automatic and a .38 pistol, stuffed into a drain pipe on the store roof. Both were loaded.

ROOF SAWED

Officers said the trio admitted sawing their way into the market through the roof. They had $140 in rolled coins all ready to go when Marcus spotted them.

The dial had been knocked off the store safe, but the door was still unopened.

Inspector Bradley said the men would be questioned for possible connection with other Bay Area burglaries.

Deputy Marcus, when he first noticed the lights inside the market, kept driving on so as not to tip off the burglars inside. After rounding a curve, he turned off his car lights, rolled up to Morningsun avenue overlooking the market, noticed movement inside, and radioed for help.

Deputy William Bradford responded that he was on the way. Marcus then went to the front door. He saw a man run toward the back door. He drew his pistol and rushed to the back door and waited.

THREATENS TO SHOOT

One man started out the back door. "Freeze or I'll shoot," Marcus ordered.

The man jumped back inside, slamming the door and locking it. Just about this time, Deputy Bradford rolled up to the front door.

Other reinforcements, including Inspector Bradley, Deputy Menjou, and Highway Patrol Officers John Halligan and Charles Woodward arrived.

Tamalpais Valley Fire Department was called to put up a ladder to climb to the roof. Meanwhile, officers took out their shotguns.

Hendricks then appeared at

Alternate Plan Said No Bar To Integration

James H. Scheuer's alternate plan for redevelopment of Marin City was approved unanimously by the Marin County Planning Commission shortly before 2 p.m. today.

A crowd that packed the room at today's hearing by the Marin County Planning Commission heard opponents and proponents of the proposed "alternate" plan for Marin City agree that racial integration cannot be guaranteed, regardless of which plan is accepted.

George C. Goheen, chairman of the county redevelopment agency, asked the commission to approve the alternate plan as it would upgrade the community and provide greater tax revenues. "It stands a very good chance of creating a racially integrated community," he contended.

STORY PROTESTED

Oakley Hunter, attorney for James H. Scheuer, selected to develop Marin City, complained, "I am distressed by Saturday's press reports that our plan would create segregation, . . . I am keenly aware of the possibilities of trying a case in the press prior to a hearing."

Saturday's Independent-Journal carried a resume of the staff report on the Marin City proposal prepared by planning director Mary Summers and her staff. Mrs. Summers said it was in keeping with established policy to release to the press such material at the time of its preparation.

APPROVAL GIVEN

E. Morton Schaffran, deputy executive director of the redevelopment agency, emphasized that since the plans for Marin City development were presented last October, the alternate plan has run the gauntlet of many organizations "and has received resounding approval." He named many of the groups which have approved the plan.

Conceding that the Sausalito Citizens Council and Tiburon Peninsula Coordinating Council have favored the original master plan, Schaffran asked for a decision at the hearing.

Russ Agree To Negotiate On Germany

MOSCOW (UPI) — The Soviet Union agreed conditionally today to negotiate with the West before handing over Berlin's lifelines to East German control on May 27.

New Soviet notes to the West urged an April summit conference but accepted proposals for foreign ministers' talks if the West "is not ready yet" for the summit.

Soviet Premier Nikita Khrushchev withdrew his rejection of foreign ministers' talks on the Berlin crisis after insistent pleas from British Prime Minister Harold Macmillan.

Russia offered the compromise in new notes handed to the American, British, French and German ambassadors by Soviet Foreign Minister Andrei Gromyko today.

The only condition imposed by the Russians in the notes was that Czechoslovakia and Poland must be invited to give the east numerical equality with the West at the conference table.

The notes stipulated that the conferences must be limited to "a term of not more than two or three months."

Geneva or Vienna would be the best sites for the conferences, the Russian notes said, and April would be the best time to start.

The suggestion that talks begin in April was crucial. This meant agreement in principle, at least, to negotiate before the scheduled handover of sovereign rights in Berlin to East Germany, now due May 27.

The notes were published by Russia shortly after Macmillan emerged from his final negotiating session with Khrushchev in the Kremlin.

Youth Jailed For Assault At Drive-In

A 17-year-old California Youth Authority parolee from Corte Madera was jailed last night for allegedly beating another juvenile at Zip's Drive-In San Rafael Saturday night.

Pete Valtonesi, 17, of Pt. Reyes suffered bruises about the head and face. He told San Rafael Juvenile Officer Joseph J. Brusatori the other youth hit him for no reason at all about 10 p.m. Saturday at the drive-in.

REPORT BEATING

Valtonesi and his friends drove to San Anselmo and reported the beating to Police Officer John Orr. They told Orr the attacker had knocked Valtonesi down and kicked him in the head.

Sgt. Lincoln Borba of San Rafael police went to Zip's and noticed a car answering the description of that used by the attacker.

Borba talked to the driver, William Richard Mauer, 19, of Hamilton Air Force Base, who said he had seen no disturbance. Three passengers in the car could give no information about the fight.

ALL-DAY PROBE

A youths later identified as the attacker was in the car, but gave a false name. He was picked up last night, after an all-day investigation by police.

Youths drove a bulldozer over the newly filled parking area at Stinson Beach Park yesterday afternoon, then fled before sheriff's deputies arrived. No damage was reported.

Ranger Eric Leffingwell at the state park called the sheriff at 2:45 p.m.

ASSEMBLY VOTE GIVES TIDELAND TO MILL VALLEY

SACRAMENTO (UPI)—The state Assembly voted today to give portions of state-owned tidelands to the cities of Mill Valley and San Leandro and to Sonoma County.

The measures were sent to the Senate for final action.

Assemblyman Richard McCollister (R-San Rafael) authored the measures conveying land in Richardson Bay to Mill Valley and giving Bodega Bay land to Sonoma County.

2 Candidates Seek School Board Posts

Two more candidates filed today for school board positions which will be filled in the May 19 trustees election, County Supt. Virgil S. Hollis announced. Both are incumbents.

Walter J. Doll of 279 Cobblestone drive, Marinwood, is an aspirant for re-election in the Dixie School District. Elected when the board was increased from three to five members in May 1957, Doll serves as clerk.

Dan H. Barber of 1294 Parkwood drive, Novato, seeks re-election in San Jose School District. Chief safety engineer at the Standard Oil Co. refinery in Richmond, Barber was appointed to fill a board vacancy just over a year ago.

Fire Levels Home On Fairfax Hillside

A fire of undetermined origin completely destroyed the Fairfax home of E. H. Rushton at 381 Tamalpais road on Saturday night.

The blaze was discovered by a next-door neighbor, Miss Florence Atkinson of 373 Tamalpais road. She telephoned the alarm at 9 p.m. "The fire department arrived about 25 minutes later," said Miss Atkinson.

Rushton returned home about 10:30 p.m. to find his house was leveled. Damage was estimated at $17,500 by Fire Chief Charles Thornton.

SKY AGLOW

The flames lit the densely wooded hillside and were visible in most of Fairfax and part of San Anselmo. Rushton's house was at the end of Tamalpais road.

Miss Atkinson said as late as 8:40 p.m. she had been outside her house and there had been no sign of smoke or flames.

Rushton's little Boston Bull, Judy, began barking frantically shortly before the Atkinsons' lights blinked and the fire was discovered.

CATS PERISH

The dog had been tied up outside because one of Rushton's two cats was expecting kittens. The cats perished in the fire.

The wood-frame house was engulfed in flames when two fire trucks under Capt. Frank Harrison arrived, closely followed by Chief Thornton.

"It wasn't 25 minutes before we arrived," Chief Thornton said today. "It takes about eight minutes to get over the winding road to that location, besides laying 1,200 feet of hose. We left the firehouse immediately and went directly to the fire."

The 18 firemen battled the blaze for an hour and one-half

Car Spins 110 Feet Off Tam Highway

A 29-year-old Marine master sergeant, Harold W. Shelly of San Francisco, escaped with minor injuries when his station wagon rolled 110 feet down a brush-covered embankment off Panoramic Highway at 2:55 p.m. yesterday, according to the California Highway Patrol.

The accident occurred on a tortuous portion of the road about three miles west of Mill Valley. The car left 111 feet of skid marks before leaving the roadway and rolling down the embankment, reported CHP Officer Sam Thomas.

4 More File For Election In San Rafael

Four more candidates have officially tossed in their hats for the April 13 San Rafael election by filing their petitions for nomination to City Clerk W. L. Morgan.

Police Chief Frank Kelly is running for his fifth term. Lt. Charles Chiesa, his announced opponent, is circulating his petitions.

For school board, incumbents Rex Silvernale and C. Paul Bettini have filed their petitions for nomination. Roderick P. Martinelli, the third incumbent is circulating his petitions. C. Roy Calder, newcomer, has filed to run for one of the school board posts.

Filing deadline is March 13.

Palefaces Bask In Sunshine As March Comes In Like Lamb

The warmest weather of 1959 accompanied the advent of March in Marin County yesterday, bringing thousands of pale hibernators out into the sunshine for a day of picnicking, hiking, wading and just plain loafing at Marin's many parks and playgrounds.

Temperatures soared to 84 degrees in Tiburon, 80 in Mill Valley and San Anselmo, 78 in Woodacre, 76 in San Rafael and Terra Linda and 72 in Novato.

Skies were fair Saturday and yesterday, but today a smoggy haze settled over a large portion of the county to mar an otherwise springlike day.

Muir Woods National Monument had "about as many visitors as we could handle" over the warm weekend, Supt. Frederick Martinschang reported. The two-day total was 5,703, with 1,874 visitors Saturday and 3,829 yesterday.

Stinson Beach State Park lured some 7,000 lovers of sea and sand yesterday about twice the crowd that turned out Saturday. Only limited parking facilities are available at the park because of a redevelopment project now in progress. The situation will continue for another six weeks or so, with public parking limited to one lot in the Seadowns area and a small lot in front of park headquarters.

Jack Schlotter, ranger at Samuel P. Taylor State Park, reported about 1,500 visitors there during the two days, 1,000 of them yesterday.

"If that's any indication of what's ahead, we're going to have a big season this year," Schlotter said.

More sunny skies and balmy temperatures were forecast by the weather man for today and tomorrow.

TORCH IN THE NIGHT — Like a giant torch, burning home of E. H. Rushton at 381 Tamalpais road, Fairfax, lights up the night sky. Rushton was away from home when the fire, of unlearned origin, broke out. His cats perished in the blaze. (Independent-Journal photo by Bob Hax

1-Way Route Makes Debut In San Rafael

One-way traffic came to San Rafael today.

For the first time, traffic was routed one-way over the "Big Circle" approach to Highway 101, through and around the Irwin street underpass.

Cars were closed to a crawl at the underpass, despite the one-way movement, and there were some complaints that "it's worse than it was before." But the complaints were few, and the first morning's one-way operation passed without a traffic accident, police reported.

Uncle Sam's Having Trouble Borrowing Billions He Needs

WASHINGTON (AP) — Uncle Sam is having trouble borrowing the billions he needs to stay in business.

No one doubts he'll get the money he requires, one way or another. The question is: what price will he have to pay — in terms of dollars, economic difficulty and possible inflation?

If the price gets high enough, a financial crisis could develop. Treasury officials say they are optimistic but their concern is apparent.

TACTICS FAIL

The government's plight was dramatized last month when nine billion dollars of loans supplied by private lenders came due. Like any harried debtor, Uncle Sam asked his creditors to renew the loans. As encouragement, he offered them new and more generous terms.

The lenders — banks, corporations and individuals — had a choice. They could renew their loans for one year and collect 3¾ per cent interest or renew for three years and get 4 per cent.

Historically, these interest rates are very high. In some cases, they were more than double the rate paid on the original loans.

Nevertheless, two billion dollars of loans were not renewed. The lenders wanted their money back.

NEW BORROWING

Uncle Sam had expected a sizable demand for cash — but not this much. He didn't have the funds to pay off the maturing loans and was forced to make an emergency borrowing.

This meant he was able to get all the credit he needed only on the second attempt. He had expected to get enough the first time. It was a sobering experience for the world's best credit risk.

What went wrong?

There can be no precise answer since the result represented decisions by scores of lenders who didn't put their reasons in writing.

TWO FACTORS

Treasury officials are inclined to blame "technical factors." However, they concede some of the responsibility belongs to these other — more ominous — factors:

1. Fear of rising interest rates in a period of economic recovery.

2. Fear of inflation.

If an investor believes inflation is the "wave of the future,' he doesn't want to tie up his money in a government I.O.U. — a Treasury security — that would depreciate in value. He's more apt to invest in common stocks or real estate, hoping their value will keep pace with inflation.

Bonds and similar debt securities are vulnerable to inflation. As living costs rise, the market price of a bond drops because the dollars it represents are losing value.

All interest rates tend to rise in periods of inflation. Lenders need more incentive to make a loan since they'll be paid back in dollars of diminishing value.

DEMAND FOR LOANS

You don't have to have rising prices, however, to get rising interest rates. Prices have held virtually steady since last June. Still, in that time, the interest demanded on three - month loans to the government has virtually tripled.

Such a rise in rates is due to market factors. If the supply of money available for lending decreases, or the demand for loans increases, interest rates rise.

Since last summer, the demand for loans by the Treasury — the world's biggest borrower — has mounted because of a 13-billion-dollar budget deficit.

CREDIT RESTRICTIONS

Meanwhile, the Federal Reserve Board has been restricting credit in effect, holding down the supply of money available for lending. The board has done this in hopes of preventing an inflation of credit which could inflate the whole economy.

Both these developments have put upward pressure on interest rates.

Adding to that pressure, many investors have decided inflation is coming and so have declined to lend.

It is in this environment that the Treasury is financing a record national debt of 286 billion dollars. That it is having problems is not surprising.

Serio Backers Expect To Pack Council Meet

Partisans of Sam N. Serio, assistant police chief of San Anselmo, today promised to "pack the council chamber" for a special meeting of the San Anselmo Council tomorrow at 8 p.m.

Serio's name appears no place on the agenda for the special meeting. But the second item of the agenda calls for council action to override a "gag" rule imposed by Police Chief Donald T. Wood on members of his department. The council will consider an order that the policemen answer questions by members of a three-man council committee investigating city departments. Wood has a standing order that the officers are not to discuss affairs within the department with persons outside of it.

ALLEGATIONS HEARD

The investigating committee reportedly has heard allegations concerning Serio which it wishes further to probe. They involve allegedly driving a school bus and directing traffic for a private company while on duty or on call.

Another item which had been placed on the agenda for tomorrow night's meeting was stricken today, reported City Clerk Anita M. Gannon. It was for setting a date for a special closed-door meeting of the council to which witnesses could be subpenaed to testify on "administration, practices and efficiency of the particular department to which the inquiry is directed" (i.e., the police department). It was understood the item was removed from the agenda on advice of City Atty. John G. Buresh.

BUILDING PLANS

First item for the meeting is a non-controversial one: display of preliminary plans for San Anselmo's No. 2 firehouse and library addition by Malone and Hooper, architects.

John P. O'Connell, attorney for Serio, said today he expects the council chamber to be filled to capacity for the 8 o'clock meeting.

"Ninety per cent of the people in San Anselmo believe in Sam Serio and know him to be a fine officer and a man of high integrity." declared O'Connell. We expect they'll be there to see he gets a square deal."

O'Connell said he plans to demand that the investigating committee "put its cards on the table, and bring right out into the open any allegations against Sam Serio."

Members of the committee are Councilman Jordan L. Martinelli Jr., chairman, William Franchini and Carleton G. E. Little.

Fire Meet Canceled

Tiburon Fire Protection District Commission will not hold its regular meeting tomorrow night because all business was transacted at Friday's meeting, according to Fire Chief Jack Ishmael.

The meeting will be open to the public, the P-TA announced.

Vandals Nearly Blow Up School

SAN FRANCISCO (AP)—Vandals almost blew up the Marina Junior High School before dawn today.

A motorists saw flames in a second floor window. He turned in a fire alarm. At about the same time Patrolman Gus Stremme happened by and saw the blaze.

Stremme ran inside. He smelled escaping gas and discovered that all the gas burners of 16 stoves in a downstairs home economics classroom were turned on.

He turned the gas off as firemen extinguished a fire which had been set in a second floor general science laboratory.

Marin Citian Fined For Drunken Driving

Marin City truck driver Raymond Taylor, 49, must pay a $250 fine and remain on probation for six months for his first drunken driving offense.

He was convicted by jury in Marin Municipal Court. Judge Richard M. Sims ordered Taylor to pay the fine and not drive except in connection with his work for the next six months.

Taylor, who gave his address as Post Office Box 763, was arrested on Drake avenue at Atherton Center last Dec. 28.

Stauffer System Salon Gets New Ownership

Peter and Jacqueline Gendron of Mill Valley today became the owners of the Stauffer System slenderizing salon in San Rafael.

The salon, located in Suite 103 of the Pierce Building at 1601 Second street, was purchased by Mr. and Mrs. Gendron from Mrs. Ray McHenry of San Rafael.

Mrs. Gendron, who will manage the business, has worked at the salon for more than a year as assistant manager, technician and receptionist. The new assistant manager is Mrs. Jacqueline Carew of Sausalito, who held the same position several years ago.

"What we offer women is complete posture," Mrs. Gendron said. "Age makes no difference. Length of treatment courses depends upon the individual figure problem."

The Stauffer mechanical tables, on which the salon's clients relax and listen to soft music, are the key to the Stauffer System. They provide what Mrs. Gendron termed "passive exercise, as opposed to voluntary exercise. They're for reducing, slenderizing or just plain relaxing. There is no effort. The tables do the work."

A free introductory treatment and complete figure analysis are offered at the Stauffer salon at no obligation to women interested in learning about the system, Mrs. Gendron said.

Advice to clients on dietary matters also is given by the salon's day and night technicians.

Hours are 8:30 a.m. to 9 p.m. on weekdays and 9 a.m. to noon on Saturdays.

Mr. and Mrs. Gendron came to Marin County six years ago. They live at 29 Plaza drive, Mill Valley.

STOCKS TODAY

NEW YORK (AP) — Electronics and rocket fuel issues continued ahead late this afternoon as the stock market retained an irregular edge to the upside in active trading.

Volume for the day was estimated at 4,000,000 shares compared with 4,300,000 on Friday.

Hoffman Electronics gained more than three and Thiokol about four. Raytheon and Sperry Rand advanced more than a point each. Philco was up about a point.

General Tire and Heyden Newport Chemical dropped fractionally.

Lt. Governor To Address Labor Council

Lt. Gov. Glenn M. Anderson will be principal speaker at the Marin County Labor Council's installation dinner Wednesday at 7 p. m. at Rickey's Rancho Rafael in Ignacio, president Leonard H. Wessell announced today.

Anderson will discuss Gov. Edmund G. Brown's legislative program and the progress made on it to date. His discussion is also expected to include various bills in Senate and Assembly which affect labor, said Wessell. These include AB419, covering jurisdictional matters, and SB209, the governor's bill to increase the security of union members.

Albert DeMello of Corte Madera heads the list of new officers to be installed. He will succeed Wessell, a resident of neighboring Larkspur, in the presidency.

Ex-S.F. Mayor Joins Boosters Of Bay Authority

Elmer E. Robinson, former mayor of San Francisco, has been named to the Citizens for the Golden Gate Authority, a group seeking establishment of an over-all authority to manage and coordinate the operations of Bay Area bridges, major airports and seaports.

Legislation for such an authority has been introduced by Sen. John F. McCarthy (R-San Rafael) and four other state senators from the Bay Area.

In accepting membership on the citizens' committee, Robinson said an authority "offers us the opportunity to combine our efforts, eliminate waste and duplication and meet the needs of our expanding population."

The Golden Gate Authority proposal also has received the unanimous endorsement of the directors of the Richmond Chamber of Commerce.

Doll City To Open Doors In New Store On Fire Site

Doll City, a San Rafael store which boasts "everything for a little girl's play needs," will reopen tomorrow at 1414 Fourth street in a new building erected on the site of the disastrous downtown fire of 1957.

For its grand opening at the new location, the store will offer Vogue dolls and doll clothes at one-third off regular prices.

Formerly located at 2066 Fourth street, Doll City closed temporarily Jan. 17 when the owner, Mrs. Hubert F. Cooper, went to the hospital to give birth to her third child.

"We combined a move and a new baby all in one," she said with a laugh.

In its larger quarters, Doll City will continue to feature dolls of every description, from antique to modern, plus a complete line of doll furnishings and accessories.

The store also will maintain its well-known museum, doll hospital and library of books about dolls. Antique and foreign dolls, all collectors' items, are exhibited in the museum. The hospital accepts dolls of all types for repair.

Store hours at the new Fourth street location will be 10 a.m. to 5:30 p.m. except Fridays, when the doors will remain open until 9 p.m. for the convenience of late shoppers.

San Rafael Man Coaxed From Bridge Parapet

A 29-year-old San Rafael man, out of work and unable to purchase insulin for treatment of his diabetes, was stopped from leaping off the Golden Gate Bridge late Saturday by a passing motorist.

Cecil Weldon Matthews of 79 Woodland avenue was being held for observation today in San Francisco Hospital, where he was taken after being pulled back from a bridge parapet.

He told a California Highway Patrolman who arrested him that he had tried to take his life by slashing his wrists with a razor Friday night, but only bled. There were razor blades—but no money—in his wallet, the Highway Patrol reported.

Matthews said he suffered from diabetes and been able to get no insulin for more than a month.

He was coaxed back from the bridge railing at midspan by Harrol Baechler, 48-year-old San Francisco tree surgeon.

Baechler, returning home from Marin County, braked to a stop when he saw Matthews vault the railing to a parapet just below.

He grabbed the sleeve of Matthews' coat and coaxed him back, then drove him to the Highway Patrol office at the toll plaza.

In Heart Conference

Three Marin County men are serving this year in the American Heart Assn. staff conference. They are J. Keith Thwaites of Mill Valley, executive director of the California Heart Assn.; Lawrence I. Kramer Jr. of San Rafael, member of the San Francisco Heart Assn., and Frederic S. Weisenheimer of Mill Valley, member of the California Heart Assn.

Novato Girl, 16, Champion Dog Win In Oakland

A 16-year-old Novato girl won top honors in junior showmanship competition last weekend at the Oakland Kennel Club's all-breed dog show and obedience trials.

The winner, Jenny Lee Wedel, competed against nearly 100 other youngsters in putting her dog through the paces of handling, obedience and other events comprising the junior showmanship division.

The dog, a champion Shorthair Pointer named Erdenreich's Beau V Gardsburg, also was judged best of opposite sex at the Oakland show.

Jenny, a junior at Novato High School, is a daughter of Mr. and Mrs. Richard Strassner of 201 Channel drive, Novato.

A number of other dogs entered by Marin County residents also were awarded blue ribbons, including the following.

Irish Water Spaniels: Seventh Heaven Sobersides, best of breed, and Seventh Heaven Shalalah Tam, best of opposite sex, both owned by Mr. and Mrs. Robert Murgatroyd of San Anselmo.

Welsh Corgi Pembrokes: Rover Run Red Rufus, best of breed, and Rover Run Red Rose, best of opposite sex, both owned by Walter L. Simonds of San Rafael.

Basset Hounds: Newton's Calypso, best of breed, owned by Mr. and Mrs. Donald W. McLeod of Mill Valley.

Chihuahuas: Tejano Queen Jezebel, best of smooth coat variety, owned by Col. L. F. Zimmerman of Hamilton Air Force Base; Romeo and Juliet, best smooth coat brace, owned by Mrs. Israel Whitaker of San Geronimo.

Dobermans: Teeny Weeny Stardust, best of breed and best working dog, owned by Mrs. Israel Whitaker of San Geronimo.

Light Bull Terriers: Woody's Tar Baby, best of opposite sex, owned by Alfred James Smith of San Rafael.

Longhaired Dachshunds: Naughty Marietta of Marin, best of opposite sex, owned Mr. and Mrs. Virgilio Cheda of San Rafael.

Pugs: Ch. Picnic Toi's Laeng Fah, best of opposite sex, owned by Picnic Valley Kennels, Novato.

200 Join 4-H Club Parade Down Novato Thoroughfare

More than 200 paraders marched and rolled down Novato's Grant avenue under balmy skies Saturday to mark the beginning of national 4-H Club Week in Marin County.

The Novato Aggie Club walked off with two of the five awards sought by the participants. The group received awards for the best club float and best livestock unit.

The Miwok Club was judged best marching unit. Valley Riders were named best mounted group, and Novato Valley took first place for its novelty entry.

The parade, starting at Marion School and ending at the foot of Grant avenue, included farm animals on foot and in cages, colorful floats depicting 4-H Club projects, and three high school marchings bands—those of Novato, Tomales and Marin Catholic.

The Nicasio and San Rafael Community 4-H Clubs also marched.

Judges, who reviewed the parade from in front of the First National Bank, were county supervisor William Gnoss; Peter J. Ferrarese, manager of the First National Bank of San Rafael's Novato Branch, and Hugh Turner, manager of radio station KTIM.

Certificates of merit will be presented to the winners, according to Mrs. Frederick Lear, one of the parade's organizers.

Woman Charges Attempted Rape

A 22-year-old hospital worker from El Verano, Sonoma County, told sheriff's deputies today that a stranger forced her into his car around 3 a.m. today and attempted to rape her in the construction area of Marin City.

Edna C. Schumann, 22, said she had been riding with her boyfriend and that she left after an argument. As she was making her way along the highway, she said, the stranger arrived to force her into his car and struck her as he attempted to rape her.

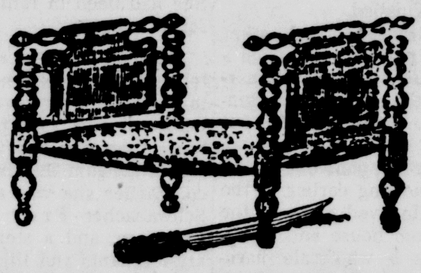

She made her way to the Fireside Motel where Deputy Fred Marcus from the Marin City sheriff's substation found her.

Tam Valley Girl's Bike Collides With Auto

A 10-year-old Tamalpais Valley girl, Pamela Kay Henrich of 307 Robin road, escaped with only a bump on her head late Saturday when her bicycle collided with a car at Northern avenue and Browning street, reported California Highway Patrol Officer V. C. Weimer.

Driver of the car, Peter Dolan, 31, of 606 Eastwood way, Tam Valley, was not cited.

"Uncertainty is unhealthy," he asserted.

NAACP APPROVAL

Nathaniel Coley, attorney on Scheuer's staff and chairman of the West Coast legal section of the National Assn. for the Advancement of Colored People, declared: "National NAACP heads have approved the alternate plan as being most likely to achieve racial and cultural integration." He said that had the master plan been approved, it would have been satisfactory, but "the major increase in the number of Negroes in recent months has changed the picture."

Coley, who owns a better class home in a predominantly white neighborhood in Sacramento, declared: "Negroes who would buy these homes do not believe in segregation and would see to it that new families moving in would not all be Negroes. They would practice self-discipline."

Also speaking in favor of the plan were architect Vernon De Mars and landscape architect Lawrence C. Halperin.

GIVES REBUTTAL

In rebuttal, planning director Summers argued that the purchase-rental ratio of 50-50 had been changed to about 30-70 under the Scheuer alternate plan.

"If the residents of Marin City want to run their community, then home-owners must predominate," she declared. She cited statistics from the two plans as to probable population, school children expected and land use.

She differed sharply with Scheuer's estimate of the number of school children which might be expected, as well as tax return.

Rev. Howard Swartz of Novato, a member of the redevelopment agency, differed. "We are not necessarily second class citizens because we don't own our own property," he declared. "It is pure fantasy that we are going to attract white families because we have left pockets for them. This is not integration."

He declared that "integration assumes a permissive atmosphere to race, color, creed or economic level. If this permissive attitude prevails in Marin City, it is integrated."

Others who spoke included Scheuer, Max Beagarie and Mrs. Margaret Stone of Marin City, Arthur K. Smart, Sausalito City Manager Donald A. Duerr and Carl Spring of Sausalito.

Bay Authority Would Build S.F. Bay Tube

SACRAMENTO (UPI) — State Sen. John F. McCarthy (R-San Rafael) feels that the proposed Golden Gate Authority, if approved by the Legislature, would be "legally obligated" to build a trans-bay rapid transit tube.

McCarthy said yesterday he could see no conflict between the authority, designed to bring Bay Area bridges, airports and seaports under single management, and the rapid transit proposal.

He said the tube "presumably would be financed through surplus bay bridge revenues" and tube passenger fares.

"The authority merely proposes to do for Bay Area bridges what the rapid transit district is doing for the movement of people—meet regional problems on a regional basis," McCarthy said.

The Senator's Interim Committee on Bay Area Problems will hold a hearing here March 24 on the proposed Golden Gate Authority legislation.

Dr. Willis, Wife Win Continuance On Pleas

Dr. Jack E. Willis, 41-year-old Mill Valley physician, and his wife Josephine, won another week's continuance today before they enter their pleas to charges they performed an illegal operation last October.

The obstetrician and his wife did not appear, but attorney Berwyn Rice asked Judge Thomas F. Keating for some time. The judge set the case over to 10 a.m. next Monday.

Mundo Says He's Eligible For Judgeship

John H. Mundo, 59, Inverness, who failed in his bid for the post of judge of the Northwest Judicial District, has passed an examination that qualifies him for judgeship, he disclosed today.

David Baty, young San Rafael attorney, was appointed by the county board of supervisors in January to serve as judge for the next six years.

William I. Sullivan, secretary of the state Judicial Council, confirmed that Mundo took the examination at Redding on Feb. 12 and passed the examination. "His name should be added to the list of eligible candidates for office of judge of the justice court," says Sullivan's letter to County Clerk George S. Jones. The examination is necessary to qualify for judgeships persons who are not attorneys.

Mundo, who has been with Radio Corp. of America for 36 years, is senior receiving technician at Inverness. He is scheduled to retire next January.

"I'm not trying to push Baty out of the judgeship," explained Mundo today. However, he said, he intends to ask the county supervisors for an opinion on whether they can legally appoint an individual for a full six-year term, or whether the appointment should be until the next general election, which would be 1960.

Mundo said he went to the state Judicial Council last December to be given the chance to take the examination for justice court judge. He said the examination could have been held in Marin if the Marin supervisors had asked for it. But since they did not, Mundo said, he traveled 600 miles round trip to Redding to take and pass the examination.

3 San Quentin Inmates Hurt In 3 Attacks

Three San Quentin inmates were wounded by unidentified fellow prisoners in three separate incidents over the weekend.

Joseph R. O'Brien, prison official in charge over the weekend, insisted there was no connection between the three attacks.

Most seriously injured was Will Q. Nuzum, 29-year-old convict from Los Angeles County. A sharpened knife with taped handle was plunged into Nazum's back in two places, in one penetrating two and a half inches.

SURGERY PERFORMED

Nazum underwent immediate surgery at the prison hospital. He is expected to recover.

He was stabbed, apparently while running from his assailant, between the main prison yard and the guards' office. He managed to make it to the guards' office.

Nazum told prison officials he had no idea who stabbed him. The incident occurred at 9:45 a.m. yesterday. The knife was found lying where the stabbing took place.

A broken double-edged razor blade ripped across the back of David W. Fowler, 26, Solano County burglar and bad check artist, as he left the north dining hall at 8:30 p.m Saturday after seeing the movie, "Farewell to Arms."

13 STITCHES

Thirteen stitches were required to close the wound, just above the belt line. The blade was found near the spot where the attack took place but Fowler's assailant could not be identified by prison officials.

The third unexplained attack involved George R. McCullough, 35, from Los Angeles County, serving a one year to life sentence for a 1956 escape from Chino State Prison.

McCullough reported to the prison hospital about 11:30 a.m. yesterday with a black eye and a lump on his head. He said he had fallen down. On further questioning, he admitted that someone had hit him with an 18-inch piece of pipe and that he had been threatened with a knife by two inmates. He gave no reason for the attack nor would be name his assailants.

MARIN FIRE CALLS

SATURDAY:

9 p.m., Fairfax—Fire of undetermined origin leveled home of E. H. Rushton at 381 Tamalpais road; damage estimated at $17,500.

YESTERDAY:

10:45 a.m., Marin City — Overheated boiler at United C49 turned on sprinkler system; both shut off without damage.

11:50 a.m., Marin City—Wiring of a defective carburetor burned in car of Robert Tuckett of Marin City; parked in front of Unit B6; damage estimated at $15.

12:35 p.m., Mill Valley—Sparks from chimney caused roof shingles to smolder at 77 Matilda avenue; fire extinguished with garden hose by Fire Chief Leslie Armager; damage confined to a few shingles.

1:34 p.m., Tamalpais Valley — Burning brush extinguished without damage.

3:10 p.m., Strawberry — Power wire short circuiting on tree; no damage.

8:15 p.m., San Anselmo—Electric solenoid at Henry's Bar, 218 Sir Francis Drake boulevard, became overheated from high voltage, apparently caused when a motor burned out; damage estimated at $200.

TODAY:

the edge of the roof with his hands up and said, "We give up."

Inspector Bradley yelled "Anyone with you?"

"No just us," came the reply. "Us" turned out to be Hendricks and Gibbs, who came down the hole which they had sawed in the roof.

Deputy Marcus and Highway Patrolman Woodward then climbed through the hole onto the roof and found Kot lying on his back in the roof gutter.

The car used by the trio, a 1949 four-door sedan, was parked about a block away.

This was the third time that Alfred Santos' Shoreline Market at Highway 1 and Flamingo drive had been hit by thieves. The previous time, a few weeks ago, the burglars got away with more than $400 in coins.

Cars Parade In Protest To Cemetery

A group of Loma Verde Residents, with automobiles, bicycles and trailer-drawn outboard motor boats bearing signs protesting a proposed cemetery planned for location in the hills south of their subdivision, paraded throughout the residential area yesterday.

William Vandergriff, vice chairman of the Loma Verde Homeowners Assn., said today the caravan was not organized by the association, "but it is evidence of the opposition to the cemetery felt by residents here."

The procession moved through Loma Verde with the apparent purpose of warning newcomers that the cemetery is being considered, Vandergriff said.

The cemetery will be discussed further tonight during a meeting of the association, in Loma Verde School at 8 o'clock, he added.

before it was brought under control. The gutted walls of the house collapsed before the fire was extinguished.

The Atkinsons and other neighbors played water from a garden hose on Rushton's garage, directly above the Atkinson house. The garage did not burn.

Rushton had gone out to dinner and bowling earlier in the evening. He lived alone in the two-bedroom house and is employed by a wholesale hardware firm in San Francisco. He was taken in Saturday night by a San Francisco friend.

Funeral Rites Held For Elizabeth Rose

Funeral services for Mrs. Elizabeth Mary Rose, 79-year-old widow of a San Francisco attorney, were to be held at 2:30 p.m. today at Keaton's Mortuary in San Rafael.

Mrs. Rose was found dead Friday at her home at 280 Corte Madera avenue, Corte Madera. She apparently suffered a heart attack.

Her late husband was William S. Rose, specialist in mining law. She is survived by a nephew and two cousins.

Frank Henry, Engineer, Dies In Hub City

Funeral services for Frank Bartlett Henry of San Anselmo will be held at 10 a.m. tomorrow at Chapel of the Hills in San Anselmo.

Henry, 56, died Saturday noon after suffering an unexpected heart attack in the garden of his home at 29 Grove lane.

He was assistant chief of the state Division of Industrial Safety in San Francisco and a veteran of 21 years with the division.

Henry served as Marin County's engineer on the Golden Gate Bridge from its start in 1932 to its completion in 1937.

He was a booster of the San Anselmo master plan now being prepared, and had drawn up some preliminary plans before the study began.

Henry was a native of Amesville, Ohio. He was a graduate of Whitworth College in Spokane, Wash., and did graduate work at Carnegie Institute of Technology in Pittsburgh, Pa., and at the University of California. He had been a Marin resident for 27 years.

He was a member of the National Society of Professional Engineers and a charter member of its newly formed Marin branch. He also belonged to the National Society of Safety Engineers.

Henry is survived by his wife, Eleanor; two sons, Frank B. Henry Jr. of Novato and Howard N. Henry of Santa Rosa; a sister and two brothers, Mrs. Eleanor Van Leeuwen and Harold Henry of San Francisco, and Donald Henry of Hayward; and four granddaughters.

Eulalia M. Jacobs Of San Rafael Dies

Eulalia M. Jacobs, 65, who lived with her sister, Madeline Jacobs, at 918 Mission avenue, San Rafael, died yesterday after two months' hospitalization. She had been in failing health for 18 months.

Miss Jacobs was a milliner for Albert's Department Store in San Rafael for several years before it was sold to Macy's. Since then, she had worked at the Emporium in San Francisco. Earlier she was a clerk at Schwabacher-Frey Co. San Francisco, and a stenographer at Merchants and Illinois Bank in her native Peoria, Ill.

She had been a Bay Area resident 13 years. She resided in Marin while working at Albert's, and since her retirement from the Emporium two years ago.

She is survived by two sisters and a brother, Miss Jacobs, Mrs. Walter Peplow of Peoria, Ill., and D. F. Jacobs of Riverside.

A Requiem High Mass will be offered at St. Raphael's Church, San Rafael on Wednesday at 9:30 a.m., with the funeral procession leaving Keaton's Mortuary at 9:15 a.m. Burial will be in Mt. Olivet Cemetery. The Rosary will be recited at Keaton's tomorrow at 8 p.m.

Harold T. Tracey, Novato Rancher, Dies At Age 63

Harold T. Tracey, Novato rancher and a Marin County sheriff's special deputy for eight years, died Saturday in a local hospital after an illness. He was 63.

Tracey had lived alone at his ranch at 350 Olive avenue since the death of his wife, Josephine, in 1952. He is survived by a son, Donald J. Tracey, and three grandchildren of San Francisco.

Tracey moved to Novato upon his retirement as part owner of the Edy Machinery Co. of San Francisco, where he had been employed for 30 years. During the past eight years as a special deputy sheriff, he had escorted prisoners to and from the county.

He was a member of the Novato Lions Club.

A Requiem High Mass will be offered at 9:45 a.m. Wednesday at St. Gabriel's Catholic Church in San Francisco, with the funeral cortege forming at 9 a.m. at Carew and English Mortuary, 350 Masonic avenue, San Francisco. The Rosary will be recited at 8 p.m. tomorrow at the mortuary. Interment will be in Holy Cross Cemetery, Colma.

Behrens Twin Dies In Hospital

Private funeral services will be held Wednesday for Daniel Dee Behrens, twin son of Mr. and Mrs. Jerry Behrens of Kentfield. The infant died in a local hospital yesterday, three days after birth.

Behrens, who works in the display advertising department of the Independent-Journal, and his wife reside at 145 Kent avenue in Kentfield. Their other twin son, James Edward, survives.

The Chapel of the Hills, San Anselmo, is handling funeral arrangements.

Final Rites Held For Martin Schmidt

Funeral services for Martin Schmidt, 78, resident of the Aldersly Danish Home in San Rafael, were held today in Modesto.

Schmidt died Saturday after suffering a heart attack on Friday. He had been a victim of cardiac trouble for several years.

He was a retired tool and die maker, having last worked for Hall-Scott Inc. of Berkeley. He came to California 45 years ago, but spent only three months in Marin County.

A widower, he leaves five daughters and two sons, Mrs. Mary Gregoritch of Ignacio; Mrs. Grace Cox, Mrs. Matilda Rolls, Mrs. Christian Sorensen, Dr. Ruth Schmidt, Martin C. Schmidt Jr. and Paul H. Schmidt, and a brother, Harold Schmidt of Menlo Park.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.*® At your druggist. Money back guarantee.

Spinal Defects Noted in Many Ulcer Patients

by Dr. Robert W. Pearce

You can't enjoy life when you are suffering from stomach ulcers. Some of the first signs of ulcers are gas pains, indigestion and a swelling or bloated feeling.

Operations or diets sometimes bring temporary relief. But after a while that old ulcer acts up again unless you correct the real cause of the trouble.

German medical doctors have reported that they noticed spinal defects in 86 of 100 ulcer patients. Using Chiropractic methods, these German medical men restored their patients to health by eliminating the cause of the ulcers.

Research has disclosed that pinched nerves of the spine often interfere with the nerves controlling the digestive juices and cause a body imbalance. Ulcers then result when foods are unable to get their normal supply of these digestive juices.

Chiropractors use X-ray and other scientific methods to check for spinal defects. They are spine specialists and are able to correct such defects without hospitalization. Ulcer trouble generally goes away once the spine is corrected and the body is able to function normally.

For additional information on Chiropractic care (Palmer Method) write Dr. Robert W. Pearce at 1628 Fifth avenue in San Rafael, or address a card or letter to Dr. R. W. Pearce in care of Independent-Journal Box 725, or call GL 3-6201. Advertisement

AF Satellite Believed To Be In Polar Orbit

INGLEWOOD (UPI)—The Air Force in a cautiously worded statement has announced that the "lost" 1,300-pound satellite Discoverer I is apparently circling the earth today every 96 minutes in a polar orbit.

Preliminary studies indicated the 19-foot-long satellite's life would be in excess of one month, the Air Force said.

The satellite was blasted into the heavens Saturday afternoon at Vandenberg Air Force Base to become the first satellite launched on the West Coast.

FATE IN DOUBT

Its fate remained in doubt for nearly 32 hours because of an apparent radio failure before the Air Force's Ballistic Missile Division here broke the suspense by releasing a guarded statement last night reporting the reception of "random" radio signals.

A spokesman explained the difficulty the Air Force was having in determining whether the Discoverer I actually achieved orbit.

"We are not saying that it definitely is in orbit, neither can we say that it is not, at this point," the spokesman said. "We don't feel that we will definitely know an orbit has been achieved until we have tracked it by radar, obtained a visual sighting or received more definite radio signals."

INITIAL SHOT

The Discoverer shot was the initial launching in "Project Discoverer," a program designed to lead eventually the way into space for man. Another shot in the project already was being readied for 30 days hence.

The Air Force announcement said preliminary plotting of Discoverer I indicated it came within 146 miles at its closest to the earth and looped out as far as 558 miles into the sky.

No other satellite has ever been fired so that it would achieve an orbit across the poles. All other satellites circle roughly around the Equator.

State Leaders Study Compromise On Water

SACRAMENTO (UPI)—A four-point compromise plan to settle North-South water differences was under study today by Senate and Assembly leaders and Gov. Edmund G. Brown.

Brown, after a conference with a southern delegation last weekend, said he is optimistic the compromise will be acceptable to all sides. Southern conferees said they believed the governor will embrace the program.

The suggested compromise is expected to take shape in legislation to be introduced soon by Assemblyman Carley V. Porter.

Main points of the program:

1. Submission to the voters of a constitutional amendment guaranteeing that contracts made by the state for delivery of water cannot be abridged except by a two-thirds vote of both houses of the Legislature.
2. Submission to the voters in 1960 of a bond issue only a shade under one billion dollars to finance a statewide construction program.
3. Earmarking the entire investment fund of 160 million dollars for water development.
4. Start of construction of the Feather River Project at both ends of the state at once.

One of the southerners who met with Brown last weekend said the governor had agreed to accept a constitutional amendment on water contracts. Earlier in the current session of the Legislature, Brown said he did not think such an amendment was necessary but he was not "shutting the door" to one if it were acceptable to both sides.

Eric Blore, Film Butler, Dead At 71

HOLLYWOOD (UPI) — Eric Blore, 71, a "gentleman's gentleman" on the stage and in films for half a century, died of a heart attack last night at the Motion Picture Country Hospital.

Blore was taken to the hospital from his home. He had been ill since suffering a stroke in 1956. He is survived by his widow, Clara, and a son, Eric Jr.

Blore had top movie roles in such films as "Top Hat," "Flying Down to Rio," "Fancy Pants," "Winter Wonderland," "Abies Irish Rose" and "Love Happy." In most, he played a butler.

Born in London, Blore came to Hollywood in 1934.

The Cuban Telephone Co. plans to install more than 100,000 new telephones during the next four years at a cost of more than 100 million dollars.

Atlantic Cables Back In Service

NEW YORK (AP)—The transatlantic telephone system of the American Telephone & Telegraph Co. was back in normal operation today, after the repair of a cable break that created an international incident.

The company announced completion of the repair yesterday.

The cable system links the telephone networks of the United States and Canada with those of Britain and eight European countries.

The cable was broken Feb. 21. A boarding party from the United States Navy radar picket ship Roy O. Hale searched the Soviet trawler Novorossisk for 70 minutes Thursday in an effort to find if the ship had cut the cable.

Lt. Donald Sheely said he found no firm evidence of any intention to cut the cable, and believed the most probable explanation is that the trawler cut it accidentally.

The Soviet Union called the boarding "premeditated provocation."

FBI Reports 8 Per Cent Jump In Big City Crime

WASHINGTON (UPI) — FBI Director J. Edgar Hoover reported that crime jumped an "appalling" 8 per cent in U.S. cities last year. Smaller and medium-sized communities showed sharp rises.

Hoover, who has been taking an active part in a drive against juvenile delinquency, also said preliminary figures showed a 6.5 per cent rise in arrests of youths younger than 18.

Over-all 1958 arrests were practically unchanged from the previous year, however. The FBI gave no explanation as to why arrests remained about constant while crime rates were rising except to note that some persons were arrested for more than one offense.

The report covered known crimes in U.S. cities of 25,000 or more population. The figures showed the greatest overall increases—11 and 10 per cent, respectively—in cities of 50,000 to 100,000 and 25,000 to 50,000.

Bob Hope's Vision Worse, Help Sought

HOLLYWOOD (AP) — "From now on," says Bob Hope, "I'm doing whatever the doctor tells me. I've got too many places to see."

Eye trouble threatens to come between Hope and the places he wants to see. He will fly to New York by jet liner today to see a Columbia University specialist about the ailment.

The comedian suffered a blood clot in his left eye during a Christmas holiday trip to Europe to entertain U.S. servicemen. He says vision in the eye is now going fuzzy.

Hope said physicians have told his wife he may lose full vision in the eye unless he gets help.

In New York Hope will see Dr. Algernon Reese, an internationally known specialist on the ailment. He may also visit a Boston eye clinic.

Liner Constitution, Tanker Collide In Fog Outside N.Y.

NEW YORK (AP)—Coast Guard investigators today were trying to find the cause of a collision between the American Export luxury liner Constitution and the Norwegian oil tanker Jalanta.

The bow of the tanker was sheared off but remained afloat.

The liner received a gash in her bow about 8 feet above the water line, 40 feet long and 15 feet wide.

Both ships made port without help after the collision yesterday outside New York harbor.

The accident occurred in a dense fog, shortly before 11 a.m., at a crossing of the sea lanes five miles southeast of Ambrose Light.

Each ship had just completed an overhaul. The tanker which carried no cargo, had a crew of 42. The 30,000-ton liner carried a crew of 112 and 20 technicians, and had no passengers.

The Constitution was built in Quincy, Mass., in 1951 at a cost of 25 million dollars. She was returning from a multimillion-dollar conversion job at Newport News, Va.

The Jalanta, owned by the Anders Jahres Co., was built in 1952 by a German firm at Kiel. She was on her way to Venezuela to pick up a cargo of oil.

RECORD SMASHER — Finland's Juhani Jarvinen (No. 3) goes down final stretch to a new world record of 2:06.3 for the 1,500-meter speed skating event at Squaw Valley over the weekend. Former record of 2:08.2 was set at Cortina Winter Olympics in 1956 by Grishin and Maikolov of Russia. (UPI photo)

HIGH FLYER—Kalevin Karkinen of Finland sails gracefully through the air on his second of two jumps to win the North American 80-meter ski jumping championship yesterday at Squaw Valley. He jumped 290.35 and 278.8 feet, both jumps were longer than the Olympic record of 275.9 feet. (AP Wirephoto)

WORLD SKATE RECORD

Finns Dominate North Am. Games

By LEIF ERICKSON

SQUAW VALLEY (AP) — Finland's small but potent team of skating, ski jumping and cross-country stars was favored today to build its already heavy domination in North American championships testing the 1960 winter Olympics site.

Juhani Jarvinen won a world record 1500-meter skating victory yesterday in 2 minutes 6.3 seconds and quickly followed that with a second place in the 10,000-meter grind and a combined skating title.

Kalevin Karkinen next triumphed in the 80-meter special ski jumping with crowd-awing grace in the Finnish-developed flying-V jumping style. His longest leap was 290.3 feet.

Veikko Hakulinen and Kalevi Hamalainen rated today as top contenders in the 15-kilometer cross country ski race. They were second and third after Sweden's Sixten Jernberg in the 30-kilometer durability test Saturday.

Gene Kotlarek, 18-year-old Duluth, Minn., college freshman and called by the Finns the first American to master their jumping style, finished a close second to Karkinen in the 80-meter jumps.

Norway's Knut Johannesen won his second skating crown with a 16:42.7 time in the 10,000 meters, the fastest ever in America for the event. Johannesen won the 5,000-meter race Saturday and finished second to Finland's Jarvinen in the combined skating championship.

A REAL THREAT

Kotlarek, a product of Duluth Park, training since he was 7 years old, has blossomed spectacularly since seeing a Duluth exhibition a year ago by Antii Hyvarinen, 1956 Olympic winner, and Juhani Jarvinin, 1958 world champion, and brother of Kalevi.

In Kotlarek, America finally has a real threat for next year's Olympic ski jumping, declared Olav Ulland, the U.S. Olympic committee's jumping adviser.

In the style first perfected by the Finnour years ago and followed now by the Russians, the jumper floats with arms close to his side and head leaning forward toward the ski points. The picture is a clean-lined flying V.

Karkinen, one of Finland's six man team, scored 223.7 points on jumps of 85 meters (278.8 feet) and 88.5 meters (290.3 feet). Kotlarek matched the first jump distance and made 87.5 meters (287 feet) on his second for 220.4 points.

Rumor Warne New Fish-Game Boss

SACRAMENTO (UPI)—Rumors circulated here today that William E. Warne, of Altadena, Calif., now United Nations representative to Korea, would be named director of the State Department of Fish and Game.

A onetime assistant Secretary if the Interior, Warne was considered a surprise candidate. He was not included in the California Wildlife Federation's list of 11 "professionally qualified" replacements for Director Seth Gordon.

Gov. Edmund G. Brown told a news conferensce Friday that he had chosen his man.

'Maverick' Burns Bill Stead Hurt

BOULDER CITY, Nev. (AP)—Bill Stead, a champion driver from Reno, is recovering from burns suffered on his arms, shoulders and face Saturday when his hydroplane Maverick exploded on Lake Mead.

Stead was racing Maverick across the lake on a 150-mile-an-hour trial when a new supercharger blew up and set the $65,000 boat afire.

GIANTS' INTRA-SQUAD GAME

Brandt Thrills Fans With Sparkling Batting, Fielding

Combined AP & UPI

PHOENIX, Ariz. (UPI)—Looks like Jackie Brandt has locked up the first-string left field spot for the San Francisco Giants.

The team is loaded with good-looking outfield prospects, but the diminutive fair-haired Brandt was singled out for praise by Manager Bill Rigney after a sparkling performance in the Giants' first intra-squad game of the year yesterday.

The Posedels, made up of probable first-stringers, walloped the Westrums 14-4 in a five inning intra-squad game.

Brandt bashed three hits, and impressed fans even more with some daring base running and flashy fielding. He robbed Bill White of a hit by hauling down his long liner.

"I don't know of any other left fielder in the league who could have caught it," Rigney said in a club-house conference later.

"He comes to play. He's a ball player," the skipper added.

MAYS HOMERS

But Brandt was not the only Giant who impressed yesterday.

Willie Mays, Ray Jablonski and catcher Roger McCardle rapped homers for the winners while Daryl Spencer drove in three tallies.

Willie Kirkland, who is batting speedster Filipe Alou for the right field post, belted a gargantuan four-master for the losers with two men aboard.

Except for pitchers, the Posedels composed the lineup that as of now will start the season.

In batting order, they were third baseman Jimmy Davenport, left fielder Brandt, center fielder Mays, first baseman Orlando Cepeda, right fielder Felipe Alou, second baseman Daryl Spencer, shortstop Andre Rodgers and catcher Bob Schmidt.

The only mistake came when Alou broke stride and was nailed at the plate. He thought the ball was going over the fence.

Rigney said he took note of the incident and will "talk to Felipe about it."

"We don't want to get into careless base-running habits," he intoned. "They cost us too may games last year."

Cal Needs 1 More Win For PCC Pennant

By U.P. INTERNATIONAL

California zeroed in on another Pacific Coast Conference basketball championship today with only Oregon State's ack-ack guns between the Bears and their third straight title.

Coach Pete Newell's forces assured themselves of at least a tie for the crown last Saturday by defeating water-logged Washington State, 65-45, as Denny Fitzpatrick exploded with 28 points for the winners.

Cal meets Oregon State at Berkeley next Saturday and a victory over the trratic Beavers would guarantee the Golden Bears the championship and a spot in the NCAA Tournament.

Washington, a game and a half off the pace, has two contests left to play next weekend while the Bears have one. The Huskies' only hope of staying alive would be realized if they swept a pair from UCLA and Southern California while the Beavers were upsetting Cal. That would end the race in a tie and Washington and California then would square off in a playoff game.

Washington, which defeated Idaho 74-51 on Friday to win its 10th straight, was idle Saturday as the Bears notched number 10 in a row at the expense of last place Washington State.

The Cougars made California strain considerably in the early going but then the Bears moved away to a 26-18 halftime lead. Fitzpatrick hit for Six out of Cal's eight points during a splurge which broke the game open after intermission.

UCLA and Stanford remained tied for third place in the PCC by posting Saturday victories. The Bruins' Walt Torrence scored 29 points to spark a 69-62 triumph over Oregon while Paul Neumann meshed 26 for Stanford's 85-74 win against the Trojans. The game was marred by 54 fouls.

Oregon State defeated Idaho in another PCC tilt, 46-42.

Hot-shooting Pepperdine blasted the University of San Francisco, 83-63, in a West Coast Conference game while clicking on 55 per cent of its shots from the floor. The victory moved the Waves to within a half-game of Santa Clara in the battle for second place in the WCAC. St. Mary's, which already has cinched the crown and is unbeaten in 11 league games, had the night off.

Marin Catholic '5' Stuns St. Mary's

The upset of the year in the Catholic Athletic League basketball schedule took place in Greenbrae Saturday where the Marin Catholic Wildcats stunned the second place St. Mary's High Gaels, 44-41.

With Art Quinn and Ron Blum each scoring nine points, the Wildcats of Coach Vic Miloslavich took an early lead and maintained it throughout the tilt by quarter scores of 14-9, 23-18 and 36-28. Marin had a 12-point margin with six minutes to play and managed to stave off a hot rally by the invaders. Blum scored 7 of his points in the final stanza to help the cause.

Blum and Quinn also did good work under the boards as Marin outrebounded the Gaels.

Only last Thursday the same St. Mary's team smashed the same Marin quint, 70-49.

It was Marin's first basketball victory over the Berkeley school since their rivalry started in 1950.

Marin, which winds up its schedule tomorrow against St. Francis at Mountain View, now has a 6-9 won-lost record in CAL. Only other team to beat St. Mary's this year was mighty O'Dowd, the league champion.

Champ May Sign For 'Tuneup' Go In April

NEW YORK (UPI)—Heavyweight Champion Floyd Patterson may be matched this week for a title defense against a British contender at Buffalo, N. Y., on April 22 or 24.

Burly Brian London of England appears the likely challenger although Henry Cooper of England and Joe Erskine of Wales also are being given consideration.

Patterson and Manager Cus D'Amato want a spring fight in order to sharpen the champion for his million-dollar defense against Ingebar Johansson of Sweden somewhere in the United States in late June or early July.

Although 24-year-old Floyd would be risking his crown against the April challenger at Buffalo, he an D'Amato nevertheless regard that fight as a sort of "tune-up" since they do not rate either of the three Britishers nearly as dangerous as Sweden's unbeated Johansson, champion of Europe.

Promotoer Pedro Martinez of Buffalo and an associate have offered a flat guarantee of $300,000 for the privilege of staging the Anglo-American fight at the Buffalo Memorial Auditorium, it was learned today.

Patterson would receive a flat $200,000; the British challenger, a flat $100,000. And neither the champion nor challenger would cut in on anything; for Martinez and his associate would have rights to the gate, television—home or theater, radio and movies.

Meanwhile, Edwin Ahlqvist —Johansson's adviser—arrived from Sweden last night for a pre-trial examination regarding an agreement he admittedly signed last Sept. 13, assuring California's Eddie Machen a return bout with Johansson, in case Johansson beat Eddie on Sept. 14. Ingemar knocked out Machen in the first round at Goteborg, and now Machen and Manager Syd Flaherty are suing Johansscn in federal court in an attempt to prevent his fighting Patterson before granting him the return bout. The pre-trial examination was scheduled for today in the offices of Machen's New York attorneys. Johansson claims Ahlqvist had no authority to sign the agreement since he is not Ingemar's manager.

Sievers, Cerv, Albie Head Holdout List

By ASSOCIATED PRESS

Roy Sievers, Bob Cerv, Albie Pearson and five members of the National League champion Milwaukee Braves headed a list of 21 major league holdouts today.

Eight of the 16 teams reported all present or accounted for as the clubs continued their spring drills under a full head of steam.

The Washington Senators, with six, and Braves, with five, topped the holdout list among the other eight clubs. In the American League, Kansas City has three and Baltimore two. San Francisco has two, and St. Louis, Philadelphia and Los Angeles one each in the National League.

Sievers, who received an estimated $38,000 last year—highest in Washington history—and Pearson, the American League Rookie of the Year, are the two big ones Senators' President Calvin Griffith is trying to land.

Cerv poses a similar headache to Kansas City General Manager Park Carroll. Reports from both sides admit that there is a wide difference in salary disputes.

First baseman Joe Adcock and relief pitcher Don McMahon head the Braves' list. Del Rice, the reserve catcher, and infielder Casey Wise, also refuse to sign.

Pitcher Gene Conley is the fifth Brave unsigned.

Pitchers Al Worthington, 11-7 in 1958, and Ray Monzant, 8-11, are the two San Francisco holdouts. Monzant has asked for his release. Los Angeles has pitcher Rene Valdes, who spent 1958 with the Montreal Royals of the International League, on the holdout list. Valdes posted a 15-14 record with the Royals.

Rams Give Cardinals Nine Players For Ollie Matson

CHICAGO (UPI)—A halfback for virtually a new ball club today was the way gridiron observers sized up the giant player deal announced by the Chicago Cardinals and the Los Angeles Rams.

The Cardinals traded their star halfback, Ollie Matson, to the Rams Saturday for eight players to be delivered this year and a high draft choice in 1960.

Tagged one of the biggest deals in National Football League history, the trade was second only in size to the Rams' 1952 swap of 11 men to the now defunct Dallas Texans for linebacker Les Richter.

For Matson, the Cardinals received tackles Frank Fuller, Art Hauser and Ken Panfil and defensive end and offensive tackle Glen Holtzman—all veteran first string linemen. In addition, the Rams gave up their second, third and fourth draft choices—halfback Don Brown of Houston, fullback Larry Hickman of Baylor, John Tracey of Texas A&M, and another player to be selected at the start of the 1959 season.

Matson, stunned by the trade, flew to Los Angeles yesterday to confer with Rams' officials.

Matson, who starred at the University of San Francisco in his college days, said he felt he had "several good years left." But he also said he had just finished repairs on his home and had wanted to "finish" his career with the Cards.

Although officials of both clubs hailed the deal, the trade was expected to solve some of the defense problems that plagued the Cardinals. It was believed the addition of the big, proven linemen should the Cardinals stronger all the way down the line.

Matson, sparkplug of the Cardinals for the past six seasons, also was expected to plug a weak spot in the power-packed Rams' offensive as a replacement for fullback Tank Younger, who was traded to Pittsburgh prior to 1956 season.

Bev Hanson Wins Florida Tourney

DUNEDIN, Fla. (AP)—Beverly Hanson of Indio, Calif., headed for the Jacksonville Women's Open Golf Tournament today with the Golden Triangle championship trophy.

Miss Hanseon battled wind and rain at the PGA national course here yesterday to card a one-under-par 71 which gave her a 36-hole total of 146 and the Golden Triangle title.

Packers Sign Tetak

GREEN BAY, Wis. (AP)—Dick Tetak, spirited center at the University of Wisconsin and kid brother of former Packers' great Deral Tetak, signed to play with Green Bay today. He played in the East-West Shrine game.

Johnson Wins Baton Rouge Open With Strong Finish

BATON ROUGE, La. (AP) — Husky Howie Johnson's philosophy of taking golf one hole at a time paid off in the $15,000 Baton Rouge Open Tournament.

He was five strokes off the pace yesterday when he began the tough 36-hole grind, made necessary when rain delayed the start of the tournament one day.

After 18 holes, Jay Hebert of Sanford, Fla., who shot a 68, still held a four-stroke edge on the 33-year-old San Marcos, Calif., professional, who marked up a two-under-par 70.

But on the final round, while the top men ran into trouble, Johnson calmly added his second 70 for 283 and a one-stroke victory over Hebert, who soared to 75.

The 823 total was the highest winning score in the eight-year history of the tournament, but not surprising since three days of rain preceded the tournament, soaking the 6,467-yard Baton Rouge Country Club course with three inches of water.

It was only Johnson's second PGA victory in almost three years as a professional. He finished out of the money in the last two tourneys, the Tucson, Ariz. Open and the Texas Open.

Playing almost mechanically, the 6-2, 210-pound former University of Minnesota golfer took only 27 putts on each round.

John McMullin, Fair Oaks, Calif., who led the first two days, finished with rounds of 75 and 72 for 285 and third money.

Paul Harney, Worcester, Mass., and Doug Ford, Paradise, Fla., tied for fourth at 286. Harney recorded 72 and 74 while Ford was even par 72 both times.

Defending champion Ken Venturi of San Francisco, who won last year by a record four strokes with 276, finished in a tie for 26th place at 292.

I-J SCRIBE AND RIGNEY—John J. Connolly (left), whose column, "The Bullpen" is a regular Independent-Journal sports feature, is pictured chatting with Manager Bill Rigney of the San Francisco Giants as they prepared to fly to training camp in Phoenix Friday. Connolly will send reports from the camp throughout the week, as will Jack Hanley, another special I-J correspondent.

Cepeda Most Colorful Performer In Baseball Since The Great Babe

CONNOLLY

PHOENIX, Ariz. — The hardest thing to find in the world of sports is color.

Organized baseball has been searching for someone to replace the most colorful ball player of all time—Babe Ruth.

The Yankees thought they hit the jackpot when Joe DeMaggio rose to great heights, but despite his greatness and all around talent he lacked the color of Ruth.

Ted Williams of Boston; Stan Musial of the St. Louis Cards; Mickey Mantle of the Yankees and Willie Mays of the S.F. Giants all have tried, unsuccessfully, to take the place of Babe in the hearts of fandom.

I'm one guy who finds it pretty hard to take any one of them as a replacement for the Babe, without a chaser.

Ruth had that indefinable thing called color in his walk, in his talk, in his strut, and when he doffed his cap or when he waded into a pitch. He was that kind of a guy . . . he had every color in the rainbow except yellow.

BABE RUTH brought hordes of people to baseball parks, not only in America, but in far off Japan. No other player to this day comes close to packing them in like the King of Swat.

Now it seems real tough to pass up fellows like Mays, Musial, Williams and Jackie Jensen and pick Orlando Cepeda as the one most likely to succeed Ruth.

But Cepeda has so many of the attributes of the late Bambino and so much of the aggressiveness of Ty Cobb that I'm just silly enough to think he is the man to take over as the new Babe Ruth, if not in hitting home runs, at least in producing crowds at the gate.

Cepeda is that sort of a guy. He puts on a show every time he goes to the plate; every time he gallops down to first base; even when he lowers his head and tears around the bases like a raving bull, you get the feeling that he is going to make it.

I'VE NEVER seen a guy suffer more than Cepeda when he makes a mistake. He fights himself continually. Last year when he was thrown out of a ball game because of a setto with Umpire Conlan I found him in the Giant clubhouse crying like a baby. He wept, not because he was thrown out of the ball game and fined, but because he felt he had committed the cardinal sin of baseball . . . losing his temper.

Like Tyrus Raymond Cobb, the competitive spirit of Cepeda is white hot all the time he is in the ball game.

"You never know what to expect from Orlando," explains Bill Rigney, disabled Giant skipper. "He is always doing the unexpected.

"He seems to rise to greatness as the occasion warrants.

"One minute he is screaming for a teammate to get a hit, next he is fidgeting on the bench because he imagines the umps are agin' us. You just can't figure the guy out. But, if it's color you want in a player, Cepeda will supply more than anyone. I've come across in recent years. I can't say he has more color than Cobb because I never saw Ty in his heyday.

"But Cepeda has the same confidence in himself as Ty Cobb had. The fellow has the stamp of greatness written all over him. He should become one of baseball's finest performers.

"**EVERYTHING** Cepeda does or says is connected with baseball. If he discusses humor, drama or just an everyday event, he'll couple it up with a baseball expression. That is the manner in which his every thought is directed."

According to Rigney, his star outfielder Mays, has the mark of greatness, but it is in a different sort of way. Willie does everything gracefully, naturally, easily and without any apparent effort.

"Mays is so great his admirers expect him to do the unusual as a matter of fact. And Willie does the impossible without any outward sign of emotion," Rigney claims.

"But it is not that way with Cepeda. He does everything in a showy, spectacular way that, for want of a better explanation, I just attribute it to color."

I understand what Rigney means. I can recall a lot of athletes who had color and didn't know it.

Andy Smith's replacement as a football coach at the University of California has never been filled.

Red Grange, the Galloping Ghost of Illinois, brought color to pro football; Pop Warner as Stanford football boss; Jack Dempsey, the Ole Manassa Mauler of fight fame; Jim Jeffries, former heavyweight champion of the world and oh, so many, many others in sports were classed as colorful performers.

But that hot enchilada, the rookie of the year in 1958, all the way from Puerto Rico, embarks on a career in baseball that with just a little restraint in temper, will carry him, perhaps sweep him, to the heights that only Babe Ruth, the King of Swat, ever enjoyed.

CAMPY BACK TO WORK FOR BUMS

Roy Campanella, getting around the Los Angeles Dodgers' training camp at Vero Beach, Fla., in a wheel chair, watches a high fly ball during batting practice yesterday. With Campy, paralyzed in an auto accident last year, is former teammate Pee Wee Reese. The former Dodger catcher is resting at the training camp and will help coach the L. A. pitchers. TERRANG WINS HANDICAP

Derby Next $100,000 Feature At S. Anita

ARCADIA (AP) — The 1959 Santa Anita Handicap is past history and the decks were cleared today for the 22nd running of the $100,000 added Santa Anita Derby.

The Saturday scramble for the 3-year-olds could be a whiz between the leading sophomores campaigning in California.

It could also add further confusion to the Kentucky Derby picture, already blurred by defeats of First Landing and Tomy Lee, the one-two ranked 2-year-olds in the nation last year.

Trainer Frank Childs disclosed that Tomy Lee, who injured his right front foot and lost to Finnegan 10 days ago, won't run in the derby here. Childs said he will be pointed for the Kentucky Derby in May.

Finnegan, Linmold and a bouncy filly named Silver Spoon dominate the outlook for this race. Silver Spoon, from the C. V. Whitney stable, has won three stakes at Santa Anita's meeting.

A daughter of Citation, Silver Spoon could emulate the feat of the King's Ranch's Ciencia, who is the only filly to win the Santa Anita Derby. That was in 1939.

As for Saturday's handicap: Experts say 6-year-old Terrang made his 57th trip to the post his greatest when he won the $145,000 event.

It took a powerful drive to get past the game Indianabred, 4-year-old Hillsdale in a thrilling stretch battle.

The margin was half a length, with Llangollen Farm's Royal Living third in the mile and one-quarter fixture.

Terrang, a former stablemate of Swaps in the Rex C. Ellsworth Stable, was bought two years ago for $75,000 by Laurence Pollock and Roland Bond, wealthy businessmen from Dallas, Tex.

He has won $340,735 for his new owners, including the $97,900 he picked this time.

C. W. Smith, the Detroit owner of Hillsdale, praised his battling Hoosier horse and had no alibis. Hillsdale had raced the distance only once before, winning in an all-out effort over Royal Living.

"I knew I had him turning for home," said Bill Boland, another Texan, who rode Terrang. "But when I heard Joe Hernandez, the track announcer, say 'Here comes Hillsdale again,' I got a little shook up."

Tommy Barrow, Hillsdale's rider, said his horse started to loaf a little when he took the lead. But Barrow concluded:

"I was the most surprised person in the world when we didn't win it."

Olmedo Wins At Palm Desert In Tough Battle

PALM DESERT, Calif. (UPI)—Davis Cup hero Alex Olmedo won the men's singles championship of the eighth annual Palm Desert Invitational Tennis Tournament yesterday by beating Clifford Mayne of San Francisco, 6-3, 3-6, 6-4.

The No. 1 ranked Olmedo, who finished second in the event last year, had a tough time with the nationally-ranked Mayne up until the last set when he broke Mayne's serve four times.

Beverly Fleitz of Long Beach, Calif., retained the women's singles crown by defeating Sally Moore of Bakersfield, 6-2, 6-4. The two fought each other in the finals last year, that contest also ending with Miss Moore's defeat. Miss Moore is a freshman at Occidental.

'TRIAL' TERMS IN ASSEMBLY RECOMMENDED

SACRAMENTO (AP)—A trial term for freshmen assemblymen was proposed today by a freshman assemblyman.

Charles B. Garrigus (D-Reedley) introduced a bill which would continue the term of new assemblymen at two years but would stretch it to four for incumbents.

"The electorate should be given an opportunity to examine a man for two years and reject him if it desires," Garrigus said.

Witness Says Son Accused Mrs. Duncan

VENTURA (UPI)—Aged Emma Short testified today that Frank Duncan once told his mother Elizabeth, "you're guilty. You're guilty as you can be."

The testimony came at the opening of the third week of Mrs. Duncan's trial on charges of hiring Luis Moya, 22, and Augustine Baldonado, 25, last November to kill her son's pregnant wife, 30-year-old Olga Duncan.

Defense Counsel S. Ward Sullivan was to have started cross-examination of Mrs. Short as the first witness this morning but he agreed to let the prosecution ask the 84-year-old witness a few more questions.

Dist. Atty. Roy Gustafson asked Mrs. Short what Frank Duncan had told his mother when he returned from a visit to a police station where he investigated charges that his mother was being blackmailed by figures in the case.

It was then, Mrs. Short said, that Duncan accused his mother of being "guilty."

Sullivan said he had studied the testimony of Mrs. Short closely and expected the cross-examination to take perhaps half or three-quarters of the day in court.

Piedmont Man Elected To Head GOP Assembly

CORONADO (UPI)—Gardiner Johnson of Piedmont, past president of the San Francisco Bar Assn., was elected president of the California Republican Assembly at its convention here over the weekend.

William T. Bagley, San Rafael attorney, was named one of the 11 regional vice presidents.

MARIN ABSENT

(Neither Bagley nor any other of Marin's delegation attended the CRA's 26th annual convention. Bagley was first told that he had been elected secretary, but press reports today indicate the vice presidency, with Tom Niccoloff of Santa Monica re-elected secretary.)

Johnson, who succeeds John Phillips of Moorpark as president, told some 300 delegates that to regain control of California, the Republicans "must bring in new people and new ideas and must attempt to conform to changing conditions."

NO 'SCRAMBLE'

"In addition, there must be no scramble for position among Republican organizations," he said. "If we all work together in an organized day-to-day effort and select our projects with care, the future will indeed be bright."

A dozen resolutions were adopted yesterday by the Assembly. Among them were:

Resolutions praising President Eisenhower, Vice President Richard Nixon and ailing Secretary of State John Foster Dulles.

Other resolutions urged the state Legislature to "exercise every proved economy so as to assure increased growth of business and jobs;" and requested the CRA Labor Committee to establish a program to "combat the propaganda" identifying the GOP as the "big business" party.

HAWAII STATEHOOD

Resolutions also supported statehood for Hawaii; continuation of the House un-American activities committee; loyalty oaths for state employees; the state property tax exemption for veterans, and the use of state funds for veterans' rehabilitation.

The Assembly tabled a controversial resolution opposing proposed increases of entrance and incidental fees at the University of California and state colleges.

In other action, the Assembly adopted a statement of fundamental principles to guide the party in policy matters during the coming election campaigns.

'PLEASE, PLEASE BRING HIM BACK . . .' — "Please, please bring him back to me," sobs Mrs. Ruth Flores, referring to her missing 8-week-old son, Eric Leon Flores. The grieving mother is shown sobbing beside Eric's twin brother, Aaron. Police said the child apparently was taken from his home by a babysitter who volunteered to care for widowed Mrs. Flores' six children while the mother was out with friends. (AP Wirephoto)

"Babysitter" Who Stole Child Hunted

LOS ANGELES (AP) — Police said today they hoped for some clue that would lead them to an ailing kidnaped baby and a babysitted who wanted a child of her own.

The baby boy is one of twins born just eight weeks ago to a widowed mother of six children. The infant has been missing since early Saturday from his home in suburban Ontario.

TWIN MISSING

The mother, Ruth Flores, 35, went out Friday evening and when she returned shortly after midnight the twin, Eric, and the babysitter were gone but her other five children were still there.

Mrs. Flores told police the babysitter, a woman about 25 to 30 years of age, had identified herself as "Ann Williams." Police say they believe this was not her real name.

Mrs. Flores said the woman had offered to babysit for her, had told her she was unmarried and said: "Isn't it too bad a single woman who wants a baby and can support one can't adopt one?"

BOY SAFE

But for another Southern California woman fears had turned to joy. Her kidnaped boy was rescued by officers from a former mental patient. Wayne Murray Jr., 7, was taken from the vicinity of his home in suburban Venice Saturday afternoon.

Police in Bishop, acting on a tip from a Los Angeles bus ticket seller, found Wayne in a cheap hotel room with William Harris Elwell, 28, who had been sought by Venice police on a kidnaping charge.

The mother, Mrs. Wayne Murray, is expecting another child.

PLAYWRIGHT DIES — Funeral services will be held in New York tomorrow for Pulitzer Prize winning playwright Maxwell Anderson (above), who died Saturday in a Stamford, Conn., hospital after suffering a stroke. The last rites will be held for the 70-year-old author at St. Paul's Chapel of Columbia University. Eulogies will be delivered by author Mark Van Doren and critic Robert Anderson.

Cypriots Cheer Makarios Return

NICOSIA, Cyprus (AP)—Archbishop Makarios got a triumphal welcome home from more than 150,000 Greek Cypriots yesterday after three years in exile. He called on them to cooperate with the island's Turkish minority in the days of freedom that lie ahead.

The political and spiritual leader of the Cypriot majority flew in from London, where British, Greek and Turkish officials worked out an agreement to give independence to the British colony.

In a 30-minute address Makarios told his cheering, shouting followers: "We have triumphed. Today Cyprus is free. Let us celebrate, my brethren."

He urged Greek Cypriots to forget the political differences and bitterness which only last summer erupted into fighting between the Greek and Turkish communities.

"Let us not forget," he said, "that freedom is not just a privilege and right. It is also a heavy responsibility and supreme duty.

"Let us allow no passions or prejudices to intervene. Let us hold out an honest hand of friendship and cooperation to all.

"Especially let us cooperate wholeheartedly and sincerely with our friends the Turkish community. Only through harmonious cooperation with them will our strength be reinforced."

Turkish Cypriots and British troops remained discreetly away during the welcoming celebration.

Makarios paid high tribute to the Greek Cypriot underground organization EOKA.

"Our struggle for liberation is graced by the numberless heroes led by Gen. George Grivas, the lengendary Dighenis, whose name is written on the most glorious pages of the history of Cyprus. To this man and to the gallant fighters of EOKA we pay, at this solemn hour, our tribute of supreme gratitude and honor," he said.

Grivas, a former Greek army officer, and other EOKA leaders have been offered safe conduct to Greece. They have not yet appeared openly but there was speculation they were in the crowd welcoming Makarios.

The welcome was far different from Makarios' secret departure aboard a British military plane March 9, 1956, when he was exiled in an effort to stifle the campaign for union with Greece. The 45-year-old Greek Orthodox prelate is considered certain to be elected the first president of the island republic.

French African Chiefs May Challenge DeGaulle

PARIS (UPI)—The shadow of violent tribal warfare and mushrooming Negro nationalism spread across Elysee Palace where President Charles de Gaulle met today with premiers of the 12 French African republics.

It was the second meeting of the new French overseas community council, but observers said the African premiers might use it as a springboard for their demands for greater home rule and less "interference" from Paris.

Informed sources said the Negro leaders, spurred on by the recent bloody riots in Brazzaville, capital of the French Congo republic, and last week's nationalist upsurge in Southern Rhodesia, might demand a looser, British-type commonwealth arrangement with France.

They said de Gaulle could have trouble repeating last month's performance, in which he convinced the premiers that the African republics' interests would best be served if the community's brain center remained in Paris.

The community, which de Gaulle heads as president of the Fifth French Republic, links the mainland with the new semi-independent Negro republics, which include the French Sudan, Senegal, Mauritania, Dahomey, Ivory Coast, Upper Valta, Niger, Gabon, Congo, Chad and the Central African Republic.

Each of the former colonies gained a measure of local autonomy under the French constitution, but the Paris government retains control over such overriding factors as defense, foreign policy and financial policy.

Liz At Mike's Grave For Family Rite

CHICAGO (AP)—A solemn, pale Elizabeth Taylor, and a close circle of relatives and friends, today attended ceremonies dedicating a modest headstone marking the grave of her husband, showman Michael Todd.

Miss Taylor, in mink coat and hat, heard Rabbi Philip L. Lipis tell the 11-member party at the cemetery that Todd served God through the laughter he brought into the hearts of men.

In chill, but sunny, weather, Miss Taylor sat without change of expression through the 20-minutes service.

Extra police on hand to maintain order weren't necessary. Other than family and Todd associates, only newsmen and the police watched.

Todd was killed in the crash of his private plane in New Mexico in 1958.

The unpretentious stone on the grave of Todd, noted for his colorful productions on the stage and screen, was engraved "Avrom Hirsch Goldbogen-Michael Todd — June 22, 1908 — March 22, 1958."

Persian Gulf Storm Leaves Many Dead

BAHRAIN (AP)—A windstorm howled across the Persian Gulf Saturday night, leaving many dead and hundreds homeless. Estimates of the dead today ranged as high as 500.

The storm, of hurricane force, blew up without warning from the mainland of Saudi Arabia. Dust shrouded the Gulf as havoc was wrought on both land and sea.

Houses were smashed. Power lines were cut.

Many fishing boats were pounded to pieces.

McElroy Says U.S. Ready To Stand Up To Russ On Berlin

WASHINGTON (AP) — Secretary of Defense Neil H. McElroy said today the United States is prepared to make good on President Eisenhower's pledge to "not yield one inch on our rights in Berlin."

The Berlin issue came up at a House Space Committee meeting during a discussion of whether the United States might some day change its policy and become the first attacker.

Rep. James Fulton (R-Pa.) wanted to know whether in view of the tough-appearing Soviet attitude on Berlin the United States is adequately protected, in a firm position and "if not, should we mobilize in whole or in part."

McElroy said the matter had been under "specific consideration" by the Joint Chiefs of Staff and the State Department.

"We are prepared to meet various stages of the Berlin situation as it develops," he declared.

Rep. John W. McCormack (Mass.), the House Democratic leader, drew from McElroy the comment that "our policy is that we will not attack first."

Marin Hearing Week Chairman Appointed

Slavka Cibilich of 106 Summit drive, Corte Madera, has been named chairman of the National Hearing Week Committee of the Hearing Society of Marin County.

A director and vice president of the society, Miss Cibilich is employed in the social service department of Sonoma State Hospital.

Three Marinites On Honor Roll

Three Marin County students, all honor graduates of Marin Catholic High School, have earned places on the first semester honor roll at St. Mary's College.

They are Robert L. Hass, freshman, son of Mr. and Mrs. Fred J. Hass of 523 D street, San Rafael; Jack C. Quintero, sophomore, son of Mr. and Mrs. Robert E. Williams of 10 Ridgewood avenue, San Rafael, and Gary T. Giacomini, freshman, son of Mr. and Mrs. Noel T. Giamomini of 82 Lagoon road, Belvedere.

Golfers Find Bruised Body Of Man In S.F.

SAN FRANCISCO (AP) — The body of a man, covered with bruises which indicated he had been kept prisoner and tortured, was found today by a foursome at Sharp Park golf course.

The unidentified man was clad only in a shirt. A one-inch strip had been shaved in his scalp from his forehead to the back of his neck. The body was on a road bordering the municipal golf course.

Sheriff's Inspector Milton Minehan said welts on the body led him to believe the man had been whipped. Some of the bruises appeared to be two to three days old. The man was believed to be in his 30s.

Claire Sadjadi, who operates a beauty parlor near the roadside spot where the body was found, said her barking dogs awakened her at 2 a.m. Minehan reasoned the body probably was dumped at that time.

Consultant To Speak To Real Estate Board

Kenneth Richardson, nationally known real estate consultant and founder of K/R Homes, Inc., large Bay Area brokerage firm, will address the Marin County Real Estate Board tomorrow at an 8 a.m. breakfast meeting in King Cotton restaurant, San Rafael.

His topic will be, "How to Make More Sales."

Prowler Delivered To Police, Neatly Tied By 'Victim'

SAN FRANCISCO (UPI)—A 43-year-old father of three wrestled a prowler down a flight of stairs here today, then trussed him neatly with rope for police.

Lawrence Schoenstein, of 130 Nueva avenue, a pipe-organ designer, told police he was awakened about 3:30 a.m. and saw a figure in the hallway.

With a flying tackle he downed Louis Williams, 43, Oakland, an ex-convict.

The furiously struggling pair fell down a flight of stairs into the garage where the battle continued. Schoenstein's wife, Mary, rushed in with a clothesline and together they bound Williams.

Schoenstein's three teen-age children called police.

9 Drake Seniors Semifinalists For State Scholarship

Nine Sir Francis Drake High School seniors have been named as semifinalist candidates in the State Scholarship Commission competition for scholarships to California universities and colleges, Principal Harold Allison announced today.

They are Mary Ruth Cummings, Lawrence Charles Andrews, Barry Brooks McGough, John Edward Rechtfertig Jr., Sandra Jo Headley, Earll Morton Murman, Kenneth John Wagstaff, Marilyn Lee Myers and Anthony Michael Scardaci.

Scores made on scholastic aptitude tests given by the state college entrance examination board are used as basis for selection.

The Order of Odd Fellows originated in England in the 18th century.

REFUND OF TAXES MASS MEETING

Another mass meeting of all taxpayers in Marin County, sponsored by Marin County Taxpayers Association, has been set for Tuesday evening, March 3rd at 8 P.M. in the San Rafael High School Auditorium, San Rafael, Calif. If you had property assessed on the secured roll in 1955-56-57, this will be your LAST and FINAL opportunity to join with all other taxpayers in the county, trying for a refund of illegally collected taxes during those years because of the 26% raise, amounting to approximately $50 per $1,000 assessed valuation or roughly $200 refund on a property assessed during those years at $4000. It costs you taxpayers not one penny cash outlay (except a membership fee of $2 per person, $4 for man and wife) to join in. If you are at all interested in getting refunds of taxes that have been illegally collected, come to this meeting and learn all about it. To get this refund YOU MUST ACT IMMEDIATELY TO JOIN WITH US — ACTION HAS TO BE TAKEN PRIOR TO JULY 1ST OF 1959.

If it is absolutely impossible for you to attend this MOST IMPORTANT MEETING, then immediately get in touch with our President, P. J. Rowland, 869 San Anselmo Ave., San Anselmo, Calif., GL 3-1231, and get full information.

This is not a political issue; it's not a recrimination against any county official. It's purely a case of an illegal tax issue refund.

Five Women Given Recognition By Council Of Camp Fire Girls

Five women who have been active in various phases of the Marin County Council of Camp Fire Girls have been awarded recognition by the National Council of Camp Fire Girls.

Miss Millie Dunshee and Mrs. Robert Eschen have been presented with the Gulick Award, the highest national symbol of recognition for outstanding service to a local Camp Fire Girls program. The Luther Halsey Gulick Awards (Gulick founded the Camp Fire Girls in 1910), is given for continued active outstanding service as a member of a local council for a period of at least five years.

Miss Dunshee, who has served as a member of the local council Board of Directors, was presented the Gulick Award in appreciation for the time, money and energy she has given to the girls of Marin County. She has been available as a photographer of delightful pictures to leaders and girls, and has given Camp Fire in Marin a pictorial history of all important events.

IN ALL MEDIA

Mrs. Eschen, who served as President of the Board of Directors in 1956 and 1957, and has been Training, Group Organization, Program Chairman was presented with the Gulick Award in appreciation of her active participation in all media of the Camp Fire Program. Her personal enthusiasm has been instrumental in keeping Camp Fire on a high level in the community and has instilled interest and enthusiasm in all persons with whom she has worked.

Mrs. William Zavosky, Mrs. Alfred Kraeger and Mrs. Robert Houston are the recipients of the Wakan Service Award. This award is given to group leaders who are deserving of special recognition because of outstanding leadership with their group and outstanding service in addition to work with their own group.

Mrs. Zavosky has been active in the Camp Fire program since 1947. She has lead two Blue Bird and two Camp Fire Groups for her daughters and presently is leading a Horizon Club. During the past two years Mrs. Zavosky's Horizon Club have been serving as a team for the Group Organization Committee in order to organize new Horizon Clubs. Mrs. Zavosky has been San Anselmo Town Chairman for the Camp Fire Girls annual sale for the past three years.

BLUE BIRD LEADER

Mrs. Alfred Kraeger started in 1951 as a Blue Bird leader and has continued leadership until the present. Mrs. Kraeger has served as a resource person to the training committee for nature study. She has been Advisor to the Horizon Club cabinet and is presently preparing a nature program to be used at Camp Kilowana, the Camp Fire Girls summer camp.

Mrs. Robert Houston has been a leader since 1952. She has been a member of the Day Camp Committee for three yars, and last year served as assistant Director of the Camp Fire Day Camp. Mrs. Houston has been a school organizor for four years, and served a one year term on the Board of Directors.

Larcs Committee Meet Tomorrow

Reorganization of the Larcs (ladies auxiliary to the Recreation Center) is now being planned, according to Mrs. Stanley Peterson, newly-elected member of the Southern Marin Center's Board of Directors.

A steering committee has been appointed by Mrs. Peterson which will meet tomorrow at 10 a.m. at the Center. Among the items to be discussed will be a sherry luncheon and orientation on Friday, April 3. It is planned that a slate of permanent officers for the group will be presented at that time. Serving on the committee are Mesdames Peterson, chairman; Milton Levitan, secretary; John Del Mar, publicity and John Hoffmire, Holbrook Bradley, Robert Bilger, Howard McGill, Thomas Stanton and Elmer Boyden, advisor.

Also being appointed is a nominating committee. The Peninsula has been divided into six geographical areas and one member will be asked to serve on the committee from each district according to Mrs. Peterson. The areas are: District 1, Strawberry; District 2, Bel Aire, Reedlands and Greenwood Beach; District 3, Belveron Gardens, Hacienda Terrace, Marin Estates, Paradise Drive, north; District 4, Tiburon boulevard, Little Reed Heights, Del Mar Estates, Hawthorne Terrace and Little Reed Park; District 5, Old Tiburon, Tiburon Heights, Rolling Hills and Hill Haven and District 6, Belvedere, the Lagoon and Corinthian Island.

Tam High Girls Hear Talk By State Engineer

Mrs. Anne H. Jackson of San Rafael, an engineer with the state Division of Highways, told more than 100 girls at Tamalpais High School recently that a girl who becomes an engineer or a "draftswoman" will make an extraordinary salary compared with those in secretarial work.

But, she warned the girls, "don't try to be one of the boys. Always be a lady."

The attractive, blonde Mrs. Jackson outlined some of the steps a girl would take leading to an engineering degree, advocating that shorthand and typing should be included.

She pleaded also that the girls include the humanities in their schooling in order to better discuss daily phases of life. "It is a pretty dull person," she declared, "who can talk only about the subject he was trained in."

Adren Aitken, engineering drawing instructor at the high school, conducted the meeting.

Sausalito Club Will Observe Anniversary

On Thursday, March 19, the forty-sixth anniversary of the founding of the Sausalito Woman's Club will be commemorated by the annual Founders' Day Luncheon and Hi-Jinks honoring the original founders of the Club with special honor to the only surviving member, Miss Fannie Shoobert of Sausalito.

For members only, the luncheon will be held at the Woman's Clubhouse starting at 1 o'clock and will be followed by the traditional Hi-Jinks which will be presented by those who have become members of the Club during the past year.

The theme of the Hi-Jinks is always kept a secret and is presented a second time as the Lo-Jinks on the ensuing Saturday evening for club members and husbands or escorts followed by dancing and refreshments.

Mrs. Richard Phillips is general chairman of arrangements and Mrs. Fred Tetzlaff is chairman and director of the Jinks.

Mrs. John Koenig Jr. is taking reservations which must be made by March 16.

Members are asked to send reservations to Mrs. Koenig at 48 Woodward avenue, Sausalito.

Ever stuff tomatoes with chopped ham salad? Good! And so is egg salad used the same way.

DESIGNER TO BE GUEST AT LUNCHEON

The Cinderella of the fashion world, Eleanor Green, will be in Marin tomorrow as a special guest at the "Fashion Focus" luncheon at Rickey's, and is looking forward to meeting the guests who come to view her 1959 Spring Collection.

The internationally known San Francisco designer whose rise to fame didn't depend on a glass slipper but on her creative flair for styling fashionable afternoon and cocktail dresses at a price women can afford will lunch with Doris Carr of television fame.

During "An Afternoon in Spring" they will enjoy the modeling of nine attractive members of the Marin Chapter of the Dominican College Alumnae, the "Fashion Focus" honored group, and one of the most active alumnae organizations in the entire Bay Area.

To compliment the Eleanor Green silhouettes which star in a wardrobe for many years, Mrs. Harry Pearce of Macy's of San Rafael will introduce smartly tailored sailors, engaging bretons, and flowered confections and as a special "hattraction" the cover hats from the new issues of Charm and Mademoiselle.

The popular luncheon is open to the public and last-minute reservations may be made by calling Rickey's. Luncheon begins at 12:30

Gamma Omicron Plans Beatnik Party, Mar. 14

Plans are underway for the Gamma Omicron's Fondue Wine Tasting Party.

This event, which will be held March 14, will be the chapter's only mixed social of the spring calendar.

The residence of Mr. and Mrs. Philip Fairlie will be converted to a "Beatnik Pad" for the evening. Wine posters, drip candles, newspaper table cloths and a bongo combo will lend atmosphere. Guests will arrive in appropriate attire at 9 o'clock.

Social chairman, Mrs. Fred Hoffmann has announced prizes will be awarded for the most authentic costume as well as for the "Champion Wine Taster." The "Beat" committee includes the Mesdames Fairlie, Len Teasley, Charles Barr, Edward Harbrow, James C. Molica and Miss Val Estrada and Miss Trudy Hall.

Smith College Alums Hold Luncheon Meet

Miss Teresa Kirby, national representative for the Smith College Alumnae Fund, was guest at an informal gathering of the local Smith Club at the Alta Mira Hotel in Sausalito recently. Miss Kirby is the house guest of Mr. and Mrs. Robert Blakeslee of Kentfield while she is in this area.

Members at the luncheon and discussion were Mesdames George Lindahl, Harrison Diblee Jr., John Prescott, Blakeslee, Edgar Chiswell, Walter Benson and M. K. Burlin.

Reception And Buffet Honor Artist Raskob

The recent private preview of Joseph Raskob's one-man exhibit opened with a gala affair of splash and glamor. Distinguished men and women in formal wear mingled in the spacious and elegant salon at 1200 Fifth avenue, San Rafael, that was transformed into one of the largest art galleries of Marin County.

Many dignitaries, diplomats, art lovers and collectors from Berkeley, Oakland, Richmond, and San Francisco came to San Rafael to do honor to Joseph Raskob, the famous American artist whose exhibit is travelling from museum to museum. The E. B. Crocker Art Museum of Sacramento has delivered the entire show, consisting of 27 oil paintings and as many watercolors, gouaches, drawings and lithographs to San Rafael.

The women were a complement to the bright paintings with their beautiful gowns and coiffures, creating a harmony of color and design. Mrs. Lawrence Cowen, president of the San Rafael Improvement Club, who is responsible for arranging the special showing, wore a silver-gray satin of French design. Her husband is a friend of the Raskobs. The Consul-General of Mexico, Adolfo G. Dominguez, came from San Francisco, accompanied by his wife, whose elegant black gown reflected the brilliance of her dark eyes. Mrs. Raskob, wife of the artist, a writer in her own right, wearing a white orchid on her French velvet gown, draped in a sable wrap, welcomed the guests. Mrs. Esther M. Dearth, vice president of the Northwestern Savings and Loan Assn., in soft beige, hosted the evening together with her husband, R. Keith Dearth.

Roy Newgard put up five telephoto partitions of mahogany, separating the paintings in groups of three so that the paintings stood out clearly and were viewed individually. His wife Virginia seemed very favorably impressed with the show. Mrs. William Ballard of Sausalito was enchanted by some of the paintings which she studied closely, as were Mr. and Mrs. George Metcalfe, the latter county chairman of the Marin Music Chest.

Mrs. Kitty Oppenheimer, moderator on KTIM, was enthusiastically perusing more drawings and studies in the large folder at one end of the foyer. Moving about, the Chapin Days, editor of the Independent-Journal, as were Marianne R. Rauschnaubel, art instructor at the College of Marin. The originator of Artists' Embassy, Althya Youngman of Oakland, was pointing out her favorite painting to Ben Harris of Berkeley, while Mrs. Frank Lorigan of San Francisco admired the museum piece "Alone in the World" with R. P. Easton, also of that city Dr. and Mrs. Emmet L. Rixford of Sausalito were visiting with their friends, Dr. and Mrs. Rodney R. Hartman and Dr. and Mrs. William H. Pemberton. Mr. and Mrs. J. K. Solomonson Jr. conversing with Mrs. Sam Nelkin and Mrs. Charles Reindollar, while Mrs. Carlos Freitas chatted with Mr. and Mrs. Henri Gelsi-Medeot and others.

Raskob was constantly surrounded by the guests who plied him with many questions about his work in particular and art in general.

The show will remain open at 1200 Fifth avenue through March 6 from 10 a.m. to 4:30 p.m. daily.

Scout Leaders Complete 'Fly-Up' Training Course

A six-hour "Fly-up" training course for Marin County Girl Scout leaders was held recently at the Hamilton Air Force Base Youth Center.

The group, divided into patrols, learned skills which are listed as Tenderfoot requirements such as laying a trail, using a compass, learning how to display and use the flag, learning the history of Girl Scouting and the story of the World Assn. of Girl Guides.

Completing the six hour course to receive certificates were Mesdames Samuel Bardelson and Philip Canney of Terra Linda; Bert Frazzini and Roy Hersom of Marinwood; Robert Krohn, C. C. Perolini and Rodney Wagner, San Rafael; John Laufer Jr., Santa Venetia; Clark Holmes and J. E. Christian, Bel Aire and Mrs. D. R. Yankle of Hamilton Air Force Base. Training committee chairman is Mrs. Clarence Leisure.

Dr. Logan Miles Is To Address Strawberry P-TA

The multi-purpose room of the Strawberry Point School will take on a "new look" for the next meeting of the Parent Teacher Assn. to be held Wednesday at 8 p.m.

Tables and chairs will be set up to allow for small groups instead of the usual formal meeting arrangement. This will allow for an informal presentation on the "Three R's Plus" program by Dr. Logan Miles, assistant superintendent of the Mill Valley School District, as well as a freer question and answer period which will follow.

A brief business meeting conducted by P-TA chairman H. T. Tomlinson will precede the program. Primary business on the agenda will be the nomination and election of officers for the 1959-60 school year.

Boy Scouts under the leadership of Commander Frank Helmer will conduct the opening flag ceremony.

Spring Is Welcomed By Sausalito Women

The weatherman cooperated with the three hostesses who gave a progressive luncheon recently in Sausalito which they had called "Spring Is Just Around the Corner."

Instead of "around the corner," Mrs. Leonard Blakely, Mrs. Robert Peterzon and Mrs. Jackson Perry should have called it "Spring Is Here!" because the day was a typical spring day in Marin with blossoms bursting into bloom on the trees and the guests looking like a fashion show in new spring finery.

Cocktails were served at the home of Mrs. Peterzon on San Carlos avenue, then to the Sausalito boulevard home of Mrs. Blakely for a delicious lunch after which most of the guests walked the short distance to Mrs. Perry's on Miller avenue for dessert and coffee and stayed to visit.

Spring flowers decorated the three homes with Mrs. Perry's coming in for a tour as they have just finished remodeling.

Seen among the guests were Mrs. Richard Phillips in a flowered chapeau of the new shade of geranium pink chatting with Mrs. Mervyn Cowen; Mrs. William Hayes Ballard, formerly of Sausalito and now of Tiburon greeting old friends; Mrs. Frank Williams dressed in a blue print blouson dress with matching blue hat; Mrs. William Erskine in one of the new blue-green silk prints; Mrs. George Quinn and Mrs. Emmet Rixford chatting together; Mrs. William McAfee, a former Sausalitan up from Los Altos for the novel luncheon; Mrs. George Chapman in red suit talking with Mrs. Justin Day; Mrs. Edwin Long's wide brimmed hat so becoming; Mrs. Wilbur McGowan arriving in time for dessert, late because she had been modeling at the Canterbury Hotel; Mrs. Henry Barg and Mrs. Wally Brown discussing their respective daughters.

Others seen among the guests were Mrs. Robert Frost, mother of Mrs. Blakely; Mrs. Edward Many in a plaid suit; Mrs. Robert Anderson telling of her daughter, Patsy's return from Europe where she has been since November with the Virgil Scatenas of Sacramento; Mrs. Frederic Palmer III; Mrs. Robert Walt; Mrs. Manuel Santos in a blue silk print complementing her white hair; Mrs. John Alexander in blue tweed; Mrs. Carl Spring and Mrs. Victor Wollman; Mrs. Willard Hall, Mrs. Guy Ryerson on her first outing since the birth of her new daughter; Mrs. Juan Hayes in beige; Mrs. Frederic Waiss; and Mrs. Richard Cruikshank in her Girl Scout director's uniform because it was "Brownie Day" and she had to be ready for her group at 3 o'clock.

Plant And Flower Show Set Apr. 30 By Sausalito Club

Echeveria, sempervivum, graptopetalum, and sedum may be just unpronouncable names to many, but to the garden enthusiast they mean plants for an easy to care for garden, for rock gardens, or container gardens.

A variety of species of these generae of succulents, along with many other plants, herbs and ferns will be available to the home gardener in flats as well as in individual planters at the Sausalito Woman's Club's "Flower Show for Fun and Plant Sale for Funds" event on Thursday, April 30.

Open to the public, it will be an opportunity for amateur gardeners to avail themselves of plants for new gardens and to renew plants in old gardens at very reasonable prices.

The "For Fun" part of the show is open to members of the club only and will feature arrangements of fresh blossoms and dried varieties or a combination of both. An award will be given to the entry judged the most outstanding by the vote of the people who attend the show.

The floral pieces will be on display from one until 8 p.m.

No admission will be charged

Mrs. Emmet Rixford is chairman of the "For Fun" part of the show. Assisting her will be Mesdames Eric Barnett, John Alexander, Richard Cruikshank, Edwin S. Long, Robert Miller, Jackson Perry, Richard Phillips, Alan Scurfield, Arnold Seymour, Fay Sparks and Thomas Wiper.

Mrs. Merrell Sisson and Mrs. John Churchill are co-chairmen of the plant sales.

Missionary Society Showing Baptists' Work In America

Homes missions will be reemphasized at the First Baptist Church of San Anselmo when the film "North American Neighbors" is shown at the regular mid-week meeting, Wednesday night at 7:30.

The sound film, sponsored by the Women's Missionary Society, will show mission work in progress in Canada, Alaska, Mexico and the United States. A fellowship hour, to welcome members and friends of the church, will follow in the social hall.

Square Dance Club Has Graduation Party

A graduation party was held recently for those completing their intermediate square dance class. New members welcomed into the Charm 'N Farmers were Messrs. and Mesdames Charles Owen, Jack Olsen, Bill Taylor, Romeo Bonnett and Jack Richards.

A surprise birthday cake and gift were presented to the club caller, Larry Twist. The occasion was heightened by a visit from the Stump Jumpers of Novato. Seventy-five dancers were present to enjoy the calling of Larry Twist and Skip Graham, caller for the Stump Jumpers.

Astrologist Explains The Zodiac At Outdoor Art Club Guest Day

"You and I and The Stars," Mrs. Fritzi Armstrong's lecture at the Outdoor Art Club's guest day meeting Thursday, drew one of the largest audiences of the year.

"Astrology is astronomy brought down to the level of men," said the noted astrologist who heads the Metaphysical Library in San Francisco—the only one of its kind in the world, according to Mrs. Stanley Brooks, program chairman, who introduced the speaker.

"Today scientists are discovering that the planets are not material at all, but mind," Mrs. Armstrong declared, and went on to predict that "Within the next 30 to 50 years scientists will be on their knees to astrologists."

This, she believes, will be true because "We are just emerging from the Piscean Age of imprisonment into the Aquarian Age of freedom and air, when astrologists' study of the heavens and outer space will be invaluable."

In an entertaining style Mrs. Armstrong explained the 12 signs of the Zodiac, which are symbols representing the position of the sun during the 12 months of the year.

BASIC TRAITS

These sun signs govern the inner soul and determine basic traits according to which one you are born under, she went one, but the moon and planets have their influence, too. And many people do not live to the true tune of their signs until they are from 35 to 50 years of age.

Continuing her explanation, the astrologist said that the 12 signs are divided into trinities of fire, earth, air and water, each having its good and bad aspects, an animal or other object as a symbol, and a part of the human body which it governs.

A good way to examine your innate characteristics, she recommended, is to go to the zoo and study your animal symbol.

Dealing with the Zodiac signs, not as they occur consecutively on the calendar but in their trinities, the speaker gave highlights of their good and bad aspects—too numerous to describe here other than in the trinity groups.

As she did so, it was easy to tell whose birthdates came under the sign she was discussing.

In the fire trinity, she said, Aries (March 20-April 21), Leo July 20-Aug. 21), and Sagittarius (Nov. 20-Dec. 21) — all characterized by warmth and leadership.

ACUMEN TRINITY

The Earth or wealth and business acumen trinity is composed of Taurus (April 20-May 21), Virgo (Aug. 20-Sept. 21) and Capricon (Dec. 20-Jan. 21).

In the water or the essentially physical and sympathetic trinity are Cancer (June 20-July 21), Scorpio (Oct. 20-Nov. 21) and Pisces (Feb. 20-March 21).

And the intellectual or air trinity consists of Gemini (May 20-June 21), Libra (Sept. 20-Oct. 21) and Aquarius (Jan. 20-Feb. 21).

As for the importance of one's birthdate in selecting a mate, the astrologist advised that it be within one's trinity to insure a basic affinity.

"There may be quarrels and even episodes with other people," she said, "but everything can be worked out if there is this fundamental affinity."

Day Of Recollection Set By Church Women

Saturday, March 14, as been selected by the women of St. Hilary's parish for their annual Day of Recollection according to an announcement by Mrs. Frank Brooks, spiritual activities chairman. Guest speaker will be the Rev. Cheston Butler, O.P.

The day will begin with Mass at 8 a.m. followed by a light breakfast served in the rectory. During the day there will be a series of three conferences alternating with time for prayer and meditation and concluding with the benediction of the Blessed Sacrament at 3 p.m.

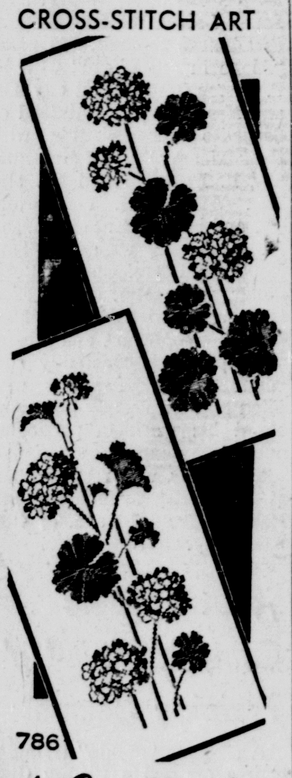

It is suggested that, due to lack of facilities, those attending plan to lunch at home as time will be allowed between 12 and 1 p.m. However, those who wish to remain may bring a lunch.

All of the women and their friends are invited to participate.

Set Off Jackets

Frosty-white blouses set off cardinal-type suit jackets for spring. Designer Rhonda Lee shows a variety of blouse silhouettes, such as the "Empirette," which falls with a faint flair from a natural shoulder line and has bands and bows at the bosom. Other blouses have sissy ruffles and front buttons, shirtwaist tailoring, and collars ranging from tiny Peter Pan to wide, flat choir boy types. Bands are contoured to fit snugly just below the waist.

Sleepy Hollow Guild Sets 'Date To Tango'

The Sleepy Hollow Guild of Sunny Hills has plans well underway for a "Date to Tango" —an "Arthur Murphy Party," as a variation of the Guild's annual international brunch.

A dinner dance, this event is to be held at Trader Horn's on Francisco boulevard on the evening of March 21, the proceeds to be used for the 60th Annual Grape Festival.

Cleverly devised decorations, consisting of dancing couples, as well as the beautiful silk screened invitations for the gala affair, were designed and executed by Pat Ballachey Skelley, daughter of Guild member Mrs. Robert Ballachey.

In addition to hors d'oeuvres, created and served by Guild members, the guests will enjoy a buffet dinner and dancing as well as entertainment featuring stars from "Hollowood," including such notables as Mesdames Robert Ballachey, Ernest Winkler, Charles Hardeman and William Worth and Mr. Howard Hetzner. Professional dancers from Arthur Murray's Studio will be a highlight on the program.

Chairmen for the evening will be Mesdames Worth and Darren McGavren assisted by Mesdames Frank Spicer, decorations, Edward Boero and Robert Grant, reservations and door, Harrol Laster and Peter Helms, hors d'oeuvres, Ballachey, entertainment, and John Gaylord, publicity.

Reservations are limited, but if still available they may be obtained by calling either Mrs. Boero or Mrs. Grant.

HAMILTON AIR FORCE Base officers spared a few minutes from lunch to choose prize winning "crazy hats" at the Odds and Ends Club recent luncheon. Left to right are Mrs. Kenneth Goodall, Maj. Gen. Hugh A. Parker, Mrs. David Alford, Col. William M. Banks, Mrs. Park Tamlin and Brig. Gen. Curtis R. Low.

ASSORTMENT of giddy headgear worn by wives of officers of WADF at the recent luncheon include, left to right, seated, Mesdames Charles Bradley, Jack Greenfield, Llewellyn B. Griffith, and standing, Mesdames Charles Wood, Edward Beaty and Edward Hoover and Kenneth Goodall. (Hamilton Air Force photos)

Odds 'N Ends Club Has Chapeau Contest

Wives of officers of Western Air Defense Force at Hamilton Air Force Base seemed out to demonstrate that women will wear anything for a hat. The women, whose club is known as "Odds and Ends," surrendered their February luncheon at the Officers' Club to the crazy hat season.

The male point of view was gained from the judges who shared a corner of their lunch hour and dared to choose three chapeaux for prizes. Maj. Gen. Hugh A. Parker, Brig. Gen. Curtis R. Low, and Col. William M. Banks selected hats worn by Mesdames David Alford, Kenneth Goodall, and Parke Tamplin. Their creations had obvious masculine appeal, for they were, respectively, an inverted fishing basket hung with gaudy lures; an archer's arrow seemingly piercing the head; and a satellite (an Air Force Vanguard, of course.)

Mrs. Harl L. Ahl had to keep a level head as she served the champagne punch for she wore a silver bowl of jello complete with serving spoon. Mrs. Herbert Sears aspired to be "Mrs. Cabbagehead of '59" with her vegetable turban. Mesdames Edward E. Beaty and Edward F. Hoover were salad twins, with radish earrings, and the motto "lettuce be friends."

A perky beret of sour bread adorned Mrs. Charles Wood's head. It was decorated with sharply slanting knife and two pert cloves of garlic. Inverted flower pots looked to be a sure thing for spring, and so did Mrs. James F. Sullivan's upsidedown handbag with dangling contents for trim.

The luncheon tables were decorated with hat trees—branches tipped with chic miniature hats made by the committee and which were given as favors. The head table centerpiece was a large picture hat of pale yellow tissue rosettes and trimmed with deeper yellow velvet ribbon and daffodils.

Hostesses were wives of officers of the Inspector General's section. Mrs. Alford was chairman and her assistants were Mesdames Charles Bradley, Harl Ahl, Clifton Eccles, Jack V. Greenfield, Harvid Sager, Kerney Sigler, Charles Wood and Albert Wood.

New president and vice president elected by the club are Mrs. W. C. Dorn and Mrs. Bradley.

Delta Zeta Bridge Luncheon To Benefit Hearing Society

Highlight of the Marin County Delta Zeta alumnae chapter's year of assistance to the Hearing Society of Marin is the annual Spring bridge luncheon on Saturday, March 21, at noon in the Frontier Room of Rickey's Rancho Rafael in Ignacio.

Proceeds from the affair, now in its fifth year, will facilitate the work of the Hearing Society, a non-profit group organized in 1956 to help the local hard-of-hearing child and adult adjust to life in a hearing world. The Society sponsors the lip-reading class taught at the College of Marin and is currently studying the needs of the deaf and hard-of-hearing child in the school system.

Delta Zeta alumnae work closely with the Society throughout the year, weekly serving as volunteers in the Marindale School deaf children's class and participating for two years in the Society's local National Hearing Week May program. Delta Zetas serve on the organization's board of directors in committee capacities and two alumnae, Slavka Cibilich of Corte Madera and Mrs. Victor Abrahams of Sausalito, are starting their second year as vice president and secretary, respectively.

The local alumnae also participate in the sorority's national philanthropy, which since 1944 has been aid to the hard-of-hearing. The chapter financially assisted in the recent furnishing of the Edward Miner Gallaudet Library reading room at Gallaudet College in Washington, D.C., for which the national social sorority was solely financially responsible. This college, the only college for the deaf in the world, has been adopted by Delta Zeta to benefit from the sorority's national philanthropic program.

In addition, the chapter has financially assisted in the fund-raising campaign for a chapter house on the San Jose State College campus; contributed to the Mu chapter at the University of California and is now sponsoring the newly installed college chapter at Humboldt State College. Members also hold state and national directorships in the sorority's alumnae organization.

The chapter has participated for three years in the Sunny Hills Grape Festival and is collecting used and new books for the Delta Zeta-staffed book booth for the forthcoming festival.

After washing winter woolens such as sweaters and gloves, seal them in plastic bags and place in a deep freeze for 48 hours before storing. The free treatment helps destroy any moth eggs which may be left in the clothing.

If sour cream is available at food markets in your community, you can make a delicious dressing by mixing one-half cup of it with two tablespoons of lemon juice, a half teaspoon of salt, a teaspoon of sugar and a teaspoon of grated onion.

Allow at least ½ pound of meat for each person when buying bony cuts like spareribs.

Next time you make split pea soup substitute stewed tomatoes for ½ of the required water.

County Loses A Man Who Was Here Before San Rafael

When Russ Warden died last week, San Rafael lost another of its few remaining links with the past.

Rus Warden's mother, the late Florence Butterfield Warden, came to California in 1850, the year that our state made the transition from Hispanic colony to membership in the United States.

Russ Warden's father, the late Robert T. Warden, came out from Vermont in 1863, when Lincoln was president and the war between the states was raging.

Russ Warden was born here in 1871, before there was a single incorporated city in all of Marin County.

He was grown before sidewalks and paved streets replaced summer dust and winter mud on even our main streets.

Russ Warden was a mature adult before an automobile frightened a horse the first time in Marin County, half a century ago.

He was past middle age before the first flying machine made its appearance in these parts.

As the I-J reported on the day of his death, his "career in the grocery business spanned the history of San Rafael from the days of dirt streets and horse-drawn delivery carts to freeways and supermarkets."

He lived to see supersonic jet planes based here, anti-aircraft rocket launchers constructed here and a Pacific Coast radar outpost established here.

Russ Warden "retired" about seven years ago. But he didn't really retire. He just closed his grocery store and devoted his energy and interests to other fields.

Until the day his final illness put him on his back, he retained a working interest in the savings and loan association he served as president.

Even to the end of his 87 years he remained active, maintaining lively, varied interests. In this sense he didn't grow old. He just grew 87 years young.

The loss of Russ Warden, link with the past, is a loss to our whole community.

Marin's Feathered Caruso

Almost everyone knows the joyous song of the western meadowlark. It comes out loud and clear, sung with verve by this feathered Caruso.

Marin's broad, grassy meadows and hills provide a good home for the meadowlark. He's a rather handsome fellow, yellow with back and wings the color of a good brownish tweed. It is easy to identify him by the black "V" on his yellow chest.

Meadowlarks are permanent residents in the Bay Area, although they are migratory in most parts of the country. They nest on the ground in a nest of grass and weeds which is often arched over the top. Their diet consists largely of grain and seeds, but they vary it somewhat with fruits and insects.

We feel a small thrill of pleasure when ever the happy song of the meadowlark catches us by surprise. He sounds so wholeheartedly joyful!

THREE MINUTES A DAY

By JAMES KELLER

WHY YOU ARE IMPORTANT

"Who am I?" was the strange question asked by a 16-year-old girl when she walked into police headquarters in Springfield, Mass., recently.

The teen-ager, suffering from a mental lapse, was unable to recall anything about her name, occupation, where she had come from or her destination.

Few people, thank God, find themselves in such an unfortunate predicament. But many, in full possession of their faculties, are confused and bewildered in a similar way regarding the very reason for their existence.

Even a momentary reflection, from time to time, on the profound questions: "What am I?," "Why am I here?," and "Where am I going?" would do much to deepen the meaning and purpose of our lives.

Recall frequently that you personally have been (a) made in God's image; (b) redeemed by Christ; (c) entrusted by Him with a special job to do in life assigned to no one else and (d) are destined to be eternally happy with Him in paradise if you play your part well on the stage of life.

"What is your life? It is a vapor which appeareth for a little while, and afterwards shall vanish away. (James 4:15)

Keep me ever conscious, O my Redeemer, that this life is but a brief preparation for eternity.

HAL BOYLE'S COLUMN

At Age 70, Average American Has Spent 20 Years In Sleeping

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

By the time he is 70, the average American has spent 20 years in sleeping, 20 years at work, and 5½ years in eating, smoking and chewing gum.

Babies should be born with pocketbooks. It now costs about $18 worth of soaps and powders to keep an infant sweet and clean the first year of its life.

Quick quip: Dan Frohman, the veteran producer, once consented to listen to a young stage-struck girl sing. After she had finished she asked Frohman: "What do you think I should do now?" Frohman replied: "Get married!"

Do you ever wonder how your wife spends her time? A survey by the Bon Ami Institute disclosed wives devote 23 per cent of their working day to preparing meals, 13 per cent to dishwashing.

The ordinary U.S. family now uses 888 cans of food a year. What is home without a can opener?

Nature note: A wild elk lives to be about 10 years old, a zoo elk to 25. And a lodge Elk, if he does not graze too long at the bar, to 70 or more.

The United States, growing ever more crowded, is already worried about a water shortage. But more than half of all the fresh water in the world lies in neighboring Canada.

PARENTAL ADVICE: We like this observation by Homer Phillips: "The time to start correcting the children is before they start correcting you!"

King Henry VII, one of the sternest of British monarchs, was generous in some ways. The ale allowance of the maids of honor at his court was fixed at eight gallons a day. But if the gals were still thirsty, they could draw an extra gallon.

THE MOBILE family: A million or more trailers now serve as year-round homes for some three million Americans.

Household hint: Paint a ring of luminous paint around your flashlight, and it will be easy for you to locate it in the dark.

Benjamin Franklin was ahead of his time in a hundred ways. Did you know that in Philadelphia he organized America's first real street cleaning service?

Young Haydens Learn Sailing

EDITOR,
Independent-Journal:

Last summer a Marin resident was one of an expert crew aboard a yacht seeking to represent the U.S.A. for the America's cup. He had learned sailing during the years when he and his sister had started around the Horn and the globe in the family schooner at ages approximating those of the youngest Haydens.

The soundness and seaworthiness of a sailing craft are attested to by a qualified Marin surveyor for a modest fee.

Why No Minister In Mental Health?

EDITOR,
Independent-Journal:

With the greatest amazement one read in your Friday report of the mental health study unit — that the group selected still follows the official Short-Doyle pattern!

Why on earth, after much controversy, much conversation, much acknowledgement on the part of The Board of Supervisors that this Committee was to be an unbiased one, independently considering pros and cons — was this pattern adhered to? Only one answer can there be: it's to "save time" — as Mrs. Schultz frequently declares.

In other words, let's be all ready and set to go into full Short-Doyle implementation WHEN, not IF the "unbiased board" decides to give the green light . . .! That's hardly a neutral view—by the broadest stretch of anyone's imagination . . . It is, in fact, a typical pressure-play promotion-tactic, employed all over the country. . . . The reports are available to any one taking time to read 'em . . . It's a matter of history.

Any just issue, any honest issue is worthy of careful, lengthy consideration by either a group of persons both for and against it — or by persons altogether neutral. Not only is the present group comprised of members named on the original list published in the I.J. on Jan. 28, with one exception — but, while four persons have not publicly, to my knowledge, expressed a stand on the matter, three have been most eloquent and vocal about supporting and urging The Mental Health Program: Dr. Gudstadt, Dr. O'Rourke and Mrs. Freeman, who is listed as a psychiatric social worker. That adds up to four neutrals and three proponents . . . ! Is this in any wise fair — or does it even make good sense?

What makes the least sense of all, however — and is certainly unfair to the point of being downright wicked is this: Why doesn't the original Short-Doyle pattern of two laymen, one judge, the chairman of the Board of Supervisors, one psychiatrist and two physicians — include a clergyman? In fact, why doesn't it include one rabbi, one priest and one minister?

Certainly all over the world, including Marin County, people turn to their spiritual leaders for guidance — sometimes even before they turn to physicians . . . So how and why was such an astounding gap left in this pattern? . . .

Federal Aid Is Never 'Free'

EDITOR,
Independent-Journal:

After reading Mr. Bertram's letter urging support of the Murray-Metcalf Bill which would by his calculations grant approximately $400,000,000 in federal school aid to the State of California during the 1962-63 fiscal year, I would ask who but the tax paying consumer, wage earner, or property owner is going to supply the funds for these grants?

No such government action can be carried out without increasing tax revenues by direct taxes, such as income, property, and sales tax, or indirect taxes such as corporation, liquor, or franchise taxes. Since the indirect taxes are paid by the consumer through rising prices, the tax burden falls back onto the individual.

By maintaining control at local levels of tax rates and government expenditures, the local residents can keep a watchful eye on government operations. The Murray-Metcalf Bill would create more jobs for federal workers to watch over the funds granted to the states for school aid. Since every five productive wage earners are required to support one government employee, we not need any more burden created by additional federal agencies. . . .

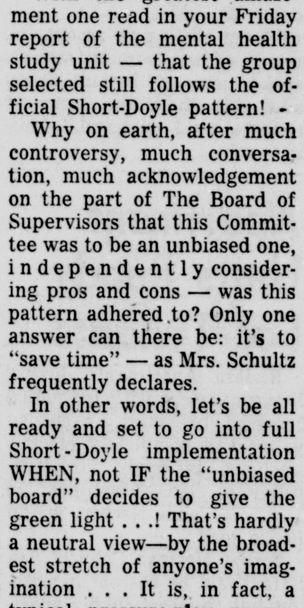

The United States was founded on the principals of local control and state's rights. Federal aid programs like the proposed Murray-Metcalf Bill or the Hill-Burton Act (hospital support) are rapidly abridging state's rights and making complete federal domination of our society inevitable.

If the federal government is going to solve all our local problems, let's eliminate county and state governmental bodies which are being duplicated by federal agencies and complete the move towards the welfare state and a socialistic society, supported, dominated, and controlled by Uncle Sam.

Do not sacrifice our rights and prerogatives by subscribing to the doctrines of "free" federal aid!

"Painless dentistry is simple as chopping down a tree," a dentist explained to a burly logger. "You breath one whiff of laughing gas, and poof! The tooth is out."

"Any charge for that stuff?" asked the logger dubiously.

"Fifty cents extra," said the dentist.

"I guess the old way is best," decided the logger. "Go ahead, doc, and never mind how much it hurts."

"You're a brave man," said the dentist. "Open your mouth."

"Wait a minute," cried the logger. "It isn't me that's got the toothache; it's me wife."

Scouts Knew Ike Was Their National Chief; Had Harder Time With Bechtel

Kenneth K. Bechtel of Ross, long an active Boy Scouter, was on the speakers stand recently when Rick Sims of Tiburon, son of Judge Richard M. Sims received his Eagle Scout award.

When the master of ceremonies asked the assembled Scouts for the name of the Scouts' national president a shrill voice from the audience piped, "President Eisenhower!"

Slightly embarrassed, the M. C. conceded that the chief executive was, indeed, the national honorary president. It took considerable diplomatic maneuvering to get the lad to ultimately identify the "working" national president of the Boy Scouts.

His name — Kenneth K. Bechtel, who thoroughly enjoyed the proceedings.

A NEW KIND of rock hound is in the local news. If you journey through the military tunnel between Ft. Baker and Ft. Barry and follow the road all the way to the ocean beach at Ft. Cronkite, you will find men, women and children busily engaged in lugging buckets, baskets, sacks and boxes from the beach to nearby parked cars.

Seems that the characteristic Marin red rock of the nearby hills has been washed down various creeks and streams over a period of years and carefully deposited on a flat area near the sandy beach The washing process has worn off sharp, ragged edges of the rock to produce beautifully colored rounded gravel ideal for garden walks and patios.

Those who are collecting gravel are gathering armloads of well-soaked driftwood for open fireplaces.

THE CURRENT issue of "Life" carries an attractive full-page color ad for Studebaker's new model called "The Lark." The ad shows the car parked in front of a store with a flock of teen-agers giving the new car envious looks.

The store, with its attractive red and white candy-striped awnings is actually Berry's ice cream parlor on Tiburon's Main Street, but the youngsters are professional models.

We understand that the ad is the first in a series using Tiburon backgrounds. Too bad the chamber of commerce didn't get a line somewhere about Berry's being in Tiburon, especially when the headline on the ad reads, "Parks with pride in the poshest places!"

FOUR PUBLIC hearings on Sausalito's proposed general plan before the planning commission have attracted a near record turnout of interested citizens; some to offer bouquets, some brickbats.

As in any local public meeting, there have been critics who can find nothing good about it and others who would "buy" it as is. Still others would scuttle the entire plan since one segment of it displeases them.

But the entire process thus far has been highly democratic in its operation with Chairman Victor Hecht unwavering in his insistence that all have an opportunity to be heard. We trust that when the city council holds its public hearing on the plan, it will not founder on the shoals of some selfish interest which can see no good in it because of one or two objectionable recommendations.

It is noteworthy that the proposal carries the description of "general" plan — not "master" plan.

TAMALPAIS HIGH School football players, in an effort to keep in physical trim during the off season were hard put during the recent rains. But their bright minds came up with a solution.

Strange sounds emanating from little used rooms showed the boys working hard at their exercise. They were seriously engaged in a game of jacks!

Mountain Of National Debt Can Be Cut To Pebble; It'll Take Long Time

WASHINGTON (AP) — Many a man has looked at the national debt — big as a mountain in dollar bills — and asked himself: "How can we cut it down to pebble size?"

The latest to look and be appalled is Rep. James C. Wright Jr., 36, a Texas Democrat. He has an idea which might take 100 years to work out. But he thinks it's better than just sitting and looking.

Although Wright stuck a needle in the national conscience, and one House member after another arose to applaud him, nothing is likely to come of the idea except that it may be enshrined in a place set aside for noble thoughts.

THE NATIONAL debt now is 285 billion dollars. This year the government will have to pay $8,100,000,000 in interest on it, without knocking off a dime on the principal.

Wright, like others, hates to think of that going on indefinitely. He told the House that with interest rates going up, the government soon will probably be paying $9,800,000,000 a year in interest.

So Wright said:

"This means that if things go along exactly as they have been going, without any more increases in the national debt and without still another jump in the interest rates, in 29 years we shall have paid the total amount of the debt and still owe every penny of it."

WRIGHT SUGGESTS Congress tell the Treasury Department to set aside each year one per cent of the present national debt of 285 billion — or $2,850,000,000 a year — to pay off the principal.

This, Wright figures, would be cutting down not only on the size of the debt each year but on the interest, too.

Using a 283 billion dollar debt figure, which is now the permanent debt ceiling — the temporary ceiling until July 1 is higher than that — Wright told the House:

"In 100 years we could completely retire the debt by paying 495 billion in interest and 283 billion in principal, or a total of 778 billion.

"But if we pay nothing on the debt itself, the interest alone for 100 years will be 980 billion, and we will still owe the debt of 283 billion, or a total of 1.263 trillion."

THE ONLY trouble with the idea — if it was going to work on schedule — is that for 100 years the government would have to balance its budget and not go further into debt.

But it hasn't been doing that. The budget, or cost of running the government, has been going up. While this year President Eisenhower is making a try at budget-balancing, the chances are he won't make it.

His budget this year called for spending 77 billion and he estimated the government would take in through taxes and other revenue $77,100,000,000, or $100,000,000 more coming in than going out.

BUT EVEN THOSE estimates included higher postal rates and gasoline taxes, and some other changes Congress isn't likely to make.

For Wright's idea to work—that is, for the government to spend every year around $2,850,000,000 on paying off on the debt — the government would have to be taking in more than it spent.

How could it do that?

In only one of two ways: either by reducing spending or getting more income or revenue, which would mean raising taxes.

But government spending seems pretty sure to be going up, not down. And new taxes aren't popular.

All Bobby Ordered Was Stamps; Now He's On Nasty Sucker List

My friend Bobby, who is 13, has been getting some nude photos in the mail. He's a nice boy. He didn't order the pictures. Here's a nasty racket.

Many moths ago Bobby ordered some stamps by mail which were advertised in a good children's magazine. His name was put on a sucker list sold to men who peddle nude photos to teen-agers. Every boy on that list has been sent sample pictures of undressed girls and spicy letters telling how to order whole packets of nude, exciting poses. Nice business, isn't it?

Bobby's mother found him poring over the samples. She was horrified and came to me about it. I found the racket extends everywhere the U.S. mail is delivered.

Do you have a son? Don't let him order anything from the small mail order houses specializing in children's hobby and play items. Not until they take steps to protect their young customers. If your son has ordered anything recently, be careful. Censor his mail.

Do you want to kill this racket? We now have laws which make it possible for our local authorities to prosecute the senders. If your boy receives the sort of mail Bobby has been getting, save it. Take it to the postmaster's office and leave it there. The postal authorities want to help. You may make it possible for them to prosecute.

Removal Of Fire Truck Worries Bolinas Residents

The planned removal from Bolinas of a county fire truck with its radio communication system has Bolinas residents worried, Chief Warden Charles Reilley of the County Fire Department learned last night.

The truck's radio communication system has been the seaside community's only means of communication when its telephone service has been disrupted during storms.

Chief Reilley suggested to the 50 members of Bolinas Community, Inc, that a radio transmitter be installed in one of the Bolinas Fire District's two trucks, said Mrs. Thomas J. Barfield, wife of the group's president.

The truck of County Fire Warden Sherman R. Smith will be assigned to the county's new Throckmorton Ridge substation when it is completed about May.

Tam Entrant Feted As Engineer Finalist

Joe Piluso of Corte Madera, entrant from Tamalpais High School in the Bay Area Engineers' Week scholarship competition, failed to win the contest but was among finalists feted at a dinner at the Sheraton-Palace Hotel in San Francisco.

The $750 scholarship for first prize in the competition went to Philip Condit of Lafayette, an Acalanes High School student.

Young Piluso is a son of Mr. and Mrs. Carlo Piluso of 978 Meadowsweet drive.

Circus Worker Threatens Boy

Charles Wayne Henderson, 24-year-old Oklahoman, was booked at the county jail Saturday night on charges of threatening a 14-year-old Novato boy with a knife and of being drunk.

The boy said Henderson had held a yellow-handled knife at his throat and at his stomach. The boy escaped and told his story to Inspectors Carl Sears and William Bradley and Deputy Sheriff Gerald Fries.

Henderson said he hitchhiked from Oklahoma to California. He joined the Ring Brothers Circus three weeks ago, working as a manure scooper at a wage of $10 for two days work a week. The circus was at the Nave Shopping Center this weekend.

THE MILITARY WAY

San Rafael Art Pupils Win Honors In S.F.

Budding artists of San Rafael won a large share of honors at the Scholastic magazine regional art awards exhibition Saturday at the Emporium auditorium in San Francisco.

San Rafael Military Academy pupils captured 18 awards, including two Hallmark awards which send the entries to New York for national judging. St. Raphael's School pupils won seven awards, including a Hallmark award and a Scholastic selection for national judging.

ACADEMY WINNERS

Winners of the Hallmark awards from the military academy were Frank Merrill, son of Mr. and Mrs. Karlin Merrill of San Jose, for a sterling silver jewel box with cloisonne enameled top, and Jeffrey Eals, son of Mr. and Mrs. Luther Eals of Stockton, for a silver bracelet.

St. Raphael's Hallmark winner was Nancy North, daughter of Mrs. Margaret B. North of 218 Lovell avenue, Mill Valley, for a painting. Another of Nancy's pictures was selected for final judging in the Scholastic magazine's own national competition in New York.

OTHER WINNERS

Gold key winners from the military academy were James Garrett, son of Dr. and Mrs. L. G. Garrett of 150 Valley View drive, San Rafael, for his casein painting, "Morning"; Barry Schrumpf, son of Mr. and Mrs. Henry Schrumpf of 930 Butterfield road, Sleepy Hollow, for his painting, "Skyline Sunset," and William Walker, son of Mr. and Mrs. James W. Walker of 35 Loma Linda road, San Rafael, for his enameled plate. Young Merrill and young Eals also received keys for their work.

Military academy pupils receiving merit awards were:

Kim Layton, son of Mr. and Mrs. W. B. Layton Jr. of 30 Tarry road, San Anselmo, who received two awards for paintings; Douglas McVicker, son of Mr. and Mrs. M. W. McVicker of Berkeley, for a painting; David Blaine, son of Mr. and Mrs. Jack Blaine of 43 St. Francis lane, San Rafael, for enameling; Julio Jimenez, son of Mr. and Mrs. Juan Jimenez of Guatemala City, for a silver pin; Anthony Monteverdi, son of Mrs. M. Monteverdi of 116 Kensington road, San Anselmo, for silver cuff links; James Sulger, son of Mrs. Dorothy Sulger of Burlingame, for a silver pin; Roger Scheinbaum, son of Mr. and Mrs. Nathan Scheinbaum of 218 Bretano way, Greenbrae, for silver earrings; Rickey Uldall, son of Dr. and Mrs. J. J. Uldall of 7 Manor drive, Kentfield, who received two awards for enameling, and William Walker, for enameling.

ST. RAPHAEL'S PRIZES

Artists from St Raphael's School winning ceritificates of merit were:

Gregory Friese, son of Mr. and Mrs. W. V. Friese of 1654 Grand avenue, San Rafael; Marilyn Hayes, daughter of Col. and Mrs. Thomas Hayes of Quarters 292, Hamilton Air Force Base; Thomas Krebsack, son of Mr. and Mrs. R. Krebsack of 113 Ash way, Santa Venetia; Pamela Peterson of Santa Rosa, and Nancy North.

Airman Sues Over Sheriff Sale Of Car

Former Sheriff David Menary and two civil deputies are being sued for $665 damages by a Hamilton Air Force Base sergeant who charges his attached car was sold by the sheriff in an improper manner.

S/Sgt. Earl C. Claude, represented by attorney Gerald N. Hill, alleges the public sale was scheduled at 11 a.m. last Oct. 23 at Garatti's Garage in Novato. But actually, Undersheriff Floyd R. Middagh and Civil Deputy Charles A. Braam completed the sale before 11 a.m. so that those who arrived at the scheduled hour were unable to bid, the complaint alleges.

The suit was filed in Marin Municipal Court.

Middagh said he always goes by his wristwatch, which is set each morning by radio and the sheriff's clock. As he recalls, the sale was made to Mel H. Binning, Inc., one of Claude's creditors, exactly at 11 a.m. About a minute later, someone entered and offered a higher price.

Claude's 1955 Ford station wagon went for $935.31. Claude contends the actual value was $1,600, and he lost $665 on the deal because the sale was conducted in an improper manner.

Rehearsals Start For Rhubarb Revue

Casting and spot rehearsals are under way for Tamalpais Valley's fifth annual Rhubarb Revue, director-producer Laurie Tusup announced today.

To accommodate the increasing crowds at the valley's three-act extravaganza, this year's production is scheduled for two weekends instead of one—April 10-11 and April 17-18—at the Tamalpais Valley Improvement Club Hall on Maple street.

Theme of this year's show is the Madri Gras, with what Mrs. Tusup describes as "unpredictable embellishments."

Proceeds of the Rhubarb Revue go to the Tam Valley Improvement Club's building fund.

Insurance Explained To Marin Fire Chiefs

Firemen fighting a fire outside their own city or fire district are covered by state compensation insurance when they are acting under orders of their city council or fire commission, state compensation representative Donald Rice told the Marin County Assn. of Fire Chiefs Friday night.

The dinner meeting at the Belvedere Fire Station was to honor Sandy McLain, who recently retired as fire chief of the Northwestern Pacific Railroad after 40 years service, said Chief John R. McLeran of Kentfield, association president.

U.S. Asked To Assure Indians Of Protection

WASHINGTON (AP) — Congress was asked today to reassure American Indians they may stay under Uncle Sam's wing until they're ready to leave.

Resolutions restating the federal government's duty to protect the Indians were prepared for introduction in the Senate and House. Co-sponsors are Sens. James E. Murray (D-Mont.) and Richard L. Neuberger (D-Ore.) and Reps. Lee Metcalf and Leroy Anderson, Montana Democrats.

MISINTERPRETATION

Murray is chairman of the Senate Interior Committee which handles Indian legislation. He said in a prepared statement that Indians had misinterpreted a 1953 resolution under which the government began freeing them from federal controls.

Many Indians fear they will be cast out, turned out in the world before they are ready to compete with whites without the protection they get as wards of the government, Murray said.

IT'S THEIR CHOICE

"Eventually federal responsibility toward Indians will be terminated," Murray said. "However, as this resolution states, 'No Indian tribe or group should end its relationship with the federal government unless it has clearly demonstrated . . . that it understands the plan . . . and it concurs in and supports the plan.'"

The resolution also "points up the primary importance of Indian attainment of equality in health and education with appropriate federal aid, before federal responsibility is ended," Murray said.

He expressed belief the legislation "could be a milestone of progress in the unhappy history of this government's relations with the first Americans."

HEARINGS HELD

Murray said the need for such legislation was voiced by many Indians at hearings conducted by Neuberger during the past session of Congress. The Oregon senator is chairman of the Interior Indian Affairs subcommittee.

Support from Republican senators and the Eisenhower administration was requested by Murray, who said his resolution "frankly is based upon a speech made by the secretary of interior in Flagstaff, Ariz., Sept. 18, 1958.

"I am willing to accept the words of the administration's spokesman on Indian policy and give them the force of congressional approval," Murray said.

Apartment Units Ready For Tenants

Riviera Apartments, luxury living quarters with individual recessed balconies or garden patios and completely electric kitchens, is ready for occupancy in San Rafael next to Lowrie's Yacht Harbor, 4 San Pedro road.

Owner Herman Cohn of San Rafael said he has put in nothing but the best in his apartment building, which has eight units. Each unit has 1,250 square feet.

Cohn hired Rolland Hammond as architect, Paul and Katy Steinmetz as landscape architects, and Florence Huber as color consultant. General contractor was Crown Development Co.

Cohn said he believes there is a need for luxury apartments close to downtown San Rafael.

Realty Forger Wins Parole

SACRAMENTO (AP)—Edward J. Levin, San Francisco theater operator convicted of grand theft, will leave San Quentin Prison on Sept. 5 under a parole granted by the Adult Authority.

The authority fixed Levin's term at six years, three and one-half of it on parole. He entered San Quentin on March 5, 1957.

Levin, 37, was convicted as the outgrowth of a real estate transaction involved a forged agreement. His parole program calls for his employment in the television industry in Los Angeles.

Want To Run For City Office? It's Not As Hard As You'd Think

By WAT TAKESHITA

If you want to run for any of the San Rafael city offices that come up for election in April, the procedure may be simpler than you think.

It does not cost you anything to get your name on the ballot. Winning an election may be another thing, but running is relatively simple. You still have time to start from scratch and run for the April election, but you had better start right away. Here is how:

Walk into the city hall and ask City Clerk W. L. (Lynn) Morgan for forms for "verification deputies."

FRIENDS SIGN

Have five or more of your friends sign the form for "verification deputies." If you are running for a city post, the five or more signers must be qualified voters living within the city limits.

If you are running for the school board, the five or more signers may live outside the city but must live within the San Rafael High School District.

Take the signed form back to the city clerk, who will check the names to see that they are qualified voters. The five then become your "verification deputies."

Then ask the city clerk for 50 to 100 "petitions of nomination." Apportion these sheets to each of your verification deputies and ask them to get each signed by a qualified voter, supporting you as a candidate for the job you seek.

50 NEEDED

When you get these petitions of nomination signed, take them in to the city clerk. You must have at least 50 and not more than 100 petitions of nomination. Make sure you have more than 50, because when the clerk checks the names to see if they are qualified voters, he usually finds several that do not qualify.

This entire process—starting with getting your "verification deputies" and ending with submitting the 50 to 100 nomination petitions to the city clerk—must be accomplished between now and March 13.

You may wait until March 13 and do the entire thing in one day if you can, or you may start immediately and take your time about circulating petitions.

When you have filed between 50 and 100 qualified petitions of nomination, your name will go on the ballot for the April 13 election.

What is there to run for?

HIGHEST PAYING

The highest paying elective job is that of police chief. The man who takes over as police chief for the new term will get $800 per month plus a car allowance of about $75 per month. The car allowance has not been set yet, but the city council indicated it would give $75.

The new city clerk will draw $750 per month plus a car allowance of about $50 per month. (The car allowance is still to be voted by the council during the budget hearings.)

The new city treasurer will draw $650 per month.

The city attorney will get $550 per month.

The mayor draws $100 per month, and each councilman $50 per month.

Board of education members serve without pay.

EXPIRING TERMS

Terms will expire for Mayor John F. McInnis; Councilmen Charles W. Aby and Fred Jensen; City Clerk and Assessor W. L. Morgan; Tax Collector-Treasurer Angelina Soldavini; Police Chief Frank Kelly; City Atty. Albert E. Bagshaw, and members of the board of education, Rex Silvernale, C. Paul Bettini and Roderick P. Martinelli.

Every incumbent is expected to run for re-election. Newcomers trying to oust the incumbents include attorney Thomas P. Boyd for city attorney; Michael McLean, construction foreman and general contractor, for city councilman, and C. Roy Calder, bank analyst, for the board of education.

New names are being mentioned almost daily as possible aspirants, but they are not yet definite.

Quentin School Board Asks To Keep Tax Rate

Voters of the San Quentin School District will be asked to continue this year's general purpose tax rate limit of $1.30 for an indefinite period, announced Joseph R. O'Brien, clerk of the district's board of trustees.

This year's total tax rate of the district was $1.46 per $100 assessed valuation.

The tax rate proposal was placed on the ballot of the May 19 trustees' election at the San Quentin trustees' February meeting. The district's voters will be balloting at the same time for a successor to Mrs. Evelyn Johnston on the three-member school board.

Mrs. Johnston, whose term would expire June 30, submitted her resignation by letter to the board. The board will take official action on the resignation at its March 10 meeting, scheduled for 7 p.m. at the San Quentin School.

Mrs. Johnston left Friday for Salinas. Her husband, prison correctional counselor George Johnston, has been assigned to Soledad State Prison.

O'Brien said the San Quentin District found its revenue dropping in the 1956-57 school year when it lost taxes from the privately operated ferries which were replaced by a publicly-owned bridge.

With a higher tax rate, the district has been able to pay back a $500 loan from the county.

"We think we should try to build up our reserve," explained O'Brien, arguing in favor of continuing the $1.30 general purpose tax limit.

WIRE NEWS BRIEFS From Everywhere

Police In Race Row

DETROIT (AP) — Police Commissioner Herbert W. Hart today blamed discontent for a slowdown by police.

One factor, he said, was objection to integration orders planning to put white and Negro officers in the same car.

Police issued only 60 tickets yesterday to motorists who failed to have new car plates after the Saturday midnight deadline. The normal number of tickets for the first day after expiration is 800.

The commissioner said any policeman neglecting his duty will be suspended.

The Detroit News quoted one patrolman as saying, "integration is the big beef."

Other patrolmen complained of low pay.

U.S. Seeks Death Ray

WASHINGTON (UPI)—The Defense Department has begun studies that could lead to development of a "death ray" and other revolutionary weapons for defense against ballistic missiles.

Several exploratory research contracts will be awarded with the aim of coming up with an entirely new defense system against missiles in the 1970's.

An official of the Defense Department's Advanced Research Projects Agency said the contracts basically will be "hunting licenses" for industrial and university laboratories to try to devise an almost fool-proof defense against ballistic missiles.

He conceded, however, that "no one now can see a clear way to a total defense."

Comic In Hospital

PASADENA (AP)—Film comedian Mischa Auer, 53, was reported in "improved condition" today at a Pasadena hospital. He was hospitalized after suffering a mild heart attack Friday.

House Explodes

CHICAGO (AP)—An explosion literally blew a house to pieces yesterday.

First there was a jarring blast. Then, as a neighbor related, "bricks and glass and cement were flying all over." Finally, there was an oblong hole in the ground—the basement—filled with debris.

The 1½-story brick house on the Northwest Side was the home of the Gaimari family. Doris Gaimari, 34, estranged from her husband, Alfred, 36, was at work in a candy shop.

Her two children, John, 13, and Therese, 11, were at movies. Her husband was restrained from going to the home.

A search of the rubble yielded no bodies or any clues to the cause of the blast.

Solar Satellite Delayed

CAPE CANAVERAL, Fla. (AP)—Army missilemen went back to work on their lunar probe rocket today after failing last night to launch a satellite, intended to shoot past the moon and into a solar orbit.

The 76-foot rocket, Juno II, stood poised in floodlights for a half hour and the firing crew had progressed to within minutes of target time when the shoot was postponed. No reason was given officially, but it was learned that a power failure caused the decision to scrub.

Another effort could be made tonight, tomorrow or Wednesday while the moon is in favorable proximity to earth, 221,000 miles away.

U.N. Patrol Fired Upon

GAZA (UPI) — A United Nations Emergency Force spokesman said Israelis opened fire on a U.N. patrol across the Arab-Israeli demarcation line south of Gaza last night.

He said members of the U.N. force did not return the fire and there were no injuries.

Contruction Booming

WASHINGTON (UPI) — The government reports that spending on new construction last month hit an all-time high for February of $3,500,000,000 dollars.

Construction outlays for the first two months of this year totalled more than $7,100,000,000, also setting a new record high for the January-February period, the Commerce and Labor Departments said.

Burglar Steals Penny

HERMOSA BEACH (AP) — A burglar kicked in a $500 plate glass window here last night to steal a penny—a rare 1909 Lincoln head valued by collectors at $50.

3 Still In Spandau

BERLIN (UPI)—Russian troops in fur caps and heavy winter coats took over guard duty from the French at the four-power Spandau Prison yesterday.

Spandau originally held seven top Nazi war criminals, but four have been released. The remaining three are Hitler's deputy, Rudolph Hess, who is serving a life term, and Nazi munitions minister Albert Speer and Nazi youth leader Baldur Von Schirach, who are serving 20-year sentences.

Insurance Honor

Richard H. Finn of 255 Cecelia way, Mill Valley, recently was awarded a certificate of proficiency for his work in insurance programming. Finn is employed in the San Francisco office of Mutual of Omaha and United of Omaha.

Youngsters Search Rubbish For Old Hypos

Four 13-year-old San Rafael youngsters found rummaging in garbage cans behind the Keiser Foundation clinic at 1930 Fourth street said, "we come down to pick up the old hypos," when asked what they were doing.

Jeannette Fowler of 10 Stone court, San Anselmo, reported the incident to San Rafael police on Saturday afternoon. Officer A. M. Newman turned up eight needles and syringes from the cans.

SAFE DRIVING TIP

Rush hour driving requires extra patience as well as skill.

Rush hour crowds, boarding and unloading, force bus drivers to use leapfrog tactics in many cities. Resulting turnouts, says the Chicago Motor Club, cause jams among passenger car traffic moving in the center lanes.

The motorist faced with a quick decision either may yield gracefully to the bus or crowd into the next lane and attempt to maintain his pace. This crowding could cause an accident. Good drivers avoid taking advantage of other motorists.

San Rafael High Pool Rates Rise

You'll be able to swim seven days a week again this summer in the San Rafael High School pool. But it will cost you five cents more for admission.

That decision was reached by the San Rafael Recreation and Park Commission last week. Because of increased cost of pool operation, admission prices will go up five cents in each category. Those under 12 will pay 15 cents instead of 10; those 13 to 18 will pay 25 cents instead of 20; adults must pay 40 cents instead of 35.

Recreation Director Joseph Rodota said that the free family nights twice a week will continue as in the past. On Tuesday and Thursday evenings, families will be allowed into the plunge free. Rodota said he also hopes to have more instructional swim classes, including a new class for adults this summer.

LAW IN ACTION

Courts Can Decide If You're A Nuisance

(This column, prepared by California lawyers, appears regularly in the Independent-Journal.)

A "nuisance" refers to what a person does on his own place that interferes with others' enjoyment of life and home.

A private nuisance such as a spite fence, noises, or smells may affect only a few people. Other things like polluting water may hurt the public as a whole. The law defines most such public nuisances as misdemeanors or minor criminal offenses.

WHAT IS IT?

What is offensive? What interferes with the comfortable enjoyment of life or property? It depends; for an annoyance to become a "private" nuisance, interference must be quite substantial and unreasonable like dumping dust and waste on one's land, blasting dynamite and shaking nearby property, or causing smoke or fumes to enter one's property.

Things which disturb one's peace of mind can cause a private nuisance such as fear of injury from stored explosives or a fire trap building near by. All these things interfere with one's "personal enjoyment."

An annoyance must be quite substantial, not trivial or due to one's peculiar sensibility.

In life today one must expect some disturbances in some places depending upon whether you find them in a residential, urban or rural area.

A person whose comfortable enjoyment of life or property has been invaded can sue the offender for damages. He can also have a court prohibit further nuisances under pain of contempt of court penalties.

BALANCING JOB

Before declaring something a nuisance, the court may "balance the equities." After all, the person causing the annoyance has some rights on his own land. In one California case a big smelter which hired many people, smoked up a neighborhood. Yet the court thought the hardship of stopping the smoke and soot would outweigh the annoyance of the persons who had complained.

If the smoke and soot could have been stopped with ease, or if the neighbors had suffered greatly, the court might have called upon the factory to "abate" the nuisance, or even close up shop.

INCOME TAX FACTS

Sickness Benefits Are Not Taxable

By PETER J. WIKEL, CPA

Did you receive benefits for accident or sickness, or were your wages continued for the period that you were off work because of sickness or accident?.

Peter J. Wikel

If so, the amount you received because of accident or sickness, if received from an insurance company where you paid the premiums either directly or through payroll deductions, is not taxable income.

The amount you received because of accident or sickness where your employer paid the premiums to the insurance company, or where your employer himself paid your wages while you were off sick, is not taxable income up to the first $100 per week you received after the first seven days you were off. If you were in a hospital for any day while you were off sick, then no part of the amount you received, under $100 per week, is taxable. If you were off because of personal injuries, then the seven-day waiting period does not apply.

If you have received more than $100 per week, the excess over $100 per week is taxable income to you, but only if you did not pay the premiums to the insurance company, or if your employer is simply continuing your wages. If you paid the premiums on the insurance yourself directly, or by having them withheld from your pay checks, then no part of any amounts that you receive as sickness or accident benefits are taxable income.

If you receive medical expense reimbursement, then you cannot deduct as medical expenses the bills that were reimbursed.

If you deducted medical bills in a prior year, and this year receive reimbursement for them, then you should include the reimbursement in your income, but only if the deduction in a prior year gave you a tax benefit.

Where your W-2 slip includes payments to you which are not taxable because they are benefits for sickness or accident, or are wages paid while you were off work due to sickness or accident, as above, you enter the total amount of your wages on line 5 of the tax return and then deduct the tax free amount on line 6.

Be sure to attach a detailed statement to your tax return showing how you figured this. When you were off — what happened, if you were in the hospital, etc.

Better still, get a form 2440 from the Internal Revenue Service and use it.

Fairfax Youth Council Planning Thrift Shop

The Fairfax Youth Activities Council has ended a seven-month hibernation with plans to open a "thrift shap" of discarded articles and to operate a clearing-house of summer jobs for Fairfax youngsters between the ages of 12 and 16.

The eight members who attended a meeting last Thursday decided not to disband the council. They scheduled their next meeting for March 31 at 8:15 p.m. at Fairfax Central School, when action will be taken on the proposed thrift shop which the council hopes to set up in a Fairfax store and staff with teen-agers.

Proceeds would be funneled into the Fairfax recreation program. The group plans to use a $311 treasury to get it going.

Also scheduled for the March 31 meeting is election of officers. Albert Lourdeau was nominated for president; Mrs. Shirley Glasser, vice president; Don Maloney, recording secretary; Mrs. Jean Secchitano, corresponding secretary, and Mrs. Dorothy McGlothlin, treasurer. Nominations will be accepted from the floor at the next meeting.

Membership is open to anyone aged 12 or over living or having a business in Fairfax.

Mrs. Secchitano said the Youth Council hoped to find a merchant who would offer space for the thrift shop. It would probably be open one day a week. She said it would make a good headquarters for the 12 to 16-year-olds' employment bureau.

IN EVERY ENVELOPE, A HOPE

Tim Cain of San Anselmo, Marin's 1959 Easter Seal child, and Pamela Schmidt of San Rafael, Easter Seal child of last year who now can walk without crutches, know what the contents of the many bunches of envelopes can mean. The envelopes contain Easter Seals, which went in the mail Friday to residents throughout Marin County. The 1959 seal sale campaign was "kicked off" with a luncheon at Bob's in Marin this noon hosted by the Toyon unit of Friends of Arequipa.

SEASON STARTING

Persuasion Keynotes Polio Drive

NEW YORK (UPI) — The 1959 polio season is beginning and public health authorities are resolved to do their very best to take millions of Americans by the hand and lead them, as gently as possible, up to needles containing the Salk vaccine.

This year personal persuasion is going to be used on the indifferent or unknowing ones who are spoiling science's dream of wiping out paralytic polio. Last year the authorities depended on routine information-dispensing and self-interest to send people to the needles on their own.

FIVE EPIDEMICS

That didn't work, and polio staged a comeback for the one reason that not enough people had been vaccinated against it. There were epidemics in five states.

This summer, the authorities are determined, there will be no epidemics. But to assure that, millions must be vaccinated. To bring that about, emissaries of the U.S. Public Health Service and of the National Foundation, the March of Dimes organization which produced the vaccine, are now busily organizing local and state public health and civic groups into a fused national campaign.

OVER-ALL PLAN

The over-all campaign plan was worked out at a conference sponsored by the Public Health Service during the winter. The reasons why the 1958 vaccination campaign had fallen so far short of its goal were scientifically analyzed. It was apparent that large segments of the population had not been reached.

These were the segments which had somehow remained unaware of the polio-vaccine score or who felt polio was a disease only of children and so couldn't affect them, or who simply were not interested. The question was, how to get to these segments?

THE ANSWER

The answer, the experts felt, was to apply social pressure—to take them by the hand and lead them.

This can be done through churches and social and business organizations. The idea is both to educate and to make it uncomfortable for individuals to be indifferent about the polio menace.

What disturbs public health authorities is that out of a total population of 175 million, only about 77 million have had one or more shots of the Salk vaccine. Even more disturbing is the fact that of children younger than 6, about one-third have not had even one shot.

Organ Music Concert Set In San Rafael

A concert of organ music will be played by G. Franklin Morris at 8 p.m. tomorrow at St. Paul's Episcopal Church, Mission avenue at Court street, San Rafael.

The concert will be in connection with a meeting of the American Guild of Organists at the church. Morris, who is St. Paul's organist, will play Bach's "Prelude and Fugue in E Minor" and the first movement of Rheinberger's "Sonata in A Minor."

The St. Paul's Junior Choir, composed of boys and girls 9 to 14 years old, will participate in a service of choral evensong preceding the recital, and following the service will sing selections appropriate to the seasons of Advent, Christmas, Lent and Easter.

Rev. Henry B. Getz, rector of St. Paul's, will be officient.

The business meeting of the Redwood chapter of American Guild of Organists will be held after the recital.

Detroit has 17 foreign language newspapers.

Some Americans Visit Red China Despite Ban

TOKYO (UPI) — Some Americans are visiting Communist China despite the strict U.S. State Department order against such visits.

These visits are being made almost unnoticed outside of the "Bamboo Curtain" but with much fanfare on the China mainland.

And these visits come in spite of the fact that there are Americans still held prisoner by the Communist government in Peiping.

The latest Americans receiving red carpet treatment by the Chinese are prominent American Negro scholar and educator Dr. William F. B. DuBois and his wife, Shirley Graham.

Du Bois and his wife, both of whom are members of the World Peace Council, have been meeting the top Communist Chinese leaders since they arrived in Communist China earlier this month.

Another American believed to be in China is Frank Coe, who was one time prominent as secretary of the International Monetary Fund and an official of the U.S. Treasury Department.

A third one-time prominent American is writer and journalist Anna Louise Strong, who now calls Peiping her home.

In contrast to the wide publicity and newspaper headlines given when other Americans visited Red China in defiance to the State Department ban, these people have gone behind the Bamboo Curtain so quietly that few knew they were there until their presence was reported by the Communist press or radio.

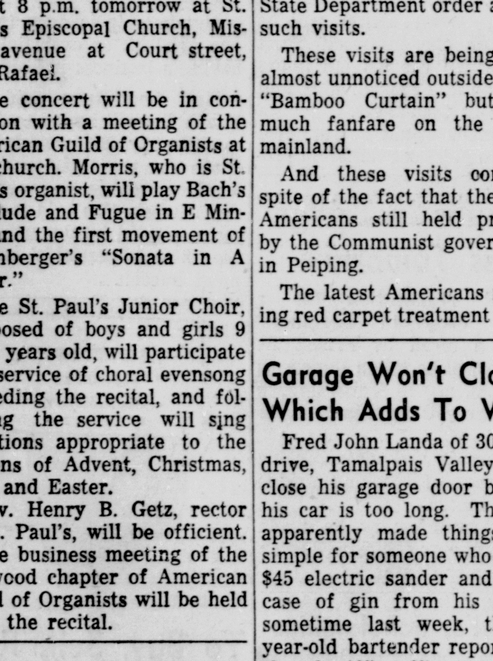

Garage Won't Close—Which Adds To Woes

Fred John Landa of 303 Ross drive, Tamalpais Valley, can't close his garage door because his car is too long. This fact apparently made things very simple for someone who took a $45 electric sander and a $60 case of gin from his garage sometime last week, the 40-year-old bartender reported to the sheriff's office on Saturday.

Electric Shavers Stolen

Three electric shavers worth $58 retail were taken from the Montgomery Ward and Co. store in San Rafael, reported Allen Ray Trusdell, assistant manager, on Saturday afternoon. He told San Rafael police the theft from an appliance showcase must have occurred between 11 a.m. and 3 p.m.
